

*Proceedings of the Madras Government, Public Department,
29th March 1871.*

No. 129. Read the following letter from the Collector of Madura, to the Chief Secretary to Government, Fort Saint George, dated Madura, 14th March 1871, No. 436:—

I have the honour to forward an estimate for Rupees 2,200, for repairing the Sundapettah bungalow, belonging to the Lying-in-Hospital at Madura.

2. I have carefully examined the bungalow with Lieutenant-Colonel Roberts, and am of opinion that the proposed repairs must be carried out at once. The whole of the upper story is in a dangerously leaky state, and the late heavy rains in Madura have rendered more than half the house uninhabitable. I have agreed to deduct 40 Rupees per mensem from the rent of 105 Rupees till the repairs are completed. Had I not done so, the house would have been left without a tenant.

3. In November 1869, there were, I understand, very heavy freshes in the Vigay. When the flood attained its greatest height, part of the compound of the bungalow was flooded, and soon after several cracks appeared in the walls. It is believed, by those competent to judge, that, in consequence of the great moisture, a partial subsidence of the foundations took place, which has injured both the walls and roof. Lieutenant-Colonel Roberts and the 1st Range Officer, Mr. Leggatt, are of opinion that, if the repairs now proposed are executed, the building will be in a safe and substantial condition for many years.

4. It will be necessary to execute the repairs from the capital of the hospital, as there are no funds on hand; and, after their execution, I propose to put up the bungalow at auction to public competition at an upset price of Rupees 10,500. I think, when repaired, it will probably sell for Rupees 12,000.

5. These proposals have the approval of the Committee.

6. The orders of Government are requested at an early date.

No. 130. ORDER THEREON, 29th March 1871, No. 412.

His Excellency the Governor in Council resolves, under the circumstances set forth in the foregoing letter, to sanction the estimated outlay of Rupees (2,200) two thousand and two hundred for the repair of the bungalow at Sundapettah, belonging to the Lying-in-Hospital at Madura.

2. His Excellency in Council also approves the Collector's proposal to sell the bungalow if a fair price is offered. The money realized should be invested in Government Securities.

Madras.

Sir,

I have the honor to forward an estimate for Rupees 2200 for repairing the Sandapattah Bungalow belonging to the Ling-in-Hospital at Madras.

I have carefully examined the Bungalow with Lieutenant Colonel Roberts and am of opinion that the proposed repairs must be carried out at once. The whole of the upper story is in a dangerously leaky state and the late heavy rains in Madras have rendered more than half the house uninhabitable. I have agreed to deduct 40 Rupees per mensem from the rent of 105 Rupees till the repairs are completed. Had I not done so, the house would have been left unoccupied & lost.

3. In November 1869 there were sudden very heavy freshes in the Vigar, when the flood attained its greatest height, part of the compound of the Bungalow was flooded and soon after several cracks appeared in the walls. It is believed by those competent to judge, that in consequence of the great moisture a partial subsidence of the foundations took place, which has injured both the walls & roof. Lieut Col. Roberts and the 1st Range Officer Mr. Leggatt are of opinion that if the repairs now proposed are executed the building will be in a safe & substantial condition for many years.

4. It will be necessary to execute the repairs from the capital of the Hospital as there are no funds on hand and after their execution I propose to put up the Bungalow at auction to Public competition at an upset price of Rupees 10,500. I think when repaired it will probably sell for Rupees
