*Proceedings of the Madras Government, Public Department,
28th October 1871.*

No. 163. Read the following letter from the Officiating President of the Municipal Commission, Tanjore, to the Chief Secretary to Government, Fort St. George, dated Vallam, 31st August 1871, No. 208:—

With reference to the G. O., dated 3rd May 1871, No. 583, Public Department, I have the honour to report that the Municipal Commissioners of Tanjore and Negapatam have erected no buildings of a permanent nature for the use of the Police.

2. As regards the town of Mayaveram Government have, in their Order dated 16th March 1869, No. 702, made over to the Commissioners the old sepoy barracks. As the land on which these buildings stood belonged to the temple authorities of that place, the Commissioners entered into a perpetual lease with them agreeing to pay Rupees 5 yearly on account of the land. The amount realized from the sale of old materials on the barracks was Rupees 27, and this sum the Commissioners are willing to pay back to Government. The Commissioners have also bought 91 Gulies of land as site for Police lines and a Station-house for Rupees 114-8-0. The latter work was sanctioned in G. O., dated 18th January 1871, No. 68; but, as shortly after the new Towns' Improvement Act has relieved the Municipalities of all charges on account of the Police, it has been discontinued. The Government Order under reply refers only to *buildings* of a permanent nature, and not to lands without any buildings on them though they have been acquired with the object of erecting buildings for the accommodation of the Police. Should, however, Government desire to purchase the land on account of the Police, the Commissioners will be glad to make it over to them on receiving as compensation Rupees 85-14-0, being the amount of the purchase money *minus* the Government contribution.

3. At Mannargudi, the Commissioners erected in 1867-68 a Police Substation-house, and the compensation receivable by them on making it over to Government amounts, as shown in the accompanying Statement B., to Rupees 71-4-0.

4. In the Combaconum Municipality, the Town Police Hospital is the only building erected by the Commissioners on account of the Police. The building is pent-roofed (tiled), and provided with ridge ventilation; it consists of one large ward measuring thirty-four feet by eighteen, with a verandah of eight feet all round. There are four doors and four windows all of them venetianed. The ward affords accommodation for eight men allowing $76\frac{1}{2}$ square feet per each bed. The two ends at the back verandah have been walled up into rooms, one of which is used as a dispensary, and the other as a bath-room; on its western side there is a latrine constructed on the dry-earth principle. The net cost of the building was Rupees 1,745. There is a difficulty, however, in finding out the contribution of Government on this amount. In the year 1869-70, in which the building was completed, the Government contribution due to the Commissioners for the whole year has been calculated at one-third of the current receipts, and *not* on the expenditure for purposes specified in Section 25, and the Government contribution would still have been the same even if the cost of this building had not been included in the year's account. In my opinion, therefore, the Commissioners are fairly entitled to receive the whole amount of Rupees 1,745 as compensation on making over the Hospital to Government. The building being moreover quite new, there ought to be no deduction on account of deterioration.

Proceedings of the Madras Government, Public Department,
28th October 1871.

No. 164. ORDER THEREON, 28th October 1871, No. 1639.

The old sepoy barracks at Mayaveram was made over to the Commissioners Revenue Board's Procs., 11th Feb. 1869, No. 897. for the construction of a Cutcherry, and does not appear to have been used by the Police.

2. If the Inspector-General of Police is of opinion that the land purchased by the Commissioners is required for Police purposes, the Government will be glad to take it over. Major Hearn will report on the point.

	Rs.	A.	P.
Cost of building (less commission)	47	4	0
Deduct depreciation, three years	4	4	0
Add cost of site (less contribution)	43	0	0
	24	0	0
Total	67	0	0

3. The payment of Rupees 67, computed as per margin, to the Municipal Commissioners of Mannargudi for the Substation-house is sanctioned.

4. With regard to Combaconum, the Government observe that the contribution for 1869-70, though limited by the receipts, was in fact struck on expenditure of equivalent amount, and consequently a proportionate deduction must be made from the expenditure on the Police Hospital. In 1869-70, the contribution was

	Rs.	A.	P.
Cost of the building	1,745	0	0
Deduct contribution at 23·8 per cent.	425	5	3
Depreciation, 15 months at three per cent.	1,319	10	9
	59	6	1
Total	1,260	4	8

23·8 per cent. of the whole expenditure under Section 25; and, as the building was completed at the end of 1869, 15 months' depreciation is to be deducted. The sum of Rupees 1,260·4·8 should, therefore, be paid to the Commissioners.

No 208
 General Office
 Vallam, Sargu, Loh
 11 August 1870
 H. M. Cadell Esq
 Off: President of the
 Bangalore District
 The Honorable C. S. Ellis Esq
 Chief Secretary to Government
 Oatacamund.

With reference to the L.O.
dated 5 May 1871 No. 533, Public Depart.
ment, I have the honor to report that
the Municipal Commissioners of Saigon
and Negapatam have erected new
buildings of a permanent nature for
the use of the Police.

2. As regards the town of Mayagüez, the Government have, in their order dated 16th March 1869, No 702, made over to the Commissioners the old city of Merced. As the land on which these buildings stood belonged to the simple authorities of that place,

The Commissioners entered into a
contract with them agreeing
to pay Rs. 5000 yearly on account
of the land. The amount realized
from the sale of old materials on
the same premises Rs. 1000 and
this sum the Commissioners are
willing to pay back to Government.
The Commissioners have also bought
21 Gulies of land as site for Police
lines and a Station House for Ru-
pees 14. 5-00. The latter work was
mentioned in G.O. dated 10 January
1868 but as short ly after the
new Town Improvement Act has
relieved the Municipalities of all
charges on account of the Police it
has been discontinued. The Govern-
ment Order under reply refers only
to buildings of a permanent nature
and not to lands without any build-
ings on them though they have
been acquired for the objects

of erecting buildings for the accommo-
dation of the Police; should however
Government decide to purchase the
land, on account of the Police, the
Commissioners will be glad to make
it over to them on receiving
compensation Rupees 85-14- being
the amount of the purchase money
minus the Government contribution.
3. At Marmagudi the Commis-
sioners erected in 1867-68 a Police Sub-
Station House and the compensation
payable by them in making it
over to Government amounts to
shown in the accompanying statement
B to Rupees 71. 4-00.
4. In the Bombay Municipal
the Town Police Hospital is the only
building erected by the Commissioners
on account of the Police. The
building is pent roofed (tiled) and
provided with ridge ventilation;
it consists of one large ward mea-
suring 34 feet by 18 with a verandah

of 8 feet all round. There are
four doors and 14 windows all
of them unobstructed. The ward
affords accommodation for 8 men
allowing 70 sq. feet per each
man. Two rooms at the back
verandah have been walled up
into rooms one of which is used as
a dispensary and the other as a
bath room; on its western side
there is a kitchen constructed on
the dry earth principle. The net
cost of the building was Rupees
1745. There is a difficulty however
in finding out the contribution of
Government on this amount. In
the year 1869-70 in which the build-
ing was completed, the Govern-
ment contribution due to the
Commissioners for the whole year
has been calculated at one third
of the current receipts and not

on the expenditure for purposes spe-
cified in Section 25, and the Govern-
ment contribution would still have
been the same even if the cost of
this building had not been inclu-
ded in the year's account. In my
opinion therefore, the Commissioners
are fairly entitled to receive the
whole amount of Rupees 1745 as
compensation on making over the
Hospital to Government. The build-
ing being moreover quite new,
~~there ought to be no deduction on~~
~~account of deterioration.~~
~~I have the honor to be~~
~~Dear Sir~~
Your most Obedt. Servt.
