*Proceedings of the Madras Government, Public Department,
24th October 1871.*

No. 135. Read the following letter from the Officiating President of the Municipal Commission, Madras, to the Chief Secretary to Government, Fort St. George, dated Madras, 30th September 1871 :—

I have the honour to forward, herewith, for publication in the *Fort St. George Gazette*, pursuant to the provisions of Section 18 of the Madras Municipal Act of 1867, Statements of the Receipts and Disbursements of this Municipality from the 31st March 1871 up to 31st May and to 31st July 1871, together with the Minutes of the Proceedings of a General Meeting of the Commissioners held on the 31st ultimo.

2. Adverting to paragraph 2 of the Proceedings of Government noted in the margin, requesting me to report the opinion of the Commissioners as to whether the Uncovenanted Civil Service Rules should be prescribed by the Governor in Council under Section 8 of Act V. of 1871, I beg to call the attention of Government to the report of the Committee to whom the question was referred, and the resolution of the Commissioners thereon, embodied in the accompanying Minutes, from which they will observe that the Commissioners are of opinion that they should be so prescribed.

3. Provision was made in the Budget Estimate, for the current year, for the payment of the proportion, which will have to be borne by the Municipal Fund, of the annual pension of Rupees 2,000, to which Mr. Cardozo will be entitled should Government make the Uncovenanted Civil Service Pension Rules applicable to municipal officers and servants, and I am prepared to pay the same from the date on which Government may decide that his pension is to commence. In his memorial, dated 24th November last, forwarded with my letter to you dated 3rd February 1871, G. No. 52, he prayed that it might be granted to him from the 15th of that month, the date on which his extension of sick leave, under the Order of Government noted in the margin, expired.

4. It will perhaps be more convenient for Government that the Commissioners should, in the first instance, pay the whole amount of Mr. Cardozo's pension of Rupees 2,000, recovering subsequently from them that portion of it, Rupees 51-3-3, which His Excellency the Governor in Council has intimated his intention to grant him, and I shall be glad to receive the orders of Government on this point.

No. 136. ORDER THEREON, 24th October 1871, No. 1612.

Ordered that the Minutes of Proceedings, and the Statements of Receipts and Disbursements, received with the foregoing letter, be published in the *Fort St. George Gazette*.

2. The Government are willing to prescribe the Revised Pension Rules of 13th April 1864 for adoption under Section 8, Act V. of 1871; but, before formally passing orders to that effect, request the Commissioners to explain whether, by the adoption of these rules, which refer to the grant of pensions and gratuities to superior servants only, they wish to exclude inferior servants from retiring allowances. The Government are under the impression that the Commissioners do not

so wish, and suggest that the provisions of the "Draft Pension Code," a recent consolidation of the Uncovenanted Civil Service Pension Regulations, should be adopted, as far as applicable, by the Commissioners. The Government at the same time do not suppose that it is desired that mere coolies, such as scavengers, &c., should get retiring allowances.

3. The Government are not empowered to prescribe Leave Rules, but observe that the restrictions as to leave counting for pension, which are alone material for the present purpose, are contained in the Draft Code. The Government, in granting leave to the superior officers of the Commission under Section 7, Act V. of 1871, proceed on the analogy of the Uncovenanted Civil Service Leave Rules, and these may probably be adopted with advantage by the Commissioners or the President in granting leave to the other servants.

4. The Accountant-General is requested to favour Government with his opinion as to the mode of payment of Mr. Cardozo's pension, which should, the Government think, date from the expiration of his sick leave.

Sir,
I have the honor to forward herewith for publication in the Fort Saint George Gazette, pursuant to the provisions of Section 18 of the Madras Municipal Act of 1867, statements of the receipts and disbursements of the Municipality from the 31st March 1871 up to 31st May & 31st July 1871, together with the minutes of the Proceedings of a General Meeting of the Commissioners held on the 31st ultimo.

2. Redue string to para 2 of the Proceedings of Government, notes in the margin requesting me to report the opinion of the Commissioners as to whether the Unconvenanted Civil Service Rules should be prescribed by the Government or in Council under Section 8 of Act V of 1871. Passing orders on the subject of the rules by which the grant of retiring allowances and leave to the officers and servants of the Madras Municipality should be regulated, and requesting the Accountant-General to favour Government with his opinion as to the mode of payment of Mr. Cardozo's pension.

Report of the Committee to whom
the question was referred and the
resolution of the Commissioners
thereon, embodied in the accom-
panying Minutes, from which
they will observe that the Com-
missioners are of opinion that
they should be so prescribed;

3. Provision was made
in the Budget Estimate for the current
year for the payment of the pro-
portion which will have to be
borne by the Municipal Fund of
the Annual pension of R^y 2000, to
which Mr. Cardozo will be entitled
should Government enact the
Pensioners' Civil Service Pension
Rules applicable to Municipal
Officers and Servants, and I am
prepared to pay the same from
the date on which Government
may decide that his pension is
to commence. In his Memorial
dated 21st November last forward-

4. It will perhaps be more
convenient for Government that
the Commissioners should in the

of R^y 2000, recovering subsequent-
ly from them that portion of

ordered that the ~~Managers~~ of Proceedings at the Bureau of Health, and all business connected with the foregoing letter, be published in the Fort St George Gazette.

2. The Govt are willing to prescribe the revised pension rules of 31st April 1864 for adoption under Article I, Act V of 1871; but, before formally passing orders to that effect against the Government to explain whether, by the adoption of those rules, which refer to the grant of pensions "gratuitous to superior servants only," they wish to exclude inferior servants from retiring allowances. The Govt are under the impression that the Com^r do not so wish, & therefore suggest that the provisions of the "Draft Pension Code" excepting a recent provision of the U.C.S. Pension Regulations shall be adopted, as far as applicable, by the Com^r. The Govt at the same time do not object from that it is desired that their views, such as Messrs J. de, should sit-a thing otherwise.

3. The S^{ts} are not prepared to have either
 leave rules, but believe that the restrictions
 as to leave counting for pension, which are
 alone material for the present purpose, are con-
 tained in the Draft Code. The S^{ts} in passing
 leave to the Superior Officers of the Gen^l and
 Section 7 Act of 1876, has said in the analogy
