*Proceedings of the Madras Government, Public Department,
6th December 1871.*

No. 30. Read the following letter from the Inspector-General of Ordnance and Magazines, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 23rd November 1871, No. 266-G:—

Ordnance Department.

I have the honour to bring to notice, with reference to Proceedings of Government,* that the Revenue Board have intimated that the French paper obtained from Messrs. Glenisson Fils, of Bordeaux, through their Agents, Messrs. Arbuthnot and Co., of Madras, is unsuitable for the purpose for which it is required in the Revenue Department.

2. This paper is stated to be exactly of the quality and description previously approved by the Revenue Board and High Court authorities, but now the former state that, in consequence of its inferior quality, it is not adapted for correspondence and accounts, whereas from the latter there have been no complaints.

3. When the paper was first obtained, the Superintendent of Stationery was instructed by the Revenue Board to estimate 20,000 Reams as the annual supply for the Revenue Department. The demand in 1869-70 was 21,730 Reams, but since then the demand has fallen to Reams 10,147 in 1870-71, and 13,385 Reams in 1871-72.

4. Under the Resolution† of the Government of India in the Financial Department, recorded in Proceedings of Government,‡ restricting expenditure in India for European Stores, the purchase of paper locally is prohibited. But paper is procurable in England superior to the French manufacture complained of. For instance "Printing double foolscap," a sheet of which is equal to two sheets (large size) of the former, and costs a comparatively fair price; but if French paper of a superior description be preferred, that also can be obtained. The Right Honourable the Secretary of State for India in Despatch§ recorded in Proceedings of Government, No. 1586, dated 20th October 1871, states "French paper can no doubt be provided as cheaply from England as if obtained direct from Bordeaux."

5. The Revenue Board have sent samples of French paper, which they consider suitable for the purpose of the Department under their control, which samples will be forwarded to the Secretary of State for India by the Superintendent of Stationery with his general indent.

6. There is at present a large stock of the French paper complained against; it is not desirable that it should be set aside. The quantity that will be on hand, after Messrs. Arbuthnot and Co. have completed the minimum supply for the current year's contract, will be ample for the next year's demands, and, under ordinary circumstances, will become exhausted in February 1873; and as it will be advantageous to Government that the whole of the stock of French paper be used up before any of a better description is issued, I beg to suggest that the Revenue authorities be directed to use the French paper until the supplies on hand are exhausted.
