*Proceedings of the Madras Government, Public Department,
23rd March 1871.*

No. 115. Read the following letter from the President of the Municipal Commission, Calicut, to the Chief Secretary to Government, Fort Saint George, dated Calicut, 9th March 1871, No. 9:—

With reference to G. O., dated 27th January 1871, No. 123, I have the honour to explain that it is not the intention of the Commissioners to limit the sale of necessities to the market-place, as all private shops, of which there are innumerable all along the sides of the road, would be available for their sale. What is intended is to prevent the sale of these articles to be carried on by assemblages of people in the high road, or in open public spaces adjoining. Such spots in Calicut are very few, and limited in extent. Such sale creates a great public nuisance, and no proper supervision can be maintained.

2. The Commissioners have it in contemplation to establish minor markets in various parts of the Municipality, and would enforce this bye-law only when the vicinity of a market rendered it both desirable and unobjectionable.

3. Under these circumstances, I trust that the Government will no longer object to sanction the two bye-laws proposed, and would beg an early disposal of the matter.

No. 116. ORDER THEREON, 23rd March 1871, No. 392.

As it appears that the first bye-law has not been proposed by the Commissioners of Calicut in the interest of their new market, and on the understanding that it will not be oppressively or vexatiously enforced, His Excellency the Governor in Council is pleased, under Section 143 of the Towns' Improvement Act, to approve and confirm it, and directs that it be published for one month in the *Malabar District Gazette*.

2. The second of the proposed bye-laws is disallowed. The existing bye-law on the subject of cattle straying is sufficient in the public interest, and private landholders must protect their crops by proper fences.

3. The unnecessary multiplication of restrictions on innocent proceedings is to be deprecated as tending to make the Act unpopular.
