I think you are better at
 the end of the year than at the

The object that

There were no issues for the
 weekly report of the
 Public Instruction
 for the year 1871-2
 as the work was not
 done in time.

The fact that the course suggested but observe
 that the change for stationery in Govt schools, which
 has not hitherto been borne by the provincial revenues,
 ought to be adjusted by a debit against the
 educational grant under the head contingencies
 in Govt schools. The allotment under the head
 contingencies in the revised Educational budget for 1871-2
 will presently be passed, will be sufficient to
 meet the change.
