*Proceedings of the Madras Government, Public Department,
13th December 1871.*

No. 79. Read the following letter from the Acting President of the Municipal Commission, Bellary, to the Chief Secretary to Government, Fort St. George, dated Bellary, 3rd August 1871, No. 68:—

I have the honour to submit the report of the Vice-President on the operations of the Anantapur Municipality for the year ending 30th April 1871, accompanied with Statements A, B, and C, and the certificate of the Auditor.

2. The receipts according to Statement C amount to Rupees 8,312-8-10; this includes a balance of Rupees 321-9-9, brought forward at the commencement of the official year.

3. The receipts as compared with the estimate are more or less approximate; except in the item "Tolls," which have realized Rupees 4,429-2-8, showing an excess of Rupees 629-2-8 over the estimate, while the amount realized as tax on carriages and carts fell short of the anticipated amount by Rupees 110. But the receipts as compared with the actual net income of the previous year exclusive of the Government contribution and the balance brought forward, there is an increase of Rupees 870-12-1, which is to be ascribed principally to the toll farm having realized more than in the previous year.

4. In the charges incurred by the Municipality the variations from the estimate are great in two instances, as in the item "New Works" the estimate provides Rupees 1,550, whereas the outlay on that account amounted to Rupees 1,983-1-6, or an excess of Rupees 433-1-6 above the estimate.

5. Under the item "Repairs" there is an increase of Rupees 519-5-6 over the estimate, which provided only Rupees 1,000 on that account.

6. The charges on account of "Police" are less by twenty per cent. than the estimate, while the charges for establishment exhibit an increase of nearly Rupees 90 over the estimate, which is accounted for in the appointment of a Vaccinator in the Municipality during the year under report. The Government contribution towards the Municipality amounts to Rupees 1,151-13-3, leaving a sum of Rupees 365-1-7 still due, for the disbursement of which I have the honour to request sanction.

7. The works carried out by the Municipality during the year under report are detailed in Statement A. There are none of any importance and call for no remark.

8. I am glad to have to record that during the past year there has been no outbreak of epidemic disease in this Municipality, and, as regards other diseases, the town has been comparatively free.

9. Twenty-five dust-boxes, at a cost of Rupees 160, have been added to those already existing, making eighty in all.

10. It was thought necessary, on sanitary grounds, to remove two latrines situated in the middle of the town to the outskirts, where a large one has been built at a cost of Rupees 250-7-2. The Municipality think that it would be desirable to remove all the latrines; but such a step would entail much expense on them, as there are valuable wet lands surrounding the town, and the compensation demanded would be considerable. This, however, may perhaps be done eventually, as well as the walling-in of all the bandystands. The Municipality, however, has

*Proceedings of the Madras Government, Public Department,
13th December 1871.*

made a beginning in enclosing one with a wall of brick-in-mud at a cost of Rupees 562-4-6.

11. The roads commenced in last year have been completed with side channels and revetments at a total cost of Rupees 1,010-5-10, and this has tended greatly to the improvement of the town. A sum of Rupees 281-6-0 has also been expended in the repair of roads previously existing. Considerable progress has also been made in drainage, leaving but little to be done. Several low and swampy places which, during the wet weather, were marshes, were raised and improved, and some efforts have been made towards the formation of avenues.

12. The town, considering its extent (which is not great), is comparatively well-lighted, having fifty lamps, twenty-seven being added in the year under report. It is proposed to add ten more to the number. Permanent stone lamp-posts have also been substituted for the wooden ones now in use.

13. The charges on account of the maintenance of the Police debitable to Municipal Funds have amounted to 525 Rupees.

No. 80. ORDER THEREON, 13th December 1871, No. 1838.

Current—		Rs.	A.	P.	The Municipal Commissioners of Anantapur received in 1870-71 Rupees 6,079-11-5 from current, and Rupees 25-6-0 from arrears taxes. Including the balance in hand and the sums drawn in cash as State contribution, they had at their disposal Rupees 7,947-7-3. From the Superintendent's account now submitted it seems that a further sum, Rupees 15-11-6, was due for 1869-70, which, with the cost for 1870-71, Rupees 684-5-3, made the demand against the Commissioners Rupees 700-0-9, and the share immediately payable by them Rupees 525-0-7. They are said to have paid within the year Rupees 523-5-1, though the Superintendent's account shows the last instalment to have been paid on 2nd May 1871, or after its close.
