*Proceedings of the Madras Government, Public Department,
11th September 1871.*

No. 38. Read the following letter from the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 2nd September 1871, No. 289:—

I have the honour to report, for the information of Government, that the Native Surgeon in medical charge of the Civil Dispensary at Conjeveram has brought to my notice the necessity for the services of a 3rd Class Hospital Assistant to assist him in discharging the medical duties of the Dispensary and Station.

2. Conjeveram being a large and populous town, a centre of Hindooism, and thereby exposed to annual invasions of cholera from the number of pilgrims visiting it at the annual festival, the duties, in my opinion, are sufficiently onerous to justify the addition of a Hospital Assistant, to the sanctioned establishment for employment in the Dispensary, and before recommending the measure to Government, I have ascertained that the Municipality and the Local Funds' Board are willing to bear the cost. I have, therefore, the honour to submit the proposal for the favourable consideration of Government.

No. 39. ORDER THEREON, 11th September 1871, No. 1386.

The President of the Municipal Commission, Conjeveram, and of the Local Fund Board will report whether funds can be provided for the purpose during the current year.

2. It is observed that the Dispensary has not yet been formally transferred to the Municipality. The Collector will at once take the necessary steps to have this done in accordance with the general orders which have been issued.
