*Proceedings of the Madras Government, Public Department,
30th May 1871.*

Read the following papers:—

No. 153. From the Acting Collector of Ganjam, to the Chief Secretary to Government, Fort St. George, dated Chetterpore, 12th May 1871, No. 533.

With reference to your telegram of the 10th instant, I have the honour to submit two Revised Lists containing the names of persons who are to be appointed Members of the Boards of the Local Fund Circles in the Principal and Sub Divisions of this District, respectively.

2. It will be seen that each list contains eighteen names—eight official and ten non-official; that all Sub-Magistrates and Tahsildars of stations other than the places of meeting have been excluded; that each person's place of residence is duly stated; and that, with reference to the spirit of the telegram, the landed interest has been duly represented by including in the lists the names of several Zemindars and proprietors of estates.

3. With regard, however, to the Zemindars of this District, I consider it my duty to state, for the information of Government, that most of them will take little or no pains to understand the nature of the duties devolving upon them, nor will they probably care to attend the meetings on account of the great expense to which they will be put, as they cannot be induced to leave their estates without the usual large retinues of servants, paiks, musicians, elephants, horses, &c., which they consider incumbent on their position to carry along with them whenever they leave their estates. They will, moreover, consider it beneath their dignity to associate with other native members, nor is one Zemindar willing to attend the meeting when another is present, fearful lest some slight be offered to his pride with regard to some trifling question of precedence or rank.

4. Apart from this, they will not leave their homes except upon an auspicious day, and their punctual attendance at the place of meeting will be a thing almost impossible to secure. I need scarcely say that all these whims, prejudices, and absurdities will materially interfere with the smooth and even working of the Act.

5. Should the Government, however, desire it, I am prepared to do what I can, by tact and personal interview, to remove at least a portion of the difficulties that are likely to beset us in this district in the very threshold of the working of the Act.

6. The remarks which I have made with regard to the old hereditary Zemindary families of Odhea caste do not apply to mere proprietors of estates, and I do not, therefore, anticipate the same difficulties in dealing with the latter.

7. It is, however, in my opinion, in many respects, highly important that the old Zemindars of the district should at least be invited to become Members of the Local Boards in spite of the obstacles which at present appear to stand in the way of a hearty co-operation on their part.

No. 154. From the Collector of South Arcot, to the Acting Chief Secretary to Government, Fort St. George, dated Cuddalore, 25th May 1871, No. 42.

I have the honour to forward, herewith, a Revised List of the Local Fund Boards for the two Circles in this District, as called for in Proceedings of Government of 9th May 1871, No. 50, Public Department.

*Proceedings of the Madras Government, Public Department,

No. 155. From the Collector of Salem, to the Acting Chief Secretary to Government, Fort St. George, dated Salem, 25th May 1871, No. 1400.

With reference to paragraph 18 of the Proceedings of the Madras Government, under date the 9th instant, No. 619, I have the honour to submit a Revised List of persons to be appointed as Members of the Local Fund Boards in this District.

2. I recommend that, for the Salem Circle Mr. James Fischer, and for the Oosoor Circle Mr. Price, the Acting Sub-Collector, may be appointed Vice-Presidents. Mr. Fischer has consented to undertake the office.

It will be seen that each list contains eighteen names—eight official and ten non-official; that all Sub-Magistrates and Tahsildars of stations other than the places of meeting have been excluded; that each person's place of residence is duly stated; and that, with reference to the spirit of the telegram, the landed interest has been duly represented by including in the lists the names of several Zemindars and proprietors of estates.

3. With regard, however, to the Zemindars of this District, I consider it my duty to state, for the information of Government, that most of them will take little or no pains to understand the nature of the duties devolving upon them, nor will they probably care to attend the meetings on account of the great expense to which they will be put, as they cannot be induced to leave their estates without the usual large retinues of servants, paiks, musicians, elephants, horses, &c., which they consider incumbent on their position to carry along with them whenever they leave their estates. They will, moreover, consider it beneath their dignity to associate with other native members, nor is one Zemindar willing to attend the meeting when another is present, fearful lest some slight be offered to his pride with regard to some trifling question of precedence or rank.

4. Apart from this, they will not leave their homes except upon an auspicious day, and their punctual attendance at the place of meeting will be a thing almost impossible to secure. I need scarcely say that all these whims, prejudices, and absurdities will materially interfere with the smooth and even working of the Act.

5. Should the Government, however, desire it, I am prepared to do what I can, by tact and personal interview, to remove at least a portion of the difficulties that are likely to beset us in this district in the very threshold of the working of the Act.

6. The remarks which I have made with regard to the old hereditary Zemindary families of Odha caste do not apply to mere proprietors of estates, and I do not, therefore, anticipate the same difficulties in dealing with the latter.

7. It is, however, in my opinion, in many respects, highly important that the old Zemindars of the district should at least be invited to become Members of the Local Boards in spite of the obstacles which at present appear to stand in the way of a hearty co-operation on their part.
