No. 104. Read the following letter from the President of the Municipal Commission, Salem, to the Chief Secretary to Government, Fort St. George, dated Salem, 6th September 1871, No. 101:—

I have the honour to request the sanction of Government for a slight alteration in the southern boundary of the Salem Municipal limits. The object of the Commissioners is to bring the remaining portion of the village of Gogai, the Police lines, and the hamlet of Anadanapatti within the limits, for the following reasons:—

1st.—That the village of Gogai has extended so much of late that it has gone far beyond the present limits and promises soon to meet the Police lines on the south, while it has already extended to the town proper on the north;

2nd.—That its rising importance renders its entire inclusion within the limits necessary;

3rd.—That the Police lines and Anadanapatti are so approximate to the town that it is highly important their sanitary condition, now sadly requiring improvement, should be well cared for, as it is chiefly in Gogai and Anadanapatti that cholera first breaks out;

4th.—That the proposed alteration in the boundary makes the limits more compact, as will be seen from the enclosed rough sketch of the Municipality; and

5th.—That the southern limit now proposed is the same as the original limit sanctioned in the Notification dated 20th November 1866, which it is advisable for the reasons stated above to return to.

2. The southern boundary which the Commissioners now propose will be—

From the Cuddalore toll-gate to a pillar south of the slaughter ground at Kitchipoliem, thence to Arnachellum Achary's Choultry on the Trichinopoly road, and continued along the Trichinopoly road, the road which branches off from it to the west and joins the Coimbatore road, along the Coimbatore road to the bridge over the Salem river near Anthanaputty, instead of—

From the Cuddalore toll-gate to a pillar south to the slaughter ground at Kitchipoliem, thence to Arnachellum Achary's Choultry on the Trichinopoly road and continued on to a pillar south of the village of Gogai. From this pillar to the bridge over the Salem river near Anadanapatti.

No. 105. ORDER THEREON, 21st October 1871, No. 1592.

The Government sanction the proposed modification on the understanding that the roads referred to shall be included within the new boundary line. As the roads are tolled by the Municipality, the cost of their maintenance must be a charge on the Municipal Fund.

2. Ordered that the annexed notification be published. The Government have slightly modified the definition of the boundary proposed by the President, to make it quite clear that the hamlet of Anadanapatti is to be included within the new limits:—

NOTIFICATION.

The Government
sanction the proposed
modification, on the
understanding that the
roads referred to shall be
included within the new
boundary line as the roads
are tolled by the municipality
the cost of their maintenance
must be a charge referred to,
and not included in the present
municipal fund.
That half the cost

of maintaining them shall be paid by the Municipality, and half by the local fund board. It is not clear from the letter above recorded whether these roads are to be excluded or not, but the Govt think that the arrangement above indicated will be the best possible. The length of road is apparently about two miles.

The Municipality will or do take all these roads. Should they not be included here? or Dec. the 7. 7. let a sketch of the R.C.C.?
