

MADRAS RECORD OFFICE.

Government of Madras.

Public DEPARTMENT

G.O. No.	24	Press Mis.
Dated	9-1-	48 7/1.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Department,
9th January 1871.*

No. 16. Read the following letter from the Honourable the Colonial Secretary, Colombo, to the Chief Secretary to Government, Fort Saint George, dated Colombo, 20th December 1870, No. 68 :—

I am directed, by the Governor of Ceylon, to transmit to you, for the information of the Right Honourable the Governor of Madras in Council, the enclosed copy of a letter from the Principal Civil Medical Officer and Inspector-General of Hospitals of this Government, with the return of deaths from Cholera in this Island during last month.

From the Principal Civil Medical Officer and Inspector-General of Hospitals, to the Honourable the Colonial Secretary, Colombo, dated Colombo, 7th December 1870, No. 437.

I have the honour to transmit my return showing the deaths from Cholera in the Island of Ceylon during the month of November.

2. Six only have been reported, and these were coast coolies proceeding along the Central road towards the interior.

3. The disease has not spread to any inhabitant.

4. As I observe, by the report of the Sanitary Commissioner under date the 18th November, that Cholera is almost extinct in every part of the Madras Presidency, it is probable that, with the exception of a few isolated cases which may yet continue to occur among immigrant coolies, the disease will not re-appear in Ceylon during this season.

Proceedings of the Madras Government, Public Department,
9th January 1871.

Return showing Deaths from Cholera in the under-mentioned Towns and Districts, received from the Medical Officers, during the month of November 1870.
