G.O. No.	544	Press Mis.
Dated	26-4-	19 1871

Not to be folded or roughly handled

The Inspector General, Indian Medical Department,

Fort Saint George,

The Chief Secretary to Government

Public Department.

The Government of India

having, in their letter No 761 of 19th January

M.S. Mill; Dept. No last, fixed the Establishment of Medical

433 of 6th February 1871.

Subordinates for the Military Department

of the Madras Presidency, I have the honour

to submit for the sanction of Government,

the accompanying list of Medical Subordinates

required for the Civil Department.

2. With one or two exceptions, the Establishments specified for the different institutions, enumerated in the list, have already, from time to time, received the sanction of Government, and the

Subordinates are now actually Employed in the manner described. The Exceptions referred to, are the Central Jails of Vellore and Trichinopoly, for which the Establishments have been provided in accordance with G. O. Judicial Department No 757 of 17th May 1866. I have put down two Hospital Assistants for each, this being the usual Complement for institutions of the kind, and the number which Experience has shown to be necessary.

3. On turning to the Proceedings of Government noted in the margin, it will be seen, that the Establishment sanctioned for each Provincial Civil Dispensary is a 1st and a 2^d Officer, but for some years past it has been found practicable to work most of these institutions with one Hospital Assistant. I have accordingly entered one Hospital Assistant only

Public Deptt No 1720
of 9th May 1866

for each Provincial Civil Dispensary, with the Exception of those at Trichinopoly and Madurai, for which it has been found necessary to retain the two, in consequence of the much larger number of patients treated in the institutions, and the Establishment of a Dispensary Hospital, in connection with the Madurai Dispensary.

4. I have in like manner dispensed with an Assistant Apothecary for the Madurai Hospital at Coimbatore, formerly employed there, under sanction of Government, as in consequence of the small number of patients latterly treated at the Hospital, and both institutions being under one roof, it has been found possible to conjointly duties with those of the Civil Dispensary, and to carry on the work of both with one Hospital Assistant.

5. No provision is made in the bill for Medical Aid for Head Assistant and Deputy Collectors, suggested in the Proceedings of Government noted in the margin, the Government of India to whom the measure has been submitted, not having as yet accorded sanction.

Public Deptt No 323
of 16th March 1869.

6. Annexed is an abstract of the list submitted.
