Proceedings of the Madras Government, Public Department,
22nd May 1871.

No. 94. Read the following letter from the President of the Municipal Commission, Combaconum, to the Acting Chief Secretary to Government, Fort St. George, dated Tritrapundi, 9th May 1871, No. 116:—

I have the honour to forward an application from the Commissioners of the Combaconum Municipality for an extension of the municipal limits of the Town of Combaconum, and to request that, if the application is sanctioned, the revised boundaries may be notified in the *Fort St. George Gazette* under Section 6 of the Towns' Improvement Act III. of 1871.

2. Two plans, one showing the boundaries of the Municipality as it at present exists and the other of what they will be after the proposed extension has taken place, are enclosed.

From the Vice-President of the Municipal Commission, Combaconum, to the President of the Municipal Commission, Combaconum, dated Combaconum, 31st March 1871, No. 103.

In accordance with instructions contained in letter, No. 206, dated the 21st December 1870, I have the honour to submit the plans showing the boundaries as at present, and the required extension on the north and east. And as per resolution of the Commissioners passed at a meeting held on the 5th December 1870, I beg you will, in submitting the application to Government, request that the new boundaries of the town may be notified in the *Fort St. George Gazette* under Section 4 of Act X. of 1865.

The reasons for the required extension, together with a description of the boundary, &c., have already been described in Mr. Arundell's letter No. 55 of the 10th December last: but for save reference, I give it *in toto*:—

“ Since the passing of the Government Order, No. 520, dated the 27th April 1868, which fixes the municipal limits, a considerable suburb has sprung up on the main road just beyond the northern bank of the river Cauvery, at present the northern boundary of the town. This suburb consists of bazaars and cart-stands, a sheep market and a slaughter-house, &c.; encroachments are, of course, being made on the road, and the absence of conservancy makes the place a serious nuisance, particularly as the Combaconum College is in the immediate neighbourhood. The proposed extension on the north will include the whole of this suburb, the Combaconum College and the road leading to it, the residence of the Executive Engineer, and the principal burning-ground of the town which requires attention on sanitary grounds.

“ To the east of the town along the road to Mayaveram there has also sprung up a suburb which should be brought within municipal limits. The present boundary includes the compounds of the European residents' houses, but excludes the road fronting them. The proposed extension includes the new suburb, the road passing round the houses and compounds of the residents, and three tanks.

“ BOUNDARIES.

“ *North*.—A line commencing at the eastern extremity of the wall bounding the compound of the house* on the northern side of the river Cauvery, and drawn westward along the Karuppur road including the houses and backyards on the northern side as far as the gateway of the College compound; thence a straight line drawn north-west to the culvert north of Kalliana Rama Aiyar's Chuttrum; thence south-west to the first new culvert on the Kabistalam road; thence a line drawn westward along the road including the houses and backyards on the north side as far as the hedge of the garden at present owned by Jeyaram Row; thence a straight line drawn south to the river Cauvery.

“ *South*.—The southern bank of the river Arasalar.

“ *East*.—A straight line drawn south from the eastern extremity of the northern boundary to the south bank of the river Cauvery; thence a straight line drawn south-east to the culvert on

the Mayaveram road, just beyond the 20th milestone; thence south to the eastern limit of the high ground known as Maripadayachi's Manikat; thence a line following and including the road to Coopan Tank; thence including the tank along the southern side of the road to Teroonarayanacherry Tank; thence a straight line south to Road No. 14 at the eastern point of Konan Culam Tank; thence south-west to the eastern limit of Mathelampettah street; thence south to the southern bank of the river Arasalar.

West.—A line drawn from the burning-ground north of the Cauvery westward including the river-bed to the steps into the Cauvery at the end of the Pettah street; thence a straight line south-west to the Ellayamman Covil; thence south-east to the Arasalar bridge on the Tanjore road."

No. 95. ORDER THEREON, 22nd May 1871, No. 686.

The Government approve and sanction the proposed extension of the municipal limits of Combaconum, for which good reason is assigned.

2. The necessary Notification will be published in the *Fort St. George Gazette*.

NOTIFICATION.

In modification of the Notification published in the Gazette of the 24th April 1868, the Governor of Fort St. George in Council, by virtue of the powers vested in him by Section 5, Act III. of 1871 (Madras), is pleased to define the limits of the Town of Combaconum, to which the said Act has been extended, as follows; that is to say:—

North.—A line commencing at the eastern extremity of the wall bounding the compound of the house* on the northern side of the river Cauvery and drawn westward along the Karuppur road including the houses and backyards on the northern side as far as the gateway of the College compound; thence a straight line drawn north-west to the culvert north of Kalia Rama Aiyar's Chuttrum; thence south-west to the first new culvert on the Kabistalam road; thence a line drawn westward along the road including the houses and backyards on the north side as far as the hedge of the garden at present owned by Jeyaram Row; thence a straight line drawn south to the river Cauvery.

* Owned by Sivarama Aiyar.

South.—The southern bank of the river Arasalar.

● *East.*—A straight line drawn south from the eastern extremity of the northern boundary to the south bank of the river Cauvery; thence a straight line drawn south-east to the culvert on the Mayaveram road, just beyond the 20th milestone; thence south to the eastern limit of the high ground known as Maripadayachi's Manikat; thence a line following and including the road to Coopan Tank; thence including the tank along the southern side of the road to Teroonarayanachery Tank; thence a straight line south to Road No. 14, at the eastern point of Konan Culam Tank; thence south-west to the eastern limit of Mathelampettah street; thence south to the southern bank of the river Arasalar.

West.—A line drawn from the burning-ground north of the Cauvery westward including the river-bed to the steps into the Cauvery at the end of the Pettah street;
