FROM

THE HON. R. S. ELLIS, C.B.,
Chief Secretary to the Government of Fort St. George,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
Department of Agriculture, Revenue, and Commerce.

SIR,

Referring to paragraph 2 of the Proceedings of the Government of India in the Department of Agriculture, Revenue, and Commerce, dated Simla, 6th August 1871, No. 28 (Sanitary), I am directed to transmit an extract from a letter* from the Sanitary Commissioner, Madras, from which it will be seen that the plan described in paragraph 87 of the review of the Sanitary Commissioner with the Government of India for the preparation of Annual Sanitary Reports will be adopted in future.

* Dated 26th August 1871, No. 1201.

I have the honour to be,

Sir,

Your most obedient servant,

Captain, R. E.,

OOTACAMUND,
31st August 1871.

*Under Secretary, P. W. D.,
for Chief Secretary.*

Extract from a letter from the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort St. George, dated Madras, 26th August 1871, No. 1201.

With reference to Order of Government, No. 1253, dated 15th August, I have the honour to state that my Annual Sanitary Report for 1870 (which has been passing through the Press since the 15th of April and is not yet completed) has been drawn up in accordance with the recommendations of the Sanitary Commissioner with the Government of India, and as directed in Resolution of the Government of India in Proceedings of Government as per margin.

2. The present recommendations of the Sanitary Commissioner with the Government of India in paragraph 87 of his report are almost identical with those made in paragraphs 45 to 53 of the report for 1868. Whatever minor changes have been indicated in the former report will be attended to in the drawing up of future annual reports.

3. I must state, however, that, with every desire to complete the Annual Report by the 1st March, I fear it will be wholly impracticable. The Army Returns of invaliding, &c., are not procurable by that date, and to print the report with imperfect Army statistics will be to detract very much from its value.

SIR,

With reference to Order of Government, No 1253 dated 15. August I have the honor to state that my Annual Sanitary Report for 1870 (which has been passing through the press since the 15th of April and is not yet completed) has been drawn up in accordance with the recommendations of the Sanitary Commissioner with the Government of India. And as directed in Resolution of the Government of India in its Proceedings of Government as per margin.

2. The present recommendations of the Sanitary Commissioner with the Government of India in para 84 of his report are almost identical with those made in paras 45 to 53 of the report for 1868.

Whatever minor changes have been indicated in the former report ~~will~~ will be attended to in the drawing up of future Annual reports.

3. I must state however, that with every desire to complete the Annual report by the 1st March, I fear it will be wholly impracticable. The Army returns of invaliding &c. are not procurable by that date, and to print the report with imperfect Army Statistics will be to detract very much from its value. Again with the present printing arrangements it will be quite useless to attempt the submission of the report by the date indicated. The printing of my Colonial Report was commenced on the 17th January and finished only on the 23rd of June while the Annual report went to the Press on the 15th of April 1871 is not yet out of the printer's hands. //

Proceedings of the Madras Government, Public Department,
31st August 1871.

No. 170 Read the following letter from the Acting Magistrate of Madura, to the Chief Secretary to Government, Fort St. George, dated Madura, 25th August 1871, No. 237 :—

With reference to the Order of Government, dated 21st June 1871, No. 894, I have the honour to report that the trustees make no difficulty about paying for the emptying and clearing out the Portamarray Tank in the Meenachi Temple. The difficulty is to find out how it is to be done, and the trustees are waiting for that professional advice, which Government have directed the Superintending Engineer to afford in the matter, and which he has promised to give soon.
