Proceedings of the Madras Government, Public Department,
31st August 1871.

No. 182. Read the following Proceedings of the Board of Revenue, dated 16th August 1871, No. 3474 :—

Authorizing the Board of Revenue to entertain
the establishment necessary for the publica-
tion in the District Gazette of the Proceed-
ings of Municipalities if funds for the purpose
are available. } Dated 25th July 1871, No. 1144.

Communicated to all Collectors.

2. In addition to the work entailed upon the District Presses by publication of municipal matters there will probably be a considerable increase in the work devolving on them under the Local Funds' Act.

3. The Board resolve, therefore, to request all Collectors to state whether any extra establishment is necessitated by reason of work which is now executed for Municipal Commissions, and which may in future be required for Local Fund Boards, and if so to send in a regular estimate.

4. As "Printing Establishments" are included in the grant from "Provincial Service" Funds, and as the amount sanctioned under this head is not more than sufficient for present requirements, the Board will then be in a position to request Government to provide for the increased charges if necessary.

Transferred to the Public Department.

Nos. 182-183.

Recording. Proceedings of Board of Revenue, calling upon Collectors for estimates of the establishment necessary for the publication of the Proceedings of Municipalities and Local Fund Boards in the District Gazettes.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th August 1871.)

Read the following Proceedings of the Madras Government, dated 25th July 1871, No. 1,144,
Public Department:—

No. 208. * Read the following Proceedings of the Board of Revenue, dated 6th July 1871,
No. 2,763.

From the Acting Collector of Bellary, to the Acting Secretary to the Board of Revenue, dated
13th June 1871, No. 232.

THE Treasury Deputy-Collector has brought to my notice that since we have commenced to insert the Proceedings of the four Municipalities of this district in diglott, besides the weekly audit statements, the business of the Press office has increased very considerably; indeed the work entailed by the publication of these papers is almost equal to that of the other portion of the Gazette, and the permanent establishment have more work than they can get through.

2. I have the honour strongly to urge that the Order of Government* permitting the publication, free of cost, of the Proceedings of the different Municipalities, should be re-considered.

* No. 1,477, 2nd December 1868.

3. It would be advisable, of course, that the publication of the papers in the District Gazette should continue; but I would ask permission to entertain, on that account, two Compositors and one Pressman at a cost of Rupees 35 per mensem, the sum to be made good by the Municipalities in equal portions.

SUBMITTED for the consideration and orders of Government.

2. The Board think that the heavy work and expenses entailed on the District Press, by publishing the Proceedings of the Municipal Commission, ought not to fall wholly on the District Press without any payment on account of the extra establishment required.

No. 209.

ORDER THEREON, 25th July 1871, No. 1,144.

THE Government observe that the publication of the Municipal Proceedings in the District Gazette is required by law, (Act III. of 1871, Section 25,) and they do not think that the Commissioners should be charged for it.

2. If the Board of Revenue consider the extra establishment temporarily necessary, and if funds are available, it is within the competence of the Board to sanction its entertainment.
