Proceedings of the Madras Government, Public Department,

16th August 1871.

No. 59. Read the following letter from the Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce (Meteorology), to the Secretary to Government, Fort St. George, dated Simla, 24th July 1871, No. 15:—

In continuation of the Circular from the Home Department, Nos. 29—38, dated the 31st January 1871, I am directed to forward, for information and guidance, the annexed extract (paragraph 5) of a Despatch from the Right Honourable the Secretary of State, No. 14, dated 18th May 1871, prescribing the mode in which annual meteorological reports should, in future, be forwarded to England.

2. I am to request that these orders may be punctually observed, and that three copies of each report may be separately forwarded to this office as early as possible after issue for transmission to Her Majesty's Government.

Extract (paragraph 5) from a Despatch from the Secretary of State for India, to the Government of India, dated India Office, London, 18th May 1871, No. 14 (Geographical).

Paragraph 5.—I have to request that, in future, the annual reports of the Meteorological Reporters to the different Local Governments may be transmitted to me, in this Department, with a covering Despatch. Hitherto the Bengal and Punjaub Reports have been received in a separate form, but I have only seen that for the North-West Provinces in a volume of selections or in the Reports of the Sanitary Commissioners. I desire that it may also be transmitted regularly, with those for Bengal and the Punjaub, in triplicate. Copies of the observations taken at the Surveyor-General's Office at Calcutta are regularly forwarded every month.

No. 60. ORDER THEREON, 16th August 1871, No. 1248.

Communicated to the Meteorological Superintendent, Madras, who will furnish six copies of his annual reports for transmission to the Secretary of State and to the Government of India.

(True Extract.)

Captain, R. E.,
Under Secretary, P. W. D.,
for Chief Secretary.

To the Meteorological Superintendent, Madras.
