Dated	18-2-	1871

*Proceedings of the Madras Government, Public Department,
18th February 1871.*

No. 64. Read the following letter from the Collector of South Arcot, to the Chief Secretary to Government, Fort Saint George, dated Mercanum, 23rd January 1871, No. 8:—

At the request of the Native Surgeon in charge of the Branch Dispensary in Old Town, Cuddalore, I have the honour to forward to Government the accompanying report on the working of the institution during the past year, together with copy of the Native Surgeon's covering letter.

2. The Dispensary in question continues to maintain its character for usefulness, and is, no doubt, much valued in the locality where placed, for otherwise the remnant of the old dépôt and the widows and children of deceased pensioners would simply be without medical aid and treatment of any kind, as well as the large native population of the town itself.

3. The Native Surgeon I believe to be industrious, able, and zealous in the performance of his duties.

4. The proposal of Mr. Ignatius to extend the premises of the present Dispensary and to add to its out-buildings will have due consideration after my early inspection of the locality; and, if it be possible to induce the Municipal Commissioners to incur the cost, this may be done; otherwise, if I concur in the necessity for the proposed additions, I will again address Government in view to the needful grant of funds.

No. 65. ORDER THEREON, 18th February 1871, No. 219.

The Government are pleased to learn, from the foregoing letter and the report submitted with it, that the Branch Dispensary in Old Town, Cuddalore, continues to be much valued and resorted to by the sick of all classes.

2. The additions proposed to the Dispensary and to its out-buildings must be deferred until the Local Funds' Bill is passed, if the Municipal Commissioners are unable to assign the funds required for the purpose.

Sir,

In forwarding the accompanying copy of the Annual Report for 1870 on the working of the Old Town Dispensary Cuddalore for your favorable notice & subsequent submission to Government, I respectfully venture to your kind attention to the fact of the two fold purposes, viz as a place of Medical relief & school, which this institution, ever since its establishment now extending over a period of ten years, has from force of local circumstances unforseen been quietly led to serve tho' in a small but steady way.

In the latter capacity as well as in the former the utility of this institution is being gradually more and more appreciated & availed of by the people & since last Report

Directing that the additions proposed to the French Dispensary in Old Town, Cuddalore, and to its out-buildings be deferred until the Local Funds Bill is passed, if the Municipal Commissioners are unable to assign the funds required for the purpose.

Report more applicants for instruction than
the place can conveniently accommodate
have been applying to me for admissions.
With your kind permission as the Patron
of this Disp. I purpose to take a few more
only say 4 or 6 pupils in all & to teach them
during the year. For the meeting of this
class and especially for other urgent purposes
named below, there is a place adjoining the
Hospital which was lately inspected by
the Municipal Secretary and Mr.
Fanecca the Asse for during their own
rounds thro' the Town and who afterwards
casually meeting me suggested the advisa-
bility on the score of health & comfort to
the inmates of the Hospital of purchasing
and adding it to the Dispensary: to which as
is well known there are no "Dead house" and
proper place for privy these being also a
long felt want and which could be now
conveniently met by taking this House.
At

x a temporary
Thatched Shed-

At present the Hosp. Latrine is ⁵⁰
situated in the compound of another man
and the Post-mortem examination of cases
brought by the Police is obliged to be con-
ducted in an exposed part of the Dispensary
building.

The value of the house referred to
and its premises and the cost of repairing &
putting them in order so as to fulfil the
above requirements are roughly estimated at
Rs. 300. Therefore earnestly beseeching you
kindly granting this amount either from
the Local or Municipal Funds as may
be found expedient. However should it
meet your approbation to pay this sum
out of the Municipal resources I
venture to beg that your kind sanction
may be accorded for the payment of the
same in advance on account of the Donation
of Rs. 300 which usually the Municipality

sets

I set aside yearly in favor of this Hospital
I beg to enclose a Bill for the amount:-
