*Proceedings of the Madras Government, Public Department,
6th December 1871.*

Read the following papers :—

No. 20. From the President of the Municipal Commission, Bellary, to the Chief Secretary to Government, Fort St. George, dated Bellary, 4th August 1871, No. 69.

I have the honour to submit my report on the operations of the Municipal Commission in the town of Bellary, during the year ending 30th April 1871.

2. The receipts of the Municipality, as shown in Statement C, amount to Rupees 65,105-6-3, which, with the balance of Rupees 11,406-2-2 at the end of the previous year, make the total assets of the Municipality to amount to Rupees 76,511-8-5, exceeding the estimate on that account by Rupees 13,419-3-2; this is attributable to the increase of taxes from tolls, and to a large balance of Rupees 9,083-2-2 brought forward in the beginning of the year, as well as to the increase in the receipts under the head "Fines."

3. Statement B shows the total amount laid out by the Municipality to be Rupees 54,462-14-8. Of this sum, Rupees 20,385-3-6* were disbursed under Section 29 of the Act for purposes other than those specified in Section 25. If from the former sum Rupees 1,469-13-7 be deducted as arrears of last year, and Rupees 11,342-12-6 already paid to the Municipality, the sum of Rupees 803-1-7 will still be due as the State contribution, for the disbursement of which to the Municipality I have the honour to request sanction.

	Rs.	A.	P.
* Section 29	6,742	5	11
Police	8,982	13	7
Road grant	4,660	0	0
Total	20,385	3	6

4. Particulars for the charges incurred during the year under report are afforded in Statement A. They comprise the construction of two new double latrines, one for males, and the other for females, and the erection of a new Police Station in the Cowle Bazaar, at a cost of Rupees 4,043-10-9. A road has also been constructed at a cost of Rupees 1,269-7-4, and 1,384 yards of drains cut, and seventy-six yards built, at a total expenditure of Rupees 1,751-9-6. These improvements have cost the Municipality Rupees 12,126-8-4 greatly in excess of the allotment of Rupees 7,900 on that account.

5. The same remark is applicable to the expenditure, amounting to Rupees 20,100-13-7, on account of the repair and construction of twenty-seven miles of road, twenty miles being metalled with granite and almost entirely re-made, and the repair of the Cowle Bazaar and Bruce Pettah Police Stations. These were estimated to cost Rupees 9,150.

6. The accounts were audited by Mr. Gregory, the Accountant of the Branch Bank of Madras, and found correct. His certificate is enclosed. The necessary statements accompany this report.

7. The question of the water supply is one that occupied the serious consideration of the Commissioners at the close of the year. Scarcity of water was experienced in the previous year, but most severely felt in the year under report. The almost total failure of the monsoon was followed by a severe drought, so that the water in the wells of the town which are fed by percolation from an

adjoining large tank which was then dry failed. It was, therefore, found necessary to make use of the means at the disposal of the Municipality in clearing and deepening wells, and to arrange with the Railway authorities to bring in 20,000 gallons of water by train daily from the Huggery, to be stored in iron tanks which the Government placed at the disposal of the Municipality. A timely fall of rain on the very day before these arrangements were brought into force followed by further showers averted the necessity for carrying out the contemplated scheme. But, as such a contingency may recur at any time, a Committee has been appointed for considering plans for securing a permanent water supply, so as to avert the recurrence of a drought like that with which this Municipality was threatened.

8. There was hardly any sickness in an epidemic form during the year under review. Cholera sheds were erected in anticipation of any outbreak of the disease, but it did not make its appearance except in one case which proved fatal, brought in probably from Cuddapah. Necessary measures were taken, and the disease was stopped.

9. During the past year 26,960 square yards covered with prickly-pear have been cleared, and the Municipality hope in time to remove it entirely.

10. CONSERVANCY.—The conservancy adopted in the latrines of this Municipality is a slight modification of Dr. Ranking's system. The flooring of the latrines, which is of good gravel rammed down, is strewn with dry earth to a depth of about two inches which is removed every alternate day. This has been adopted with regard to the funds at the disposal of the Commission, and appears to work very well.

11. There are also 200 dust boxes now in use. The conservancy arrangements are carried on by the paid servants of the Commissioners; they have abolished the contract system.

No. 21. From the Vice-President of the Municipal Commission, Bellary, to the President of the Municipal Commission, Bellary, dated Bellary, 21st August 1871, No. 477.

I have the honour to request you will be good enough, with reference to G. O., No. 583, dated 3rd May 1871, Public Department, to move Government to sanction the payment to the Bellary Commission of the sum of Rupees 4,258-7-1,* net outlay incurred in building the Cowle Bazaar Police Station which was made over to Government by the Commissioners three months ago.

2. The funds of the Municipal Commission being very low at present, the above amount is very urgently required.

Submitted to Government, in continuation of the President's letter, No. 53, dated June 22nd, 1871.

(Signed) W. S. FOSTER,
President.

No. 22. From the Acting President of the Municipal Commission, Bellary, to the Chief Secretary to Government, Fort St. George, dated Bellary, 11th October 1871, No. 92.

I have the honour to request you will be good enough to obtain, at an early date, the orders of Government regarding the disbursement to the Municipal Commission of Bellary of the sum of Rupees 4,258-7-1, referred to in letter, No. 477, from the Vice-President to my address, dated 21st August last, and which I submitted in original to you on the 22nd August last, as the Commission being in urgent want of funds have addressed me again on the subject.

No. 23. From the Acting President of the Municipal Commission, Bellary, to the Under Secretary to Government, Fort St. George, dated Bellary, 7th November 1871, No. 98.

With reference to your Memorandum, No. 288, dated 18th ultimo, I have the honour to submit the Auditor's report on the accounts of the Bellary Municipality for the year ending 30th April 1871.

2. The sum of Rupees 5,677-14-9 is the total expenditure on account of the Cowle Bazaar Police Station-house, towards which Government have already contributed Rupees 1,419-7-8. The net outlay would, therefore, amount to Rupees 4,258-7-1, as per paragraph 1 of Government Order dated 3rd May 1871, No. 583.

3. I learn from the Superintendent of Police that the statement he rendered of Police charges exhibited the pay and allowances of the constabulary, from May 1870 to April 1871, at Rupees 729-11-3 monthly, omitting the two items in the margin appertaining to 1869-70, besides this two sums of Rupees 729-11-3, paid on the 3rd May and 30th June 1871, omitted from Statement A as not paid within the official year, are included in the statement of the Superintendent of Police. Hence the difference.

4. The Police charges are always paid monthly in arrears.

5. The sum of Rupees 60 is made up of two items, 50 Rupees, which were refunded as per proceedings of the Municipal Commission dated 6th June 1870, on another locality being selected for a bandy-stand after the sale of the contract, and 10 Rupees on account of an over-credit in the accounts for 1869-70, as per report of the auditor for that year. Particulars for the sum of Rupees 1,610-5-7 are entered in the margin. The fines and miscellaneous receipts of the Municipality amount to Rupees 1,708-14-6, and not Rupees 1,714-2-6. The total collections on this account, both

Total	2,012	2	6

From Mr. H. A. GREGORY, Accountant of the Madras Bank, to the President of the Municipal Commission, Bellary, dated Bellary, 20th May 1871.

With reference to your letter, No. 53, dated 3rd instant, I have the honour to inform you that I have gone through all the accounts of the Municipality from the month of May 1870 to the end of April 1871, and certify that they appear to be carefully prepared and regularly kept, and every item of receipts and charges supported with its proper vouchers.

2. The opening balance of the Municipality was Rupees 11,406-2-2; the actual collected Rupees 65,105-6-3, making a total of Rupees 76,511-8-5 as per Statement C. The disbursement amounted to Rupees 74,948-2-2, leaving a balance of Rupees 1,563-6-3, as per Statement A certificate is herewith enclosed.

No. 24. ORDER THEREON, 6th December 1871, No. 1803.

The receipts of the Municipal Commissioners of Bellary, in 1870-71, are shown

	RS.	A.	P.
Current—

Total	76,511	8	5

establishments, whose cost is regarded as expenditure under Section 25, must be set off in computing the State contribution. The President will report the net result of the land sold by the Commissioners, and how it was acquired by them.

*Proceedings of the Madras Government, Public Department,
6th December 1871.*

2. The following items in Statement A will be altered as follows:—

New works.

Police Station, removed to Police.

Repairs of „ „ to „

Conservancy.

Compensation for buildings to *New works*, purchase of tools for wells, and improvements of a channel, to purposes other than those specified in Section 25, and from the last head to establishment a number of petty items (Rupees 3,567-9-11 in Statement A). These corrections being made the statement of expenditure is summed up as follows:—

	RS.	A.	P.
New Works	9,082	13	7
Repairs	19,972	3	0
Conservancy	20,765	10	2
Police	13,155	2	11
Establishment	5,193	12	4
	68,169	10	0
Purposes, &c.	6,718	8	2
Refunds	60	0	0
	74,948	2	2
Balance	1,563	6	3
Total	76,511	8	5

3. There appears to have been great confusion as to the charges for Police. The demand for the twelve months ending April 1870, was, according to the statement now submitted, Rupees 11,182-15-9. Adding to this a sum included in the statement to be recovered for 1869-70 Rupees 302-6-1, and similar sums not so included, but amounting, according to the President's letter, to Rupees 1,685-13-1, together with the balance of charges specified in the statement sent up with the accounts of 1869-70, uncovered by the payments made in that year (*vide* G. O., 8th October 1870, No. 1249, paragraph 4) Rupees 629-4-4, the total demand against the Commissioners for the year was Rupees 13,800-7-3, on account of which they should have paid Rupees 10,350-5-5. They paid within the year Rupees 8,982-13-7, or too little by Rupees 1,367-7-10; but in May and June 1871 they made payments amounting to Rupees 1,459-6-6, and, therefore, Rupees 91-14-8 are to be refunded to them. This confusion shows how carelessly the police accounts have been kept. The President will report if the assumptions above made as to the surcharges for 1869-70 are correct.

4. The contribution is to be struck on the current receipts, and will be Rupees 14,405-8-6. The Commissioners have drawn Rupees 11,342-12-6, and, in the last paragraph, have been given credit for Rupees 3,450-1-10, but have drawn as arrears Rupees 16-13-8 less than was sanctioned in G. O., 8th October 1870. The net result, after setting off the police refund, is that they must pay to Government Rupees 278-9-6.

*Proceedings of the Madras Government, Public Department,
6th December 1871.*

5. The Commissioners claim on account of their expenditure on the Cowle Bazaar Police Station Rupees 4,258-7-1, or three-fourths of the total outlay Rupees 5,677-14-9. The Government presume that a portion of this is for repairs or for some other work, as they cannot find, in the accounts which have been submitted for 1867-68, 1868-69, or 1869-70, any expenditure on the building, and in those now reviewed only Rupees 4,043-10-9. The contribution above sanctioned for 1870-71 being 23-8 per cent. of the expenditure to be taken for such computation (Rupees 63,115-10-0) the deduction to be made from the above sum is Rupees 911-8-0, leaving Rupees 3,132-2-9, the payment of which is sanctioned.

6. The report is highly gratifying as to the general working of the Act. The roads appear to be well cared for and the conservancy excellent, though the Government would have wished for more details of the expenditure. The health of the population during the year appears to have been good.

(True Extract.)

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letters from

the Acting Collector and
President Municipal Council
Commission of Bellary, dated 4th
and 21st August, 11th October
and 7th November 1891 &c &c
69.477, 92 and 98.

Order thereon, 6th Decr. 17, No. 1803.

The receipts of the Municipal Commissioners of Bellary in 1890-91. are shown in the marginal abstract. From the President's letter of the 7th November 1891 it appears that in statement C the proceeds of the sale of ground and of dead trees, were included under licenses, and with fines on a number of items, fines on establishments

Current

Rates on houses &c	13111-14-8
Tolls	16845-0-0
Fines on Vehicles &c	10,271-2-8
Registration of Carts	1517-11-6
Licenses	836-13-4
Fines &c	833-15-6
State Contribution	48216-9-5
	11,342-12-6

Arrears

Rates on houses &c	6554-7
Tolls	1787-8-
Licenses	221-10-8
Statement	1469-13-7
Other receipts	4134-4-10
Balance	6411-11-3
	11406-2-2
	76,511-8-5

establishments, forfeited deposits, and surplus cattle pound fees were entered. These are not items with reference to which Government will contribute; and they observe that ^{Sec. 7} Pt. 284 - is the amount of fines on establishments, whose cost is regarded as expenditure under Section 25, must be set off in computing the state contribution. The President will report the nature of the land sold by the Commissioners how it was acquired by them.

2. The following items in statement A will be altered, as follows.

New works
Police station, removed to Police.
Repairs of D^o - - - - - to D^o -
Conveyance.

Compensation for buildings to New Works purchase of tools for wells, and improvements of a Channel; to purposes other than those specified in Section 25, and from the last head to Establishment a number of petty items (3, 5, 6, 7, 9, 11, in Pt. A) These corrections being made the statement of expenditure is

The nature of the land sold by the Commissioners how it was acquired by them.

is summed up as follows.

New works	9082-15-7
Repairs	19972-3-0
Conveyance	20,765-10-2
Police	18,153-2-1
Establishment	5193-12-4
Purpose of year	68,169-10-0
Refunds	6,718-8-2
	60-0-0
Balance	74,948-2-2
	1668-6-0
	76511-8-2

3. There appears to have been great confusion as to the charges for Police. The demand for the twelve months ending April 1870 was, according to the statement now submitted, Pt. 11, 182-16-9. Adding to this a sum included in the statement to be recovered for 1869-70, Pt. 302-6-0 and similar sums not so included but amounting according to the President's letter, to Pt. 1685-13-1, together with the balance charges specified in the statement sent up with the accounts of 1869-70, uncovered by the payments made in that year

(Vide G.O. 8th October 1870 No 1249 para 4) No 629-4-4, the total demand against the Com-
missioners for the year was
Rs 13800-7-3, on account of
which they should have
paid Rs 10350-5-5. They
paid within the year, Rs

8982-13-7 or too little by
Rs 367-4-10; but in May
and June 74 they made
payments amounting to
Rs 1459-6-6, and therefore
Rs 91-14-8, are to be refunded
to them. This confusion
shows how carelessly the
police accounts, have been
kept. The President will
report if the assumptions
above made as to the sur-
charges for 1869-70, are correct.

4. The contribution is to be struck
on the current receipts and
will be Rs 14,405-8-6. The
Commissioners have drawn
Rs 11,342-12-6, and in the
last paragraph, have been
given

10350-5-5
8982-13-7
13800-7-3
367-4-10
1459-6-6
91-14-8

14405-8-6
11342-12-6
3450-1-10
14792-14-4
387-5-10
16-13-8
370-8-2
91-14-8
278-9-6

35 10
given credit for Rs 3450-1-10.
but have drawn as arrears
Rs 16-13-8. less than was
sanctioned in G.O. 8th October
1870. The net result after setting
off the police refund, is,
that they must ^{pay} to Govern-
ment Rs 248-9-6.

5. The Commissioners
claim on account of their
expenditure on the Cowle
Bazaar Police station &
Rs 4258-7-1 or $\frac{3}{4}$ of the total
outlay Rs 5674-14-9. The
Government presume that
a portion of this is for re-
pairs or for some other
work, as they cannot find
in the accounts which
have been submitted for 1867-68.
1868-69, or 1869-70, any ^{on the building} ex-
penditure, and ^{for new} those re-
viewed only Rs 4043-10-9.
The contribution above sanc-
tioned for 1870-1, being 22.8
per cent of the expenditure
to be taken for such a
computation

computation (No. 3115-10-2)
the deduction to be made
from the above sum is
No. 911-8-2 leaving No. 3132-2,
the payment of which
is sanctioned.

b. The report is highly
gratifying as to the general
working of the act. The
roads appear to be well
cared for, and the conser-
-vancy excellent though
the Government would
have wished for more
details of the expenditure.
The health of the population
during the year appears
to have been good.
