*Proceedings of the Madras Government, Public Department,
24th April 1871.*

No. 89. Read the following letter from the Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 30th March 1871, No. 106:—

I have the honour to submit, for the consideration and orders of Government, the accompanying correspondence, and would beg to draw the attention of Government to the consequences which the Superintendent-General of Vaccination foresees in the event of Zemindary Vaccinators being required to prepay their covers to the privileged offices of Deputy Superintendents of Vaccination.

No. 90. ORDER THEREON, 24th April 1871, No. 527.

The Government observe that, although the Vaccinators employed by Zemindars and by the Court of Wards are not in the service and pay of Government, yet the Returns furnished by them are required for State purposes, and, under these circumstances, the Returns should, as heretofore, be sent to the Superintendent-General of Vaccination, whose office is a "privileged" one, on the "Public Service."

2. The Postmaster-General will be requested to instruct the local Postmasters accordingly.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from

the Inspector General,
Indian Medical Dept
of 30th March No. 106.
Order thereon 1877-24 April/71.

The Govern-
ment observe that al-
though the vaccinators
employed by Zemindars
and by the Court of Wards
are not in the Service and
pay of Government, yet
the returns furnished by
them are required for
State purposes, and, un-
der these circumstances,
the Returns should, as
heretofore, be sent to the
Supt. General of Vaccination,
whose Office is a "privileged

"privileged" one, on the
"public Service."

2 The Postmaster Genl
will be requested to in-
struct the local Post
masters accordingly

To

The Insp. Genl I. M. Dept.
with enclos. *intd.* }
Post Master General.

The returns are
replied for St. C.
for fees & the postage
on them seems to them
free to borne by
the State. It would
be better to let the
officers who handle
the returns are paid
by post or not. The
privilege must I think
be maintained as the
returns are to be sent to the
1881

Memorandum.

The question raised in this
correspondence is whether
Vaccinators ⁱⁿ of Territorial Estates
& Estates under the Court
wards should be allowed
as heretofore, to send their
returns as service letters
to the privileged offices of
Depts of Vaccination

The Post Master General
raises the question whether
non Vaccinators
they are paid by Gov.

They are certainly not
paid from Imperial Revenue,
tho' their salaries are
disbursed from the public
treasuries. But the
returns are required by
Govt, and any impediments
placed in the way of
the return being made
will make the submission
of these returns irregular
& for purposes of statistical
tabulation useless.

The question raised in
these instances will also
be raised ^{regarding} almost
all the Returns, when
Vaccination becomes
a charge on local
funds. It seems
desirable that the
returns should be
~~submitted by~~ submitted
as Service letters. -
