No. 20. Read the following letter from Deputy Inspector-General EDWARD BALFOUR, Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 28th August 1871, No. 283:—

I have the honour to submit to the Right Honourable the Governor in Council that, in order to teach the class of nurse-pupils sanctioned by Government in No. 737, dated 31st May 1871, a Manual for them was needed, and, as none of the many English books on nursing were suited to the requirements of India, the volume (of which I beg to send two copies) was, at my request, prepared by Surgeon Harris, Surgeon Keess, Surgeon-Major vanSomerén, and Honorary Assistant Surgeon Harvey; and a small edition of 150 copies has been struck off.

2. Considering the very few days in which each of their portions was got ready, it is a very creditable book, though it will need revision in a second edition.

3. If Government approve, after furnishing a copy to each of the nurses and to the Officers who wrote the book, the books can be offered for sale at one Rupee per copy.

No. 21. ORDER THEREON, 7th September 1871, No. 1372.

The Government approve of the proposed distribution of the Manual for Nurses in India.

2. The thanks of Government are due to Dr. Balfour, the Acting Inspector-General, and to Drs. vanSomerén, Harris, and Keess, and Honorary Assistant Surgeon Harvey for the timely preparation of the Manual.
