Proceedings of the Madras Government, Public Department.
29th August 1871.

No. 152. Read the following letter from the Acting President of the Municipal Commission, Calicut, to the Chief Secretary to Government, Fort St. George, dated Wandur, 4th August 1871, No. 25:—

I have the honour to report upon the working of the Municipal Commission in Calicut during the year ending 30th April 1871, and to forward the usual statements.

2. Taxes were levied during the year from all sources prescribed by the Act.

House-tax.—Tax from this source was collected for only eleven months of the year, because it was anticipated at the time when the bills were issued that the new Act would be brought into force on the 1st April.

Profession-tax, Carriage-tax, and Registration fee.—These were collected for the full twelve months of the year under report.

Tolls.—Although the levy of tolls was sanctioned for the whole year, they were leased out only for four months from December 1870, and the amount for which they were let was Rupees 793. On the 1st April the leases were renewed and re-sold for Rupees 5,070 for the year commencing 1st April and ending 31st March 1871.

3. The decrease in the amount realized from carriage-tax and registration fees is attributable to the fact that many owners of carts, &c., kept their carts outside municipal limits, preferring to pay the tolls on entering municipal limits to paying the registration fee, the bye-law enforcing payment of registration fee not being put in force.

4. The large increase under miscellaneous receipts is owing to the collection of fees on distress warrants having been credited in the account. The full particulars are given in the margin.

5. The total amount of income during the year, as per Statement C. enclosed, amounts to Rupees 35,554-0-8; this amount is composed of collections on account of 1870-71, the arrears of previous years collected during the year, and the balance of cash in hand on the 1st May 1870.

6. It will be seen from the Demand, Collection and Balance Statement that a balance of Rupees 2,826-2-1 on account of 1870-71 remains to be realized; of this Rupees 984-2-1 are house and paramba taxes, and Rupees 1,842 tax on arts, trades, and professions.

7. Of the arrears of Rupees 4,163-12-0,* which remained to be collected on the 30th April 1870, Rupees 3,188 were subsequently collected; Rs. 946-7-0 were written off as irrecoverable on account of death, departure, and poverty of the rate-payers; and Rupees 29-5-0 still remained to be realized on the 30th April 1871, of this sum Rupees 25 are irrecoverable.

* Balance as per last year's report (paragraph 5) is Rupees 4,150-3-0. The excess of Rupees 13-9-0 was caused by the Commissioners having directed Rupees 11-6-0 once remitted to be realized, and Rupees 2-3-0 assessment increased on appeal.

*Proceedings of the Madras Government, Public Department,
29th August 1871.*

8. The expenditure under different heads was as follows:—

New Works.—Under this head Rupees 1,995-9-5 were expended; of this Rupees 416-4-5 were for the construction of three latrines on the removal system commenced in last year.

Rupees 953-3-1 were expended in forming the two roads noted, Rupees 409-14-0 in building a bridge on Ballard Road, and Rupees 216-3-11 for drains and culverts.
Mangavil Road and Pier Road.

9. *Repairs.*—The principal roads and streets in the Municipality were repaired and kept in good order at a cost of Rupees 3,539-8-6.

Rupees 268-4-0 were spent in repairing bridges.

Rupees 285-12-0 were expended in cleaning drains and sundry works.

Rupees 483-12-6 were spent in the purchase of tools. The total expenditure under this head was Rupees 1,577-5-0.

10. *Conservancy.*—Roads, streets, and lanes were swept and kept clean by the Municipality. There were twelve carts, with a sweeper attached to each, employed in this work.

In addition to the above, the Commissioners have also employed twenty-four sweepers to work in the lanes which are inaccessible to carts. Seven toties were employed in removing excreta from the public latrines. The principal work of the Overseer was to superintend the working of the conservancy establishment, prosecute persons for breaches of bye-laws, and superintend execution of all works.

The number of persons vaccinated during the year was 817, of which 648 were successful.

Rupees 60 were expended in cleaning and repairing a tank, exclusive of the value of stones given from the old jail buildings, and Rupees 32 were spent in purchasing dust-boxes, tubs for latrines, &c.

On the whole, the Commissioners are glad to state that the public health of the Municipality has been better than last year owing to the absence of any epidemic.

The expenditure under this head was Rupees 7,410-7-9.

11. *Police.*—Under this head Rupees 11,777-0-5 were expended; of this Rupees 3,977-0-5 were for 1869-70 and Rupees 7,800 for 1870-71. The actual Police charge for the year under report, as per Statement E enclosed, being Rupees 7,905-1-9, a sum of Rupees 105-1-9 is still due by the Commissioners, which will be paid as early as possible.

12. *Establishment.*—Under this head, Rupees 2,386-8-0 were expended. It will be seen that the charge is for thirteen months, as the pay due to the servants for the last month (April) was drawn on the 30th April and paid to them on the 1st May.

13. *Miscellaneous.*—Under this head Rupees 1,041-6-5 were expended; the particulars are given in the margin. The only item that calls for remark is the pay of extra peons. When tolls were let on contract, the Commissioners were not in a position to judge of the probable collections, and the amount for which they were first let was small. They accordingly entertained eight peons, on a salary of Rupees 7 per mensem, to count the

number of bandies and bullocks that passed through each toll-gate. A daily register was kept in the office. At the close of four months the total was struck, and the average thus obtained was fixed as the minimum price at the next sale, and the result was satisfactory.

14. *Government Contribution.*—The Commissioners drew Rupees 8,506-15-4 as State contribution; of this Rupees 1,506-15-4 was the balance due to the Municipality for 1869-70. The State contribution, if calculated on the receipts, is Rupees 7,472-4-1, and if on expenditure, Rupees 7,297-1-3 (*vide* Statement F. enclosed). The principle laid down in G. O., dated 16th August 1870, No. 1033, is to take the less amount. I have entered it in the Demand, Collection and Balance Statement as the demand, and request Government will order the payment of balance Rupees 297-1-3.

15. *Repayment of loan.*—The Commissioners have refunded Rupees 750, being the last instalment of the Government loan of Rupees 3,000.

16. *New Market.*—Under this head, Rupees 4,390-10-1 were expended; of this; Rupees 3,203-8-9 were for converting the two parallel wards of the old jail building into two rows of shops: a few of them are now rented at Rupees 3 each per mensem, and the rest, it is hoped, will be soon rented, but the situation does not appear at present attractive; Rupees 582-2-2 were expended in building butchers' shops and fish-stalls; Rupees 387-0-1 were spent in converting the office of the Jailer into a Sub-Magistrate's Cutcherry; and Rupees 211-15-1 in converting part of the old Jail into a Subsidiary Jail.

17. The accounts of the Municipality were audited by a competent gentleman unconnected with the Commission, and his report and statements are herewith submitted.

It will be seen that the accounts of the Municipality were kept in very good order.

From the Auditor of the Municipal Accounts, Calicut, to the President of the Municipal Commission, Calicut, dated 10th June 1871.

I have the honour to inform you that I have audited the accounts of the Calicut Municipality for 1870-71 as requested in your letter of 3rd instant, and now beg to submit my report on the same in accordance with the Order of the Madras Government, No. 1010, dated the 12th August 1870.

2. I examined all the entries in the Day Book, compared them with their corresponding vouchers, and found them correct. The summations were also checked and likewise found correct.

3. All the vouchers are regular, those for receipts being uniformly signed by the Agent of the Bank and those for disbursements by the President or Vice-President. All collections have been carried to the proper heads of account and remitted to the Treasury and the balance remaining to be realized in each register checked and found correct.

4. I beg to submit, enclosed, a statement of receipts and disbursements marked (A), compiled from the books of the Commission, showing a balance to credit on 30th April last of Rupees one thousand two hundred and one, Anna one, and Pies seven (1,201-1-7) which is correct—*vide* Treasury Deputy Collector's letter of 7th instant attached. Also is enclosed a statement of assets due the Municipality on that date marked (B), which, with the balance on hand, places a sum of Rupees four thousand and fifty-six, Annas eight, and Pies eight (4,056-8-8) at the disposal of the Commission for the current year. But from the collections an item of Rupees 37-11-6 must be deducted, being taxes collected in excess of the amount as shown by the register. This is accounted for by several parties having paid their paramba and profession taxes twice over, and which has to be refunded to them.

Proceedings of the Madras Government, Public Department,
29th August 1871.

5. Before concluding my report, I must testify to the accuracy with which the transactions in the different books have been recorded, and to the neatness and clearness with which the books themselves have been kept. The readiness with which Ramien, the Head Clerk, replied to my questions, and the explanations he afforded me on several matters, show that he is thoroughly master of the duties of his office.

No. 153. ORDER THEREON, 29th August 1871, No. 1321.

The marginal abstract exhibits the net receipts of the Municipal Commissioners of Calicut in the year 1870-71. The yield of current taxes, in which tolls are for the first time included, was Rupees 22,443-1-11. The tolls, though sanctioned for the whole year, were not levied throughout it, and hence the decrease as compared with the estimate Rupees 4,000. Including the arrears the gross receipts have fallen slightly below the estimate. The Government observe that the sum of Rupees 10, fines refunded, which the Commissioners have included with the

repayment of the Government loan, should be deducted from the gross sum received from fines; that the fines on conservancy establishment should be deducted from the cost; and that the unclaimed salaries, compensation, and surplus proceeds of attached property are deposits, and do not form part of the municipal fund. The necessary corrections have accordingly been made in the abstracts given in this Order.

2. The Government notice with regret the very large amount of the fees on distress warrants, viz., Rupees 1,370-11-0, which exceeds the still large sum, Rupees 892, received from this source in 1869-70, and which attracted the attention of Government when reviewing the accounts of that year. The arrears outstanding are, as usual, large, and amount to Rupees 2,855-7-1, of which all but Rupees 29-5-0 appertain to 1870-71. These facts seem to indicate that the collection of the taxes is attended with unusual difficulty. The issue of processes of distraint should be carefully watched in future.

3. With the exception of the cost of survey and Gazette subscriptions, which come under Section 29, the expenditure is correctly classified. The report states that Rupees 7,800 were paid for Police charges of 1870-71; but it would appear from the Police Superintendent's account that of this sum Rupees 1,200 were paid in June 1871; but as the amount is included in that shown in the statements, and as the balance accruing to the municipal accounts on the 30th April is certified to have been correct, the Government assume that the Police Superintendent's entry is a mistaken one. According to the accounts submitted for 1869-70, the

6. The Government assume that the Police Superintendent's entry is a mistaken one. According to the accounts submitted for 1869-70, the

Proceedings of the Madras Government, Public Department,
29th August 1871.

Commissioners owed for Police at the end of that year Rupees 3,960-4-9; and the cost for 1870-71 having been Rupees 7,905-1-9, the whole sum payable in the latter year was Rupees 11,865-6-6. Of this, Rupees 8,899-0-11 were payable directly by the Commissioners, and the excess is to be refunded.

4. The State contribution is to be struck on the expenditure, and, including the full Police demand, is Rupees 7,216-6-2. The Commissioners have drawn Rupees 7,000. Adding the sum credited to them for Police, and deducting the refund due to them, the net result is that a sum of Rupees 128-1-1 has to be paid to the Municipality.

5. The general working of the Act appears to have been beneficial. The expenditure on conservancy is of satisfactory amount. The Government presume that the returns of births and deaths are already in the hands of the Sanitary Commissioner.

The marginal abstract exhibits the net receipts of the Municipal Commission of Calicut in the year 1870-1. The yield of current taxes, in which tolls are for the first time included, was Rs 22,443-1-11. The tolls, though sanctioned for the whole year, were not levied throughout it, and hence the decrease compared with the estimate Rs 4,000. Including the arrears the gross receipts have fallen slightly below the estimate. The Govt observe that the sum of Rs 10, fines refunded

refunded, which the Com-
-missioners have included
with the repayment of the
Govt loan, should be de-
-ducted from the gross sum
received from fines; that
the fines on conservancy
establishment should be de-
-ducted from the cost; and
that the unclaimed salaries,
compensation and surplus
proceeds of attached property,
are deposits, and do not
form part of the main-
-cipal fund. The neces-
-sary corrections have ac-
-cordingly been made in
the abstracts given in this
order.

2. The Govt notice with re-
-spect to the very large amount
of the fees on distress war-
-rants - viz. Rs 1,340-11-0-
which exceeds the still large
sum, Rs 892, received from
this source in 1869-70, and
which attracted the atten-
-tion of Government when

reviewing the accounts of
that year. The arrears
outstanding are, as usual,
large, and amount to Rs
2,855-7-1 of which all
but Rs 29-5-0 appertain
to 1870-1. These facts seem
to indicate that the col-
-lection of the taxes is
attended with unusual
difficulty. The issue of
processes of distraint should
be carefully watched in
future.

3. With the exception of
the cost of survey and ga-
-zette subscriptions, which
come under section 29, the
expenditure is correctly clas-
-sified. The report states
that Rs 7,800 were paid for
police charges of 1870-1, but
it would appear from
the Police Superintendent's
account that of this sum

Rs 1,200 were paid in June 1871; but as the amount is included in that shown in the statements and as the balance accruing to the municipal accounts on the 30th April is certified to have been correct, the Govt assume that the police superintendent's entry is a mistaken one. According to the accounts submitted for 1869-70, the Commissioners owed for police at the end of that year Rs 3,960-4-9; and the cost for 1870-1 having been Rs 7,905-1-9, the whole sum payable in the latter year was Rs 11,865-6-6. Of this Rs 8,899-0-0 were payable directly by the Commissioners, and the excess is to be refunded.

4. The State contribution is to be struck on the expenditure, and including the full police demand is Rs 7,216-6-0. The Commissioners have drawn Rs 7,000 being the sum credited to them for police, and deducting the refund due to them, the net result is that a sum of Rs 128-0-0 has to be paid to the Municipality.

5. The general working of the Act appears to have been beneficial. The expenditure on conservancy is of satisfactory amount. The Govt presume that the returns of births and deaths are already in the hands of the Sanitary Commissioner.

No. 154. Read the following letter from the Inspector-General of Police, to the Chief Secretary to Government, Fort St. George, dated Madras, 21st August 1871, No. 5458, (Statistical):—

With reference to paragraph 4 of the Resolution of the Government of India, No. 4817, dated 20th October 1870, and embodied in the Proceedings of the Madras Government, dated 9th March 1871, I have the honour to forward quarterly statements of cases disposed of under the European Vagrancy Act (XXI. of 1869) for the first and second quarters of 1871.

2. Delay has been caused by the non-receipt of statements for the first quarter of 1871 from most of the Magistrates. As the orders of Government on the subject were only published in March, no returns have been furnished for the last quarter of 1870.

3. The Statement A shows that only two persons were disposed of by Justices of the Peace in the Mofussil during the first quarter of 1871. One vagrant, a Scotch Blacksmith, was sent from Tanjore to the Government Workhouse at Madras. The other, an Irish Jockey, was sent from Malabar (as it is said) to the Commissioner of Police. This probably means that he was sent to the Government Workhouse. The particulars of place of arrest (whether at a seaport town, on the line of rail, or in the interior) have not been given. Both of these men were subsequently deported. No cases were disposed of by the Town Police Magistrates of Madras during the first quarter of 1871.

4. Statement C furnished by the Acting Commissioner of Police shows that twelve vagrants were deported in the first quarter of 1871 under the special orders of Government without magisterial intervention. They were men admitted into the "Vagrants' Home" before it became a Government Workhouse. Eleven of these vagrants were Europeans and one was an Australian. Their previous employments are shown below:—

- 1 Discharged Soldier.
- 1 Seaman.
- 4 Grooms with horses from Australia.
- 1 Engine Driver.
- 2 Miscellaneous.
- 1 Labourer.
- 1 Fireman.
- 1 Smith.

—
12
—

Of the above twelve persons, eleven were deported to Australia and one to England.

5. Statement B shows that, in the second quarter of 1871, thirty-five persons (of whom one was a female) were sent to the Government Workhouse by the Police Magistrates of Madras Town under Sections 4 and 5 of the Act. Three of these were subsequently deported, three vagrants were sent to the Government Workhouse by Justices of the Peace in Ganjam, one of whom is said to have been disposed of under Section 17 of the Act; but he does not appear to have been deported as he absconded from the Workhouse at Madras. Two cases were disposed

of by Justices of the Peace in Vizagapatam. One vagrant was sent to Bimlipatam under Section 6 of the Act and obtained employment as a Sailor in a French Ship. The other was sent to the Government Workhouse. In the Godavery District a vagrant was sentenced to fifteen hours' rigorous imprisonment under Section 23 of the Act, and one vagrant was sent to the Government Workhouse at Madras from North Arcot. No information has been given as to the description of place at which these vagrants were arrested.

6. The nationalities of the above forty-two vagrants are shown below :—

- 29 Europeans (Great Britain).
- 4 „ (Foreigners).
- 1 American.
- 1 Creole.
- 7 East Indians.

7. Their previous employments are shown below :—

- 6 Seamen, &c.
- 2 Soldiers.
- 2 employed on Coffee Estates.
- 6 Grooms.
- 12 employed on Railway.
- 2 Mechanical Engineers.
- 2 Schoolmasters.
- 1 Printer.
- 1 Newspaper Reporter.
- 1 Police Constable, Colombo.
- 1 Convict.
- 6 Miscellaneous.

—
42
—

8. They were disposed of as follow :—

- 1 imprisoned.
- 1 sent direct to employment.
- 40 sent to Government Workhouse.

9. The forty vagrants sent to the Government Workhouse at Madras have been subsequently disposed of as follow :—

- 8 sent to employment.
- 3 deported.
- 2 transferred to Biden Sailors' Home.
- 2 died in General Hospital.
- 2 absconded.
- 23 remaining in Workhouse.

—
40

Of the twenty-three persons returned as remaining in the Workhouse twenty have since been deported during the current quarter. Their cases will accompany the

return for the third quarter of 1871. With reference to the absconding of two vagrants, this has occurred owing to the vagrants being lodged in a detached building, instead of in the Penitentiary, where there is at present no Workhouse accommodation.

10. Statement C shows that thirty-three persons were deported by the Commissioner of Police during the second quarter of 1871 : five of these persons are included in Statements A and B. The nationalities of the remaining twenty-eight who were deported under the special orders of Government (as mentioned in paragraph 4) are shown below :—

- 22 Europeans.
- 2 Americans.
- 2 Australians.
- 1 Greek.
- 1 Native of Mauritius.

Their previous employments are shown below :—

- 11 came to Madras with horses.
- 6 Soldiers.
- 2 Planters.
- 3 employed on Railways.
- 2 Seamen, &c.
- 4 Miscellaneous.

—
28
—

11. The thirty-three persons deported were sent—

- 22 to England.
- 6 „ Australia.
- 4 „ Mauritius.
- 1 „ Suez.

12. Of twelve vagrants deported during the first quarter of 1871 four came from Australia with horses, and of thirty-three persons deported during the second quarter twelve came from Australia with horses. One ship, the *Antiope*, brought a great number of these men.

13. The Government Workhouse appears to have been hitherto a rather popular institution. The Commissioner of Police states that vagrants have been in the habit of going before the Town Magistrates of Madras and declaring their own vagrancy, without being brought up by the Police, in order to gain admission to the Workhouse. The Magistrates now refuse to pass orders except with regard to persons produced by the Police. It is not clear that a man may not accuse himself of vagrancy, but strict discipline in the Workhouse, and its situation within walls of the Penitentiary, might diminish the desire evinced for board and lodging at the expense of Government.

14. No cases have as yet been disposed of by Superintendents of Police who have been invested under Section 10 of the Act with the jurisdiction and powers conferred on Justices of the Peace by Part II. of the Act.

15. No certificates have yet been granted under Section 9 of the Act.

*Proceedings of the Madras Government, Public Department,
29th August 1871.*

16. Rupees 3,392-12-3 were expended in deporting vagrants during the first quarter of 1871, and Rupees 8,297-7-3 during the second quarter.—*vide* Table D. appended.

N. B.—I request that the orders passed by Government on cases of deportation may be sent to me. Hitherto copies have not been furnished to this office.

Resolved that copies of the foregoing report, and of the statements received with it, be forwarded to the Government of India.

Two cases were disposed of by Justices of the Peace in Vizagapatam. One vagrant was sent to Bimlipatam under Section 6 of the Act and obtained employment as a Sailor in a French Ship. The other was sent to the Government Workhouse. In the Godavery District a vagrant was sentenced to fifteen hours' rigorous imprisonment under Section 23 of the Act, and one vagrant was sent to the Government Workhouse at Madras from North Arcot. No information has been given as to the description of place at which these vagrants were arrested.

6. The nationalities of the above forty-two vagrants are shown below:—

- 29 Europeans (Great Britain).
- 4 „ (Foreigners).
- 1 American.
- 1 Creole.
- 7 East Indians.

7. Their previous employments are shown below:—

- 6 Seamen, &c.
- 2 Soldiers.
- 2 employed on Coffee Estates.
- 6 Grooms.
- 12 employed on Railway.
- 2 Mechanical Engineers.
- 2 Schoolmasters.
- 1 Printer.
- 1 Newspaper Reporter.
- 1 Police Constable, Colombo.
- 1 Convict.
- 6 Miscellaneous.

8. They were disposed of as follow:—

- 1 imprisoned.
- 1 sent direct to employment.
- 40 sent to Government Workhouse.

9. The forty vagrants sent to the Government Workhouse at Madras have been subsequently disposed of as follow:—

- 8 sent to employment.
- 3 deported.
- 2 transferred to Biden Sailors' Home.
- 2 died in General Hospital.
- 2 absconded.
- 23 remaining in Workhouse.

Of the twenty-three persons returned as remaining in the Workhouse twenty have since been deported during the current quarter. Their cases will accompany the return for the third quarter of 1871. With reference to the absconding of two vagrants, this has occurred owing to the vagrants being lodged in a detached building, instead of in the Penitentiary, where there is at present no Workhouse accommodation.

10. Statement C shows that thirty-three persons were deported by the Commissioner of Police during the second quarter of 1871: five of these persons are included in Statements A and B. The nationalities of the remaining twenty-eight who were deported under the special orders of Government (as mentioned in paragraph 4) are shown below:—

- 22 Europeans.
- 2 Americans.
- 2 Australians.
- 1 Greek.
- 1 Native of Mauritius.

Their previous employments are shown below:—

- 11 came to Madras with horses.
- 6 Soldiers.
- 2 Planters.
- 3 employed on Railways.
- 2 Seamen, &c.
- 4 Miscellaneous.

—
28
—

11. The thirty-three persons deported were sent—

- 22 to England.
- 6 „ Australia.
- 4 „ Mauritius.
- 1 „ Suez.

12. Of twelve vagrants deported during the first quarter of 1871 four came from Australia with horses, and of thirty-three persons deported during the second quarter twelve came from Australia with horses. One ship, the *Antiope*, brought a great number of these men.

13. The Government Workhouse appears to have been hitherto a rather popular institution. The Commissioner of Police states that vagrants have been in the habit of going before the Town Magistrates of Madras and declaring their own vagrancy, without being brought up by the Police, in order to gain admission to the Workhouse. The Magistrates now refuse to pass orders except with regard to persons produced by the Police. It is not clear that a man may not accuse himself of vagrancy, but strict discipline in the Workhouse, and its situation within walls of the Penitentiary, might diminish the desire evinced for board and lodging at the expense of Government.

14. No cases have as yet been disposed of by Superintendents of Police who have been invested under Section 10 of the Act with the jurisdiction and powers conferred on Justices of the Peace by Part II. of the Act.

15. No certificates have yet been granted under Section 9 of the Act.

16. Rupees 3,392-12-3 were expended in deporting vagrants during the first quarter of 1871, and Rupees 8,297-7-3 during the second quarter.—*vide* Table D. appended.

N. B.—I request that the orders passed by Government on cases of deportation may be sent to me. Hitherto copies have not been furnished to this office.

Chief Office of the Inspector General of Police.

Madras, 21st August 1871.

From

The Inspector General of Police.

To

The Chief Secretary to Government
Fort Saint George

With reference to Para 4 of the Reso-
-lution of the Government of India
No. 4817 dated 20th October 1870 and
embodied in the Proceedings of the
Madras Government dated 9th March
1871, I have the honor to forward
Quarterly Statements of Cases dis-
-posed of under the European
Vagrancy Act (~~XXI~~ of 1869) for the
1st and 2nd Quarters of 1871-

2. Delay has been caused by the
non-receipt of statements for the
1st Quarter of 1871 from most of the
magistrates. As the orders of
Government on the subject were
only

only published in March, no Returns have been furnished for the last Quarter of 1870 -

3. The Statement A shows that only 2 persons were disposed of by justices of the Peace in the Mofussil during the 1st Quarter of 1871. One Vagrant a Scotch Black Smith was sent from Tanjore to the Government workhouse at Madras. The other, an Irish Jockey was sent from Malabar (as it is said) to the Commissioner of Police. This probably means that he was sent to the Government workhouse. The particulars of place of arrest (whether at a Seaport Town, on the line of rail or in the interior) have not been given. Both of these men were subsequently deported. No Cases were disposed of by the Town Police Magistrates of Madras during the 1st Quarter of 1871 -

Statement

4 Statement C furnished by the acting Commissioner of Police shows that 12 Vagrants were deported in the 1st Quarter of 1871 under the special orders of Government without Magisterial intervention. They were men admitted into the "Vagrants Home" before it became a Government workhouse. Eleven of these Vagrants were Europeans and one was an Australian. Their previous employments are shown below -

- 1 - Discharged Soldier
- 1 - Seaman
- 4 - Grooms with horses from Australia
- 1 - Engine Driver
- 2 - Miscellaneous
- 1 - Laborer
- 1 - Fireman
- 1 - Smith
- 12

Of the above 12 persons 11 were deported.

to Australia and one to England.
5. Statement **B** shows that in
the 2^d Quarter of 1871, 35 persons (of
whom one was a female) were
sent to the Government workhouse
by the Police Magistrate of Madras
Town under Sections 4 and 5 of the
act. 3 of these were subsequently
deported - 3 Vagrants were sent
to the Government workhouse
by Justices of the Peace in Ganjam,
one of whom is said to have been
disposed of under Section 17 of the
act but he does not appear to
have been deported as he abscond-
ed from the workhouse at Madras.
2 Cases were disposed of by Justices
of the Peace in Vizagapatnam.
One Vagrant was sent to Benlifa-
tam under Section 6 of the act and
obtained employment as a sailor
in a French ship. The other was sent
to

to the Government workhouse
in the Godavery District a
Vagrant was sentenced to 15
hours rigorous imprisonment
under Section 23 of the Act and
one Vagrant was sent to the
Government workhouse at
Madras for 14 days. No
information is given as to
the description of these
Vagrants were arrested -
6. Information of the above
40 Vagrants are shown below -
19 European (gentlemen)
4 - do - (sailors)
1 - do - (sailor)
1 - Creole
1 - East Indian.
7. Their previous occupations
