Liching Collector's office

31st September 1871

N^o 49

From

W. S. Whitehead Esq.

Ag. Collector of Liching

To The Honble R. S. Ellis Esq.

Chief Secretary to Government

Fort St. George

Sir,

Adverting to the concluding part of para 4 of the Order of Government 1221 dated the 31st ultimo, directing me to report whether the building hitherto used as a Senatics at this station is required by any Public Department, I have the honor to state that the Lock Hospital here is at present situated in a private house, hired for the purpose at a rent of Rs 30 per mensem. This building is very close to a public thoroughfare, and is much soiled that it is far from being well suited to the requirements of the institution.

The building recently vacated by the Senatics who proceeded to the Senatics at Madras on the 24th instant, can, with a few alterations and improvements,

be

be made to suit the purposes of a Lock Hospital admirably. It is close to the town where its future inmates reside, and in a very airy situation on the new Boulevard that skirts the town. The occupants of the Hospital would be properly secluded while under treatment, and Dr. Ralfe the Acting Director General Medical Department and Dr. Johnston the Deputy Director General, to whom I have spoken of the use to which I propose to devote the building, have each expressed an opinion that it is capable of being altered into a very good Lock-Hospital -

2. I beg therefore to propose that the building in question should be appropriated for the Lock Hospital at this station. If Government approve of this my suggestion I will cause the requisite Estimate and Plan to be prepared and submitted through the proper Channel. The proposed alterations could be carried out

out in a month or two, and the change will result in a permanent saving of Rupees 30 a month to Government -

I have the honour, Sir

Secretary
to the
Government
of India
