*Proceedings of the Madras Government, Public Department,
25th October 1871.*

No. 138. Read the following letter from the President of the Municipal Commission, Cuddapah, to the Chief Secretary to Government, Fort St. George, dated Cuddapah, 25th May 1871, No. 19:—

Adverting to the Proceedings of Government, dated 3rd May 1871, No. 583, paragraph 2, I have the honour to forward, herewith, a statement showing, with details, the gross expenditure from Municipal Funds on the erection of permanent buildings for the use of Police in each year since the introduction of Act. X. of 1865.

Annual Report of the Cuddapah Municipality for the year 1870-71.

I beg to submit my annual report of the working of this Municipality during the year commencing 1st May 1870 and ending on the 30th April 1871.

2. The sources of income are the same as in preceding years. The collections were made from tolls, trade and house-taxes, license fees on carriages and animals, and registration of carts.

3. The estimate for the year under the head of "Receipts" was Rupees 21,709, but the actual collections amounted only to Rupees 19,732, or Rupees 1,977 less. The reason of this decrease in the collections is shown in my letter to Government, dated 29th April 1871, No. 132. The expenditure was estimated at Rupees 28,278; the sum actually expended was Rupees 23,147, or Rupees 5,131 less. This difference arose by transferring items, amounting to Rupees 2,900, to "Purposes other than those specified in Section 25."

4. *New Works and Improvements.*—Most of the temporary latrines in the town were destroyed by the heavy rains in October last, and are being replaced by four double masonry latrines for males and females, and two single latrines for females at suitable places. The plan of these latrines resembles that received from the Municipality of Coimbatore and approved by Government on the recommendation of the Sanitary Commissioner. On this work, which is in progress, Rupees 976-7-8 have been already spent. Two new streets in the town have been opened, and a sum of Rupees 1,106-9-10 has been spent upon this including compensation.

5. *Repairs.*—Rupees 415-12-4 have been spent on the repair of masonry latrines. Upon road repairs Rupees 4,003-11-0 have been expended.

6. *Conservancy.*—The Commissioners have made every effort to promote cleanliness in the town. Streets and lanes are swept twice a day, and the refuse carted off to receptacles provided outside the town. There are altogether ten carts and twenty-four scavengers employed for this purpose. The precautions taken and the remedies used in the late outbreak of cholera entailed considerable expenditure on the Municipality; the principal items were—

(1.) Rupees 116 on lime burned in kilns for fumigation.

(2.) Rupees 105-4-0 for carts for the use of the Hospital Assistants and patients.

7. *Police.*—The estimate of the Superintendent of Police for the year under review was Rupees 6,572, and 75 per cent. or Rupees 4,928-14-0 of this sum was paid by the Commissioners into the District Treasury. The actual expenditure on the Police for the year amounts to Rupees 6,382-2-7, of which Rupees 1,595-8-7 are payable by Government and Rupees 4,786-10-0 by the Municipality. As the Commissioners have already paid Rupees 4,928-14-0, there is a balance due in their favour of Rupees 142-4-0. A balance of Rupees 1,981-15-0 has been paid for constructing a row of fifteen Police huts, and a balance of Rupees 348-11-5 for a Police sub-station, Rupees 1,078-1-0 and Rupees 250 having been advanced in the previous years for those two works, respectively. Rupees 73-2-0 have been expended for repairing the Police head-station.

*Proceedings of the Madras Government, Public Department,
25th October 1871.*

8. *Establishment and Miscellaneous.*—The expenditure under this heading was increased by the Commissioners having the management of tolls during the whole year. The charges for management were—

1. Establishment	1,049	14	1
2. Contingencies	97	6	0
3. Stationery	60	0	0
4. Printing	149	13	3
Total ..	1,357	1	4

The receipts were Rupees 8,615-9-6, and the charges were, therefore, 15 per cent. on the receipts. The tolls are now under contract.

9. The Commissioners since the receipt of G. O., dated 5th April 1869, No. 432, have established a nursery, and have planted nearly 400 trees at places where there are no avenues now existing. Rupees 470-8-10 were expended in this year on this account.

10. The Government contribution is calculated according to G. O., dated 16th August 1870, No. 1033, on one-fourth of the actual expenditure, which is less than one-third of the current independent receipts. The actual expenditure, as per Statement B., is Rupees 23,147-10-7, one-fourth of the same is Rupees 5,786-14-8. The Commissioners have received for contribution in advance Rupees 5,051-8-8, and by remission of Police charges Rupees 1,595-8-7, total Rupees 6,647-1-3. They have, therefore, overdrawn Rupees 860-2-7, deducting Rupees 142-4-0, paid in excess for Police, there remain Rupees 717-14-7 to be adjusted from the Municipal Funds.

11. The Municipal accounts have been audited by the English Head Accountant attached to the Collector's Office, to whom a remuneration of Rupees 100 will be paid, and whose report is submitted for the perusal of Government.

(Signed) W. D. HORSLEY,
Presdt., Munl. Comm., Cuddapah.

From D. MUNESAWMY, English Head Accountant, Collector's Office, Cuddapah, to the Vice-President of the Municipal Commission, Cuddapah, dated Cuddapah, 29th August 1871.

In obedience to your instructions communicated to me through the Treasury Deputy Collector on the 28th June 1871, I have the honour to inform you that I have examined the Municipal accounts for the year 1870-71, and found the receipts and disbursements in the cash-book supported by proper vouchers, and the cheques passed by the Vice-President are duly receipted by the several recipients of their value.

2. I have also examined the ledger with the cash-book and continued my examination into the statement of receipts and expenditure which the Commissioners should annually return in the forms prescribed in G. O., No. 820, dated 11th July 1867, and found the totals correct.

3. On comparing the items on the receipt side of the cash-book with those of the daily memorandum of collections of the toll-gate keepers, I found the totals of both vary from each other, i. e., the amount in the cash-book exceeds that in the memoranda. This is accounted for as excess collections made by the Municipal Inspectors of the toll-gates on the bullocks, &c., coming through irregular ways without the knowledge of the toll-gate keepers. I, therefore, beg to suggest that, to secure uniformity in the accounts, persons making such collections should henceforward intimate the same to the toll-gate keepers concerned, before the money is paid into the Municipal Office.

4. The statements are herewith forwarded countersigned by me in proof of their correctness.

taxation are less than the estimate by about Rupees 2,000, owing to considerable falling off in the four first and principal items of revenue.

2. The expenditure has been correctly classified with the exception of the

3. According to the Police Superintendent's statements, the whole charges for the Police to the end of the official year have been paid. The Commissioners are entitled to a refund of Rupees 142-4-0 paid in excess.

4. The State contribution is to be struck on the expenditure and will amount, including the whole Police charges, to Rupees 6,135-14-7. The Commissioners have drawn Rupees 5,051-8-8, and received Police credit for Rupees 1,595-8-7. They have, therefore, to refund Rupees 511-2-8.

5. The Commissioners claim reimbursement of expenditure on Police buildings as shown in the margin. For 1868-69 and 1870-71 State contribution at one-fourth of the expenditure is to be deducted. In 1869-70 the contribution was struck on the receipts, and was 24.2 per cent. on

and the sum payable to the Commissioners is, therefore, Rupees 2,690. Adjusting against this the Police refund due, and the State contribution overdrawn, the accounts will be closed by a payment to the Commissioners of Rupees 2,321-1-4, which is sanctioned.

6. The report appears satisfactory as to the general administration of the Municipality.

of collection were the
1049-14-1 or no less
than 12 per cent. The
Govt are glad to learn
that the tolls are now
let on contract.

3. According to the
Police Superintendent's
statements the whole
charges for the police,
to the end of the offi-
cial year have been
paid. The Commission-
ers are entitled to a
refund of Rs 142-4-0

4. The State contribu-
tion is to be struck
on the expenditure and
will amount, including
the whole police charges,
to Rs. 6,135-14-7. The
Commissioners have
drawn Rs 5051-8-8,
and received police cre-
dit for Rs 1595-8-7.
They have therefore to
refund Rs 541-2-8.
5. The Commissioners
claim reimbursement
of expenditure on
Police buildings as
shown in the margin.
For 1868-69. & 1869-70
State

State contribution at
 $\frac{1}{4}$ of the expenditure
 is to be deducted. In
 1869-70 the Contribution
 was struck on the
 receipts, and was 242
 per cent on the ex-
 penditure, and a de-
 duction at this rate
 is ~~therefore~~ to be made
 on Rs 260. The deductions
 are therefore as follows.

Contribution 1868-9 - 269-8-3 ✓
 do — 1869-70 - 80-8-0 ✓

 and the sum payable
 to the Commissioners is
 therefore Rs 2690-0-0.
 Adjusting against this
 the police refund due
 and the State contribu-
 tion overdrawn, the
 accounts will be closed
 by a payment to the
 Commissioners of Rs
 2321-1-4 which is
 sanctioned.
