Sir,

President M. C.
Vizagapatam

Sir,

In conformity with instructions conveyed in Official Memo No 264, dated 8th July, I beg to forward herewith a statement shewing the incidence of the House and Land Tax in this Municipality for 1871-72, prepared in the prescribed form and to state that the per centage rate adopted for both Lands and Houses is at 3 per cent on the annual rental.

2. The cause of the increase in the Trade Tax given in the Estimate for 1871-72, over that of 1870-71 is owing to the full rate in each class being estimated for, the levy of which, the Act in force renders peremptory, which was not the case in the Late Towns' Improvement Act under which two thirds alone of the amount of each class was imposed on the rate payer.

3. The building at Cottapotta is still occupied by the Police as a station house, the sum of 20 Rupees allotted for its repair in the Estimate

Yours

for 1871-72 will, as directed, not be
spent on it.

Sir,
How do you have
I have been told that you are reporting
in accordance with the report of the
Department of the Interior for the Hospital
to provide in the future part of the
Government's funds for the Hospital
This is a subject which has been discussed
by the Department of the Interior for the support
of a separate fund for the Police, and an
other distinct fund for the rest.

The Government will answer
we have a Commission and then the Hospital
is expected to be the same Officer in charge
of the Station supported entirely by the
Police. The Government are now about to
build a better set of quarters for this Officer
or another Hospital contain 18 to 26 beds and
for this purpose have already raised a sufficient
Subscription of \$1000. The Commission
considered that the fund was not in this
matter and accordingly put down 300 Rs for
London as a subscription of 25 a month
