Proceedings of the Madras Government, Public Department,

10th August 1871.

No. 37. Proceedings of Government, dated 10th August 1871, No. 1220.

The Government have noticed some advertisements calling for applications for appointments as Managers under Local Fund Boards on considerable salaries.

2. The Government resolve to point out to all Local Fund Boards that the scales of establishment to be entertained by them require the sanction of the Governor in Council, and consequently that the step of calling for applications for appointments on Local Fund Establishments before sanction of Government has been obtained was premature.

3. The Government also think it desirable to intimate to all Local Fund Boards that they consider that no administrative establishments on any but the smallest scale will be required by the boards; and that they will refuse to sanction establishments the necessity of which is not clearly demonstrated. Proposals tending to relieve the Collectorate establishments of work now done by them in connexion with local funds must be discouraged by the Board of Revenue; and the Government do not anticipate that, for the present, more will be required than one or two Clerks to keep the minutes of proceedings.

a rule to be made
about office establish-
ments of C & Bd (-
member & salary each)
but Govt refused.

What a manager
on R 100 ^{a month} ~~can be~~ (to me)
can be wanted for I
don't know, but if the
Local Fund is to be for-
feited away like this
it will be a bad thing

for the Presidency.
One clerk in R 50
a month, I think, would
be a sufficient office
establishment for the whole
district, the work will be
wanted still, for the
Dep Coll's work is not
diminished.

Yours very truly

The preliminary steps
to bring the Local Funds Bill
into operation, now requires
a very great deal of
time & attention. The work-
ing of this Bill will en-
tail, I can see, an enormous
amount of labor on Col-
-lectors, and it is of vital
importance that the Estab-
-lishment that is to be
maintained for the purpose
should be thoroughly
efficient.

In some Districts
already mentioned are
being sought for where
salary is to be \$150
month - and in this district
we shall before long be
looking out for such an
Officer. It has occurred to
me that we have in
Major Williams, whose off-
ice of Brigade Major here
is just drawing to a close,
the very man we require.
The working of the local
fund act is exactly the
sort of thing that suits
him. It is universally ad-
mitted that he was the
main spring of the Commi-

sioning that fund ^{to}
which ~~pro~~ for the town.
The work to be done in con-
nection with the local
fund act will be, in
many respects, identi-
cal with Municipal busi-
ness. The question is,
how can his services be
retained? - In the in-
terest of this town,
& the extension of the Com-
municipal Operations Major
Williams takes the keenest
interest, & he has told
me that he greatly re-
grets having to leave
the place where so
much remains to be
done.

and he would be very
willing to do this.
kind of success he would
not stop for nothing - he
is sure to get something - he
stays at it, and we should
have to make it worth
his while to remain.
I think this might be
managed easily - and in
this wise - as the Presi-
dent of the Municipality
let him receive from
Municipal Funds a fixed
Salary (This Municipality
is the wealthiest & largest
in the Presidency, and
could afford it) and

let him be ~~appointed~~
of the Local Fund Office
on a salary, and conduct
the office business -
he would, giving his whole
time & attention to it,
do the work admirably
for he is by nature dis-
posed for such employ-
ment, & is also very zealous
& hard working. - If he
between the two appoint-
ments, his salary was
fixed at Rs 400 a month
I fancy he would be
very willing to remain
here - for he would have

~~and~~ Staff Corps Officer
~~provided for~~ and
This Disb would be for-
tunate in securing the
services of a man who
seems specially cut-out
for the work I propose
to give him. -

Will you kindly let me
know whether, in the
event of my coming
up with a proposition
of this kind for me
will be disposed to
receive it favorably.

13
I shall be glad to
hear from you soon
on this point.

Yr very sincerely

Proceedings of the Madras Govt.

Resoluted 27.10.1871. No. 1220.

The Government have noticed some advertisements calling for applications for appointments of managers under local fund boards on considerable salaries.

The Resolution for the part of local fund managers was cancelled by a subsequent notice in the Fort St. George Gazette in consequence of the following reasons.

J. D. S.

2. The Government resolve to point out to all local fund boards that the scales of establishment to be maintained by them, ~~local fund~~ boards require the sanction of the Governor in Council, and consequently that the step of calling for applications for appointments on local fund establishments before the sanction of Govt. has been obtained was premature.

3. The Govt. also think it desirable to intimate to all local fund boards that they consider that no administrative establishments on any but the smallest scale will be required by the boards; and that they will refuse to sanction establishments the necessity of which is not clearly demonstrated. Proposals tending to relieve the Collectorate establishments of work now done by them in connexion with local funds must be discouraged by the Board of Revenue; and the Govt. do not anticipate that, for the present, more will be required than one or two clerks to keep the Minutes of Proceedings -
