*Proceedings of the Madras Government, Public Department,
26th August 1871.*

No. 147. Read the following letter from the Government Astronomer and Meteorological Superintendent, to the Chief Secretary to Government, Fort St. George, dated Madras Observatory, 18th August 1871:—

I have the honour to inform you with regret that no telegram has yet been received from the Astronomer Royal with reference to the departure of the Assistant Government Astronomer to England, to undergo the requisite training in celestial photography for the eclipse observations in December next. As the Astronomer Royal has expressed his intention to send out the necessary apparatus for the occasion, and I feel quite certain that no ordinary professional, nor indeed any untrained person would be likely to succeed in obtaining celestial photographs under such difficult circumstances as during a total eclipse of the sun, I think there is little doubt but that the Astronomer Royal will approve of the arrangements proposed to, and sanctioned by, Government in the Proceedings of the Public Department, dated 8th July 1871. It appears also pretty certain that, instead of a telegraphic reply, we may now expect to await our answer by the ordinary post due here on the 27th instant. This would leave so few days before the starting of the next steamer that I think it advisable to take the precaution of requesting sanction for the advance of the necessary funds to defray the expenses of a return first-class passage to England by the first Peninsular and Oriental Steamer in September, and the reasonable travelling and other requisite charges in England. From inquiry of the Peninsular and Oriental Steam Navigation Company's Agent, I find that the cost of the return passage is Rupees 1,230. Personal allowances including railway fares to and from London, and, if time permits, to Liverpool and Edinburgh also, to inspect the time-gun arrangements at each place, and cash purchases of necessary chemical and minor instrumental appliances would probably amount to not less than Rupees 500 or Rupees 600 more; but, to obviate all possible difficulty, an advance of a lump sum of Rupees 2,000, the balance to be accounted for on return, would be the most simple course to adopt. This, of course, includes the passage-money and all other absolutely necessary expenditure, upon the supposition that the Assistant Government Astronomer's salary will not be payable until his return, as in the case of privilege leave.

2. I should be glad to be informed whether the passage is to be taken by me, or to be applied for through the Master Attendant.

3. The unsuitable meteorological instruments, which it was proposed to exchange with Messrs. Negreth and Zambra for others adapted to the wants of the Meteorological Department, will, of course, be packed ready for an immediate start.

No. 148. ORDER THEREON, 26th August 1871, No. 1315.

The Government authorize the Accountant-General to make to the Government Astronomer the advance of (2,000) two thousand Rupees for which application is made in the letter above recorded.

*Proceedings of the Madras Government, Public Department,
28th August 1871.*

5. The total number of out-door paupers relieved amounts to 2,665, giving a monthly average of 222, against 227 persons in the previous year, and showing a decrease of five persons in this class.

6. The number of in-door paupers on the 1st April was seven.

7. Among the recipients of cooked food, there were five deaths and eleven admissions.

8. There was one death among the raw-rice recipients and two among the money-recipients during the year ending with 31st March 1871.

9. A sum of Rupees 3,700 received from the Famine Relief Fund Committee, ^{* Vide G. O., 20th July 1871, No. 1141, P. D.} supplemented by a grant of Rupees 1,620* from Government, will be expended on a new building in course of erection in Chepauk. This asylum will afford shelter to sixteen destitute and decrepit people of the Mussulman caste, for the most part residents of Triplicane.

10. The Deputy Commissioner, Mr. T. Ramachendra Row, has given his time and attention to the superintendence of this charity during the past official year, and I have every reason to believe it has been economically and successfully managed.
