3rd February 1871.

No. 13. Read the following letter from the Collector of Malabar, to the Chief Secretary to Government, Fort Saint George, dated Calicut, 20th January 1871, No. 2:—

With reference to G. O., dated 8th December 1870, No. 1585, I beg to draw your special attention to my request that Major Kennedy should be authorized to commence with the funds in hand.

2. I anticipated that Government would not be able to provide funds at once for their contribution, but this would occasion no delay were a commencement made in collecting materials, &c., with the funds in hand.

3. I trust, therefore, that Government will accede to this request.

4. I learn that the delay is causing great dissatisfaction among the planters who have paid down their subscriptions. If the sanction I now request be granted, we may fairly expect that the fever season now commencing will be the last during which the neighbourhood of Vythery will present the distressing spectacle of coolies dying uncared for by the roadside.

No. 14. ORDER THEREON, 3rd February 1871, No. 149.

The Government have no objection to the work being commenced with the funds in hand, and the Government will endeavour to provide, during the ensuing official year, the amount of the Government contribution; but on this point the Government cannot at present decide with certainty.
