*Proceedings of the Madras Government, Public Department,
29th August 1871.*

Read the following papers:—

No. 149. From the Acting Civil and Session Judge of Bellary, to the Chief Secretary to Government, Fort St. George, dated Bellary, 1st August 1871, No. 10.

I have the honour to enclose copy of a letter from the Acting Superintendent of Stationery regarding the supply of quills and steel-pens for the use of the Civil and Moonsiff's Courts of this Zillah for the official year 1871-72, and to request you will obtain the sanction of His Excellency the Governor in Council for an additional supply of quill-pens in lieu of the steel-pens which I desire to return to the Stationery Office. The indent for stationery required during 1871-72 shows that 2,606 quills and 200 steel-pens were indented for, the latter being required solely for the use of the English Clerks of this Court. But the Superintendent of Stationery has sent 1,002 quills and 1,002 steel-pens instead of the quantity indented for. The steel-pens are of no use to Vernacular Clerks, and I, therefore, request that, under the circumstances, the Superintendent of Stationery be ordered to supply this Court with 1,604 quills in lieu of 802 steel-pens sent by him in excess of the quantity indented for.

From the Acting Superintendent of Stationery, to the Civil and Session Judge of Bellary, dated Fort St. George, 24th July 1871, No. 222.

With reference to your letter, dated 18th July 1871, No. 124, I have the honour, in reply, to state that the Registrar of the High Court, Appellate Side, was informed that quills and steel-pens upon his general indent would be issued to the several Mofussil Courts in the proportions sanctioned by Government—see Notification in page 105 of the *Fort St. George Gazette* of 20th July 1869.

2. The Stationery Office has no alternative but to comply with the Order of Government, and I would suggest your obtaining the sanction of Government for your Court being dealt with exceptional to other Mofussil Courts and Public Offices.

No. 150. From the Acting Civil and Session Judge of Bellary, to the Chief Secretary to Government, Fort St. George, dated Bellary, 19th August 1871, No. 12.

In reply to your Memorandum, No. 214, dated 15th instant, I have the honour to annex a tabular statement of the monthly expenditure of quills and steel-pens. There are no Accountants, either English or Vernacular, in this Department. The expenditure of quills and steel-pens for one year amounts to 3,792 and 288 respectively. The number of quills expected on the date of the indent (12th October 1870) to remain on hand on 31st March 1871 was estimated at 1,362, and the number required during 1871-72 at 2,606, total 3,968 for the whole year's consumption. No steel-pens were expected to remain on hand on 31st March 1871, and the number indented for was 200 instead of 288. From this it will be seen that 176 quills were indented for in excess of, and 88 steel-pens less than, the actual number required, one steel-pen being equivalent to two quills.

Proceedings of the Madras Government, Public Department
29th August 1871.

No. 151. ORDER THEREON, 29th August 1871, No. 1320.

It appears from the second of the letters above recorded, and the statement received with it, that the Civil and Session Judge of Bellary provided in his annual indent for four quills each for the Sheristadar, Moonsiff, and Vernacular Clerks, &c., instead of two quills and four steel-pens each, as laid down in the Order of Government, dated the 13th July 1869, No. 949, and in the Notification published at page 105 of the *Fort St. George Gazette* of the 20th idem; that he further reduced the number of steel-pens required from 288 to 200, and increased the number of quills from 3,792 to 3,968.

2. As steel-pens are not adapted for Vernacular Clerks, the Government resolve to sanction the larger number of quills indented for by the Civil and Session Judge, and direct the Superintendent of Stationery to supply that Officer with 3,792 quills and 288 steel-pens, as per particulars given in the statement above referred to.

3. The reduction in the prescribed number of steel-pens from 288 to 200, and the increase in the number of quills from 3,792 to 3,968, or by 176 quills, cannot, for the reason stated in G. O., dated the 13th July 1869, No. 949, be sanctioned.

Sir,

With reference to your letter dated 18th July 1871, No. 124. I have the honor in reply, to state that the Registrar of the High Court Appellate side was informed that Quills and Steel pens upon his General Indent would be issued to the several Magistrate Courts in the proportions sanctioned by Government, see Notification in page 105 of the Fort Saint George Gazette of 20th July 1869.

2. The Stationery Office has no alternative but to comply with the Order of Government, and I would suggest your obtaining the sanction of Government for your Court being dealt with exceptional to other Magistrate Courts and Public Offices.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from the

Asst Civil & Session Judge of
Bellary, dated 10th/19th
August 1871, Nos 10 & 12.
Gotacumund

Order Number 29 dated 28th/20th 1870.

It appears from
the records of the letters
above recorded, and the
statement received with
it, that the Civil & Session
Judge of Bellary provided
by his annual statement for
four quills each for the
Serisikadas, Kooniff, &
Vernacular clerks, &
instead of two quills &
four steel pens each, as
laid down in the orders of
Government, dated the
13th July 1869, No 949, & the
Notification published
at page 108 of the Fort
St. George Gazette of the
20th idem; that he further
reduced

reduced the number of
steel pens required from
288 to 200, and increased
the number of quills from
3792 to 3968.

2. As steel pens are
not adapted for Vernacu-
lar Clerks, the Government
resolve to sanction the
larger number of quills
indulged for by the Civil
and Session Judge, and
direct the Superintendent
of Stationery to supply the
Officers with 3792 Quills
and 288 Steel Pens as per
particulars given in the
Statement above referred
to.

3. The reduction in
the presented number
of Steel pens from 288
to 200, and the increase
in the number of Quills
from 3792 to 3968, or by 176 quills
cannot, for the reason
stated in G.O. dated the 13th
July 1869, No 949, be sanctioned.
