G.O. No.	437	Presd Mls.
Dated	1-4-	1891

Not to be folded or roughly handled

Sm

PUBLIC DEPARTMENT.

No. 437.

From

THE HON. R. B. ELLIS, C.B.,

Chief Secretary to the Government of Port Saint George,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

Sir,

I am directed to submit, for the orders of Government of India, the enclosed copy of an application, with enclosure, received from the Inspector General, Indian Medical Department, for an allowance of Rspees 200 per mensem, to be assigned to Dr. King, the Chemical Examiner, for receiving and reviewing annually the results of the work of the Analysts of the Potable Waters in this Presidency.

2. The Madras Government are not prepared to make any recommendation on the question raised by Mr. Mackenzie, as it is difficult at present to determine the amount of labour involved in the review proposed to be executed by the Chemical Examiner.

3. As, however, it would appear that such an allowance is assigned to the Chemical Examiner in Calcutta, the Government propose to submit Mr. Mackenzie's application to the Government of India for the orders of the Government of India.

I have the honour to be,

Sir,

Your most obedient servant,

Fort Saint George,

1st April 1871.

Chief Secretary.

From W. MACKENZIE, Esq., M.D., Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 17th March 1871, No. 54.

I have the honour to forward, for the consideration of Government, an application from the Chemical Examiner, for some special allowance for the duty of receiving and reviewing annually the results of the work of the Analysts of Water in this Presidency, which he was directed to undertake in G. O., No. 1366, of 24th October 1870.

2. Dr. King brings to notice that the Chemical Examiner, Calcutta, receives a monthly salary of Rspees 200, in addition to ordinary pay, for analogous duty, and, as he believes that the annual work of his office is quite as onerous as that in Calcutta, he, therefore, trusts that similar consideration may be extended to him.

2. He considers that provision has been made for such an allowance under the head of "Contingent Expenses" in the grant sanctioned for conducting the analysis scheme,* but it appears to me probable that the greater portion of the sum thus allotted will be absorbed by the travelling, laboratory, and other expenses of the Analysts. While, therefore, recommending his claim for favourable consideration, I would respectfully suggest that the allowance may be met from general savings in the Military Budget Estimates.

From Surgeon H. KINLOCH, A. S. C., Chemical Examiner, Madras, to the Inspector-General, Indian Medical Department, Fort St. George, Madras, dated Madras, 19th March 1871, No. 41.

With reference to the letter No. 1300, dated 25th October 1870, regarding the Chemical Examiner to Madras and enquiring into the fees to be paid by the Analysts of Madras to the Presidency, I have the honour to request that you will be good enough to represent to Government, in my behalf, that the Maintenance of Madras required a salary of Rs. 200 per annum in addition to the pay as Chemical Examiner, under Provisions of the Madras Government, Military Department, 11th March 1870, No. 220, for the performance of the duty which the Order of Government now requires upon me, and to ask that a similar extra allowance be made to me in consideration of similar additional duty.

3. The ordinary work of the Chemical Examiner in Bengal alone (the North West Frontier, the Punjab, Oudh, the Central Provinces, and Burma) being Chemical Examiner independently of Calcutta cannot, I think, be more onerous than mine.

4. Sufficient provision for the allowance appears to be made under the head of "Contingent Expenses at Madras" in the letter from the Government of India included in the Proceedings of the Council.

1st Lt. U.S.A.
