*Proceedings of the Madras Government, Public Department,
18th July 1871.*

No. 175. Read the following letter from the Acting Collector of Trichinopoly, to the Acting Chief Secretary to Government, Fort St. George, dated Trichinopoly, 25th April 1871, No. 23:—

Adverting to the Proceedings of Government, No. 436, under date the 31st ultmo, I have the honour to submit revised estimates*

* A., B., C.
of receipts and charges for the proposed Municipality
at Srirungam with a Notification to be published in the *Port St. George Gazette*,
prepared with reference to Act III. of 1871.

2. I have made the estimates for eight months only for the current official year, as, if Government decide on extending the Act to Srirangam at once, the provisions of the Act will not take effect until three months after the date of the Notification.

No. 176. ORDER THEREON, 18th July 1871, No. 1108.

With the foregoing letter, the Magistrate of Trichinopoly submits estimates of receipts and disbursements, draft notification defining the boundaries, and a list of proposed Commissioners for the Municipality to be established under Act III of 1871 at Srirungam.

2. The estimate of receipts is said to be framed for the year ending 31st March 1872. The Government presume that this is a clerical error. The President states that the estimates are framed for eight months, but the Act cannot be brought into force before the 1st November next, and five months' taxes only can be levied. The estimated receipts and expenditure are shown below :—

3. The receipts and charges from 1st November will be less than here shown; but the Government sanction the proposed taxes and objects of expenditure.

*Proceedings of the Madras Government, Public Department,
18th July 1871.*

4. The limits recommended appear from the map to be very extensive and to include a large extent of land not occupied by houses. It is observed, however, that this area includes scattered hamlets which are probably thronged during festivals, and which ought, therefore, to be brought under sanitary regulation. Mr. Cadell was inclined to include the whole island or at least the portion west of the trunk road. The proposed limits are accordingly sanctioned, and the annexed Notifications will be issued.
