G.O. No.	1410	Press Mis.
Dated	16-9-	1918/1

Not to be folded or roughly handled

13

16th September 1871.

No. 73. Read the following letter from the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort St. George, dated Madras, 27th June 1871, No. 823 :—

I have the honour to submit, herewith, for the consideration of Government, a Report on Cholera in Southern India for the year 1870.

2. In regard to the Cholera inquiry directed to be instituted by the Secretary of State for India, I may remark that it seemed to me to be necessary to embody in a connected form the history of all our recent invasions of cholera, and as the very interesting record of the great invasion of 1818, by the late Mr. W. Scott, M.D., was out of print, I thought it advisable to give that portion of his report entire, as a valuable standard of comparison in regard to all subsequent cholera invasions.

3. The Cholera Map in the beginning of the Report is intended to illustrate the intensity of the disease in each Registration Circle. It differs in form from the map accompanying my report for 1869, and I think affords more information. The shading of the map is scarcely so satisfactory as I could have wished, owing to the difficulty experienced in the Lithographic Department in printing in various shades of colour.

4. As the subject of the distribution of cholera is one now engaging much attention at home, I would venture to suggest that 100 copies of the report be transmitted to the Secretary of State for record and distribution.

5. I would venture, also, to request that I may be permitted to use twenty-five copies for distribution to the Medical and Scientific Journals, and private friends; 300 copies of the report have been struck off, and the remainder I propose distributing in India to the various Departments which are now furnished with copies of my annual reports and monthly proceedings.

No. 74. ORDER THEREON, 16th September 1871, No. 1410.

Ordered that a copy of this letter, together with the report and map received with it, be transmitted to the Secretary of State for India, with reference to paragraph 3 of his Despatch dated the 25th August 1869, No. 13 (Sanitary).

(True Extract.)

Captain, R. E.,

*Under Secretary, P. W. D.,
for Chief Secretary.*

Office of Sanitary Commissioner
Madras 27th June 1891.

From

The Sanitary Commissioner
for Madras.

To

The Chief Secretary to Government
Public Department.
Fort Saint George.

Sir,

I have the honor to submit herewith for the consideration of Government a report on cholera in Southern India for the year 1890.

2. In regard to the cholera enquiry directed to be instituted by the Secretary of State for India I may remark that it seemed to me to be necessary to embody in a connected form the history of all our recent invasions of cholera and as the very interesting records of the great invasion of 1818, by the late Mr. H. Scott Esq. B. was out of print, I thought it advisable to give that portion of his report entire, as a valuable standard of comparison in regard to all subsequent cholera invasions.

3. The cholera map in the beginning of the report is intended to illustrate the intensity of the disease in each registration Circle. It differs in form from the map accompanying my report for 1869, and I think affords more

information. The shading of the map is scarcely so satisfactory as I could have wished, owing to the difficulty experienced in the lithographic department in printing in various shades of color.

4. As the subject of the distribution of cholera is one now engaging much attention at home I would venture to suggest that 100 copies of the report be transmitted to the Secretary of State for records and distribution.

5. I would venture also to request that I may be permitted to use 25 copies for distribution to the medical and scientific journals, and private friends - 300 copies of the report have been struck off, and the remainder I propose distributing in India to the various departments which are now furnished with copies of my annual reports and monthly proceedings.

I have the honor to be,

Sr

Your most Obedt Servt

Wm Smith J R. Es.
Sanitary Commissioner
for Madras.
