*Proceedings of the Madras Government, Public Department,
18th February 1871.*

Read the following papers:—

No. 70. From the Colonial Secretary, Labuan, to the Chief Secretary to Government, Fort Saint George, dated Labuan, 17th December 1870.

I am directed by His Excellency the Governor of Labuan to inform you that the Earl of Kimberley, Her Majesty's Principal Secretary of State for the Colonies, has been pleased to appoint Mr. James Hugh McClosky to be Colonial Surgeon of Labuan, *vice* the Hon. J. G. Treacher who retires on a pension.

2. The Government of this Colony is much indebted to the Government of Madras for having some years ago received from the Subordinate Medical Establishment of Madras so efficient an Apothecary as Mr. McClosky. That gentleman, having availed himself of his leave of absence to study in the Hospitals of London and Edinburgh, obtained the diploma of the Apothecaries' Hall of London, and qualified himself for the honourable office to which the Secretary of State has now promoted him.

3. This promotion renders the post of Colonial Apothecary of Labuan vacant; and I am directed to ask again for the favour of the assistance of the Government of Madras in filling up the vacancy. The salary of the appointment here will be sixty dollars a month, and an allowance of eight dollars in addition.

4. The Secretary of State for the Colonies has sanctioned the Governor's proposal of endeavouring to obtain an Apothecary from the Madras Service, and if Mr. Tallent, an Assistant Apothecary, who had charge of the last Detachments of the Madras Troops that served here, would accept the appointment, His Excellency the Governor would be glad to give it to him.

5. His Excellency has, however, no doubt whatever but any subordinate that the Medical Department in Madras may be good enough to select will give satisfaction in Labuan.

—

Referred to the Inspector-General, Indian Medical Department, for report whether Mr. H. Tallent's services can be made available for the duty referred to. If not, whom he would recommend.

FORT SAINT GEORGE,
26th January 1871.

(Signed) R. S. ELLIS,
Chief Secretary.

No. 71. From the Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 2nd February 1871, No. 36.

In returning the letter of date the 17th December 1870, from the Colonial Secretary of Labuan, referred under your memorandum of the 26th January, I have the honour to state, for the information of Government, that the services of Assistant

Apothecary Tallent were placed at the disposal of the Government of the Straits' Settlements in the order marginally noted.

2. With reference to the further request that, failing Mr. Tallent, some other subordinate may be detailed for the duty, I beg to state that I shall be prepared to nominate an Assistant Apothecary to serve there for three years, the usual period

*Proceedings of the Madras Government, Public Department,

of foreign service, should Government sanction the arrangement. At the same time I think it desirable to bring to notice that no subordinate will volunteer for the duty, as the pay offered, viz., 68 dollars, equivalent to Rupees 153, is only 3 Rupees in excess of the pay and allowances of an Assistant Apothecary of five years' standing serving in India, while a residence in Labuan is considered very undesirable on account of the unhealthy nature of the climate, and the enhanced expense of living.

3. I am, therefore, of opinion that some greater inducement might be offered by the Labuan Government to compensate for the inconveniencies of service there, and to lead subordinates to enter on the duty willingly.

No. 72. ORDER THEREON, 18th February 1871, No. 221.

Resolved that the Inspector-General, Indian Medical Department, be instructed to depute a medical subordinate to Labuan, and that the following letter be addressed to the Labuan Government :—

(Here enter 18th February 1871, No. 222).
