Proceedings of the Madras Government, Public Department,

18th October 1871.

No. 82. Read the following letter from the Sanitary Commissioner for Madras, to the Chief Secretary to Government, Fort St. George, dated Madras, 2nd October 1871, No. 1446:—

I have the honour to submit, for the decision of Government, whether printed copies of my Proceedings, annual and other Sanitary Reports, are to be placed on the Editor's table, as would appear to be the case with the similar Reports and Proceedings of the Sanitary Commissioner with the Government of India.

2. I may mention that a complaint has been made to me, privately, by one of the conductors of the local Press that, whereas the published Sanitary Reports of the Government of India are regularly furnished to the papers, they receive none of those published by the Madras Government. My reply was that I was unaware of any authority to distribute copies to the Press.

3. I believe it is the practice to have the whole number of copies of Reports and Proceedings connected with my Department sent to this office for distribution. Three copies of each Report or Proceedings are sent to Government, and fifty copies for transmission to the Home Government. The remaining copies are distributed according to a list kept in the office. If it be decided to include the Press in the Distribution List, I have to request that the number of copies required for such purposes may be mentioned.

No. 83. ORDER THEREON, 18th October 1871, No. 1573.

In addition to the copies of his reports hitherto sent to the Government Office, the Sanitary Commissioner will, in future, send five copies to be laid on the Editor's table by order of Government.

2. He will submit, for the information of Government, a copy of the list according to which he distributes the copies retained by him.

The Chief Secretary to Government
Public Department, Fort St. George.

Sir,

I have the honor to submit for the decision of Government, whether printed copies of my Proceedings, annual and other Sanitary Reports, are to be placed on the Editor's table as would appear to be the case with the similar reports and Proceedings of the Sanitary Commissioner with the Government of India.

2. I may mention, that a complaint has been made to me, privately, by one of the conductors of the local press, that whereas the published Sanitary Reports of the Government of India are regularly furnished to the papers, they receive none of those published by the Madras Government. My reply was, that I was unaware of any authority to distribute copies to the Press.

3. I believe it is the practice to have the whole number of copies of reports and proceedings connected with my Department, sent to this office for distribution. Three copies of each Report or Proceedings are sent to Government and 50 copies for transmission to the Home Government. The remaining copies are distributed according to a list kept in the office. If it be decided to include the Press in the distribution list, I have to request that the number of copies required for such purposes, may be mentioned.
