No. 20. From the President of the Municipal Commission, Cuddalore, to the Chief Secretary to Government, Fort Saint George, dated Cuddalore, 22nd April 1871, No. 26.

Under Act III of 1871, the Municipality being relieved of all charges on account of Police, I have the honour to request that Government will be pleased to reimburse to the Commissioners the outlay only recently incurred for the construction of huts for the Municipal Police at Old Town. The work was undertaken by the Superintendent of the Jail on contract for Rupees 4,049, of which Rupees 3,800 has been paid already, and they will be ready for occupation in a few days.

2. Under these circumstances, I trust Government will be pleased to authorize the reimbursement of the amount expended.

No. 21. ORDER THEREON, 3rd May 1871, No. 583.

His Excellency the Governor in Council resolves to intimate to the Presidents of the several Municipalities in the Provinces, that, on the introduction of Act III. of 1871, the Government will be prepared to take over from the Commissioners, for the use of the Police, all buildings, whether huts, Station-houses, or Hospitals, which have been erected by the Commissioners under the provisions of Act X. of 1865, repaying to them the net outlay on such buildings from Municipal funds, *i. e.*, the gross outlay less the sum contributed, or to be contributed, by Government under that Act, and less an appropriate deduction for deterioration, say, three per cent. per annum.

2. The Presidents are, therefore, requested to submit, as early as possible, statements showing, with details, the gross expenditure from Municipal funds on the erection of permanent buildings for the use of the Police in each year since the introduction of Act X. of 1865.

3. The Government will not admit any claim on account of money expended on repairs of Police buildings, whether of those which existed before the introduction of the Act, or since erected. The execution of such repairs devolved upon the

Commissioners during the currency of the obligation under the Act to provide the buildings; but where, by the erection of permanent structures, Municipalities have anticipated the charges for subsequent years in the expectation that the obligation would continue, they have acquired, on its cessation, legitimate claims to reimbursement of their expenditure.

4. The buildings made over to Municipalities in G. O., 22nd August 1867, No. 1039, must be formally resigned to Government.

Memorandum for the

Docket from the President of the Municipal Commission Vellon, No 25 dated 13 April 1911.

In the letter submitted with this docket an important question is raised. The Commissioners of the City of Boston have been asked whether for the purpose of meeting the sum of \$100,000 the estimate of the various lines now under construction, of the City of Boston, School Station, the Police Station, the House purchased by the Commission for the year 1910. The question is whether it is stated in the buildings erected by the City of Boston under Act X of 1865 for the use

The sum expended is not stated.

Letter 1871 Docket from the President of the Commission of the Municipality No 26. Date 22 April 1871. S.D. 5-83

Requesting that Government will be pleased to reimburse the Com. in payment of the outlay incurred for the construction of the Police Station at St. Louis.

are ~~entitled~~ entitled to claim
the buildings as their prop-
erty. On the other hand,
the Govt by anticipating
the payment of contributions
for a series of years
on the cost of providing
police buildings have
undoubtedly acquired an
interest in the buildings
which have been erected.
I submit that the fairest
arrangement will be
that the Govt should own
the buildings from the
municipalities on terms
favourable in proportion
to this interest. For instance
assuming that 10 per
cent on the outlay would
be a fair rental, & that
the repairs (which would,
if Act X of 1865 remained
in force, have been borne

* 12 per cent is I believe
ordinarily assumed; but
as the buildings have
been constructed for special
purposes, they would probably
yield no more than 10 per
cent if let to persons other
than Govt.

jointly by the Com^{rs} &
by Govt in the ratio of 3
to 1) would absorb a
sum equal to 4 per cent,
Govt should be entitled
if the municipality
undertake the whole repairs
to rent the buildings at
 $8\frac{1}{2}$ per cent on the origi-
al outlay; & at $4\frac{1}{2}$
per cent thereon, if Govt
undertake the repairs.
The latter would probably
be the best plan. There
must be a further adjust-
ment on account of the
rents paid by constables
for police huts ~~also~~ built
by municipalities, which
rents have hitherto been
paid to the Commissioners.
No claim should be admitted
on account of repairs

carried out by the Comm.
to police buildings not
originally constructed at
their expense. There should
be a condition that the
Municipalities should not
reject for a certain term
say twenty years; but that
Govt. should be at liberty
to resign their interest &
give up the buildings to
the Comm. at any time.

4. Most Municipalities
will probably accept these
terms, & if Govt. approve
the principles suggested
the accounts will be examined
of the exact charge ascer-
tained

5. Orders are requested.
