*Proceedings of the Madras Government, Public Department,
14th April 1871*

Read the following papers -

No. 11 From the Treasurer, Madras Choultry, to the Chief Secretary to Government, Fort Saint George, dated Madras, 23rd March 1871

At a meeting of the Directors of the Madras Choultry held on the 17th instant, I have been directed by the Directors to bring to the notice of Government that there are now twenty-four adults still in the Madras Choultry, nineteen of whom were admitted upwards of two years ago, and are consequently that what was described as a temporary arrangement is still in existence, and that great inconvenience is felt by the Directors to find proper accommodation for such subjects, and to request that the Government will be pleased to relieve the situation of this charge, for which the Directors have not the necessary means and appliances.

The Inspector General, Indian Medical Department, is requested to report whether the adults referred to in the letter above forwarded cannot at once be removed to the Asylum at Lunatic Gardens.

For Secret Office,
23rd March 1871.

(Signed) R. S. MILLER,
Chief Secretary

No. 14 From the Acting Inspector General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 14th April 1871, No. 120

In returning the letter marginally noted referred under your despatch number of the 27th March I have the honour to report, for the information of Government, that all the males, who amount to twenty-three of the twenty-four adults now detained in the Madras Choultry, may be at once transferred to the Lunatic Asylum at Lunatic Gardens. The remaining one a female cannot be removed there until the female convalescence ward in the old Asylum has been removed to the new institution.

2. The Superintendent of the Lunatic Asylum, whose letter is attached for your reference is of opinion, however, that such an increase of patients will necessitate an addition to his establishment, and accordingly advises that no increase should be made until more male hospitals and one female one be constructed.

3. The attendance now employed at the Madras Choultry on account of the females are eight in number as per margin, and I have, therefore, the honour to recommend that the number similar suggested by 14th March may be maintained.

No. 17 (Under reference) 14th April 1871 No. 473

The Inspector General, Indian Medical Department, is requested to report whether the female adults referred to in the marginary papers from the Madras Choultry to the Lunatic Asylum at Madras

Proceedings of the Madras Government, Public Department,

2. His Excellency in Council also mentions the employment of four Wardens and one scavenger from the date on which the transfer of the idiots is effected.

The Secretary to the

Sanitary Committee, General Hospital

Fort Saint George

Sir,

In referring the letter of the
Madam of the General Hospital to
the Sanitary Committee, I have the
honour to inform you that the
Sanitary Committee have decided
that I may be informed whether the
24 I think for whom accommodation is
required are males or females, and also
if there are any among the number
who are violent or dangerous and re-
quire separate accommodation.

2. If the inmates are all of the
male sex, and if the Sanitary Committee
permits of their being brought together
in the General Hospital, I am prepared
at once to admit them into the General
Hospital at the Sanitary Committee's premises,
with an increase to the establishment
of at least four or five more beds, and
one such bed to be sanctioned by
Government.

3. Should there be any females

of persons who have been
in the General Hospital
at the Sanitary Committee's
premises, and who have been
admitted into the General
Hospital at the Sanitary Committee's
premises.

Among the Idiots under reference they
cannot be accommodated until all
the infants are finally transferred
to Cacoko Gardens.

By. I shall probably find that a
greater increase to the establishment
than I at present contemplate will be
ultimately required, as Idiots owing
to their filthy habits and glaucous
helpless condition, require a very con-
siderable amount of labor and
attention on the part of an Englishman.

Yours truly &c.

Sir,

Your most-Obedt. Servt.
