*Proceedings of the Madras Government, Public Department,
16th August 1871.*

No. 53. Read the following letter from the Acting Secretary to the Board of Revenue, to the Acting Secretary to Government, Revenue Department, Fort St. George, dated Madras, 15th July 1871:—

I am directed to state that the Board have carefully re-considered their Proceedings of the 16th March 1871, No. 1168, with reference to the Local Fund Rules as directed in Government Order, dated 12th July 1871, No. 1206.

2. The Rules diminish the Board's work but to a very slight extent and in only one respect. They transfer the audit of road funds expended by agency other than the Department of Public Works to the Controller of Public Works' Accounts.

3. The Road Fund audit work has not been heavy. The total Road Fund expenditure of the year 1869-70 was Rupees 24,06,579, but the portion of it expended by the Revenue Department, and therefore audited by the Board, was only Rupees 3,31,865.

4. The Rules and the Act increase the work of the Board in several ways:—

1st.—The funds to be collected, controlled, allotted, transferred, expended, and reported on will be about Rupees 43,00,000* (exclusive of endowments of choultries, &c., given up to Local Fund Boards) instead of Rupees 24,27,500 as in the past year.

2nd.—The Budgets, Supplemental Budgets, and Incomplete Lists will contain two entirely new parts, viz., Union Funds and Endowment Funds, and there will be thirty-six of each instead of twenty. A new condition is to be observed, viz., that 25 per cent. of the road fund collected in each taluq is to be expended therein; the charges for Department of Public Works' supervision and controlling Establishments will have to be distributed by the Board amongst thirty-six circles.

3rd.—It is left to the Board of Revenue to advise on applications of Local Fund Boards to undertake work requiring engineering skill independently of the Department of Public Works, and on differences of opinion between Presidents and the Local Fund Boards.

4th.—It is left to the Board to pass or reject indents for medical stores.

5th.—The Board will have to conduct the correspondence connected with the roads hitherto classed as Imperial, which are now placed under the control of the Local Fund Boards.

6th.—New registers of estimates and allotments of funds will have to be kept for Union and Endowment Funds.

7th.—Appropriations on account of contingent charges of the union funds above 50 Rupees, and expenditure in excess of the sanctioned estimate for the teaching staff must be sanctioned by the Board.

8th.—Thirty-six annual Local Fund Reports will have to be reviewed instead of twenty.

9th.—The monthly divisional statements of objectionable items from the Controller of Public Works Accounts, which have hitherto exhibited only Local Fund Works, will, for the future, embrace also imperial roads and works appertaining to Union and Endowment Funds.

*Proceedings of the Madras Government, Public Department,
16th August 1871.*

5. The Board have now given details as to the manner in which their Local Fund work is about to be reduced or increased, and they can only repeat what is stated in their letter of the 13th June 1871, No. 2386, viz., that the reduction is *nothing* compared with the increase.

6. The Board are confident that after this explanation, and with the facts which are detailed in Board's Proceedings, 16th March 1871, No. 1168, before them, Government will admit that a Manager on Rupees 400 a month with six Accountants on Rupees 485, a Clerk on Rupees 25, a Moochee, an Attender, and two Peons, will be a moderate establishment for the control and management of Local Funds.

Transferred to the Public Department.

No. 54. ORDER THEREON, 16th August 1871, No. 1242.

The Government, under Section 28 of the Madras Local Funds Act, sanction the entertainment, from the 1st September 1871, of the establishment proposed by the Board of Revenue, to enable them to carry on the superintendence of the operations of the Local Fund Boards. The cost will be Rupees 944 per mensem or Rupees 11,328 per annum, and the average circle charge per annum will be Rupees 314-10-8. The establishment will, of course, supersede that now employed in the Board's Office and paid from local funds.

944. Special remarks. The salary paid to the
the manager, which may vary according to his in-
terested that the efficient would get some fair
bonus will to a great extent depend upon the thoroughness of the
superintendent. It would be bad policy to refuse them the extra bonus
they ask for. A reduction would put on the any appreciable difference.
