Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Department,
26th October 1871.*

Read the following papers:—

No. 148. From the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 28th September 1871, No. 319.

With reference to paragraph 7 of the Order of Government, Public Department, No. 1266, dated 17th ultimo, I have the honour to forward a statement showing the actuals of the past year, the budget grant for the current year, and the estimated requirements for 1872-73 of the hospitals named in the margin.

Hospital for Women and Children.
Triplicane Dispensary.
Black Town Dispensary and Native
Infirmary.

2. I further beg to forward, for the information and early orders of Government, the accompanying letter from the President, Municipal Commission, Madras, No. 299, dated 27th instant, just received after repeated urgent calls.

From the Officiating President of the Municipal Commission, Madras, to the Acting Inspector-General, Indian Medical Department, dated Madras, 27th September 1871, No. 299-G.

I have the honour to acknowledge receipt of your letters, No. 4728 of the 6th instant and No. 4810 of the 12th idem, forwarding statements showing the actuals of the past year, the budget grant for the current year, and the estimated requirements for 1872-73 of the hospitals named in the margin, which I beg to return herewith.

Triplicane Dispensary.
Native Infirmary and Black Town Dis-
pensary.
Hospital for Women and Children.

2. There has been no general meeting of the Commissioners since the receipt of these statements, nor has there been sufficient time to allow of their being circulated to all the Commissioners, and I shall, therefore, feel obliged by your favouring me with copies of them in order that they may be submitted to such of the Commissioners as have not yet seen them.

3. I may mention that those who have seen them have not considered it necessary to make any remarks, as the estimates for 1872-73 appear, so far as they are able to form an opinion, to have been prepared with every regard to economy.

No. 149. From the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 16th October 1871, No. 341.

In reply to Memorandum No. 274 of the 5th October, I have the honour to offer the following explanation.

2. The Hospital for Women and Children, Vepery, has only been in existence for about three years, and during that period there has been a progressive annual increase in the number of in-patients admitted, as will be seen from the following statement:—

Years.	Patients.
1869	536
1870	688
9½ months of 1871, viz., from 1st January to 10th October	670

Already, in the bye-gone 9½ months, the in-patients admitted have been in number equal to the admissions in all 1870. From this it will be seen that in the item of diets for this institution it was requisite to allow for a continued increase of

Proceedings of the Madras Government, Public Department,
26th October 1871.

inmates in 1872-73; and, should an epidemic of cholera visit Madras, there must be a considerable number of admissions into the Contagious Diseases' Ward, for which also provision had to be made. With these prospective views the Medical Officer in charge of the hospital retains the opinion that the sum of Rupees 10,280 estimated for diets is not excessive. But, on examining the expenditure under this head for the six months, from February to July (both inclusive), of the current year, I find that it amounted only to Rupees 3,048, and I am of opinion, on re-examination, that Rupees 8,000 will be sufficient budget provision for 1872-73.

3. With regard to the charge of Rupees 432 for extra servants, I beg to explain that the expenditure under this head was formerly covered by the grant for contingencies, and that the estimate for the contingencies during 1872-73 has been reduced from Rupees 500 to Rupees 255. The new charge for extra servants, therefore, only amounts to Rupees 177, and this excess has been considered necessary in order to provide extra servants for the Contagious Diseases' Ward. In conclusion, I would remark, with reference to the estimate of this hospital for 1872-73, that the grand total is below that of the budget grant for 1871-72, as will be seen from the figures in the margin.

Budget grant, 1871-72 ...	RS. 20,693
Estimate for 1872-73 ...	20,271
Decrease...	422

4. The return of expenditure in Civil Hospitals at the Presidency for the month of August has not yet been received from the Examiner of Medical Accounts, so as to enable me to furnish a memorandum of expenditure for diets during the first six months of the Official year 1871-72; but the following statement exhibits the charges under this head, in the hospitals specified, for the six months of this year, from February to July, inclusive:—

		Diet charges.		
		RS.	A.	P.
Triplicane Dispensary ...	...	755	1	1
Hospital for Women and Children, Vepery ...	...	3,048	12	8

No. 150. ORDER THEREON, 26th October 1871, No. 1627.

The estimate submitted with the first of the foregoing letters shows that the probable charges during 1872-73 will be on account of the

		RS.
Triplicane Dispensary ...	...	9,214
Native Infirmary and Black Town Dispensary ...	...	5,778
Hospital for Women and Children at Vepery ...	...	20,272

2. The first item is Rupees 23, the second Rupees 511, and the third Rupees 422 less than the estimate for the year 1871-72.

3. The charge for "Diet to Patients" in the "Hospital for Women and Children at Vepery" will, under the explanation afforded by the Acting Inspector-General in paragraph 2 of the second of the letters above recorded, be reduced from Rupees 10,280 to Rupees 8,000. The charge (Rupees 432) for extra servants is passed, and the estimate for the hospital for 1872-73 will be fixed at Rupees 17,992, or Rupees 2,702 less than the estimate for 1871-72.

4. The Government pass the estimate.

Proceedings of the Madras Government, Public Department,
26th October 1871.

5. The charges to be borne by the Madras Municipality will be Rupees 32,984, viz.:—

		RS.
Triplicane Dispensary ...	...	9,214
Native Infirmary and Black Town Dispensary ...	...	5,778
Hospital for Women and Children at Vepery ...	...	17,992

* Rupees 36,220.

or Rupees 3,236 less than the amount* fixed in G. O., dated the 17th April 1871, No. 491, for 1871-72.

(True Extract.)

Under Secretary to Government.

To the Inspector-General, Indian Medical Department.

already, in the bygone $9\frac{3}{4}$ months
 the in-patients admitted have been
 in number equal to the admissions
 in all 1870. From this it will be seen,
 that in the item of diets for this
 institution, it was requisite to allow
 for a continued increase of inmates
 in 1872-73; and, should an epidemic
 of cholera visit Madras there must
 be a considerable number of admissions
 into the Contagious Diseases ward,
 for which also provision had to be
 made. With these prospective views
 the Medical Officer in charge of
 the Hospital retains the opinion, that
 the sum of Rs 10,280 estimated for
 diets is not excessive. But on examining
 the expenditure under this head for the
 six months from February to July
 (both inclusive) of the current year, I
 find that it amounted only to Rs 3048;
 and I am of opinion on reexamination,
 that Rs 8000 will be sufficient budget

provision for 1872-73.

3 With regard to the charge
 of Rs 432 for extra servants, I beg to
 explain, that the expenditure under
 this head was formerly covered by the
 grant for contingencies, and that the
 estimate for the contingencies during
 1872-73 has been reduced from Rs
 500 to Rs 255. The new charge for extra
 servants, therefore, only amounts to Rs
 177, and this excess has been considered
 necessary in order to provide extra
 servants for the Contagious Diseases
 ward. In conclusion I would remark
 with reference to the estimate of this
 hospital for 1872-73, that the Grand
 total is below that of the Budget grant
 for 1871-72, as will be seen from the
 figures in the margin.

Budget grant	a
1871-72	20698
Estimate for	
1872-73	20271
Decrease Rs	422

4 The return of expenditure
 in Civil Hospitals at the Presidency
 for the month of August has not yet
 been received from the Examiner of
 Medical Accounts, so as to enable me

to furnish a memo of expenditure for
diets during the first 6 months of the
official year 1871-72, but the following
statement exhibits the charges under
this head, in the hospitals specified,
for the six months of this year from
February to July inclusive.
