No. 6. Read the following Despatch from the Right Honourable the Secretary of State for India, to His Excellency the Right Honourable the Governor-General of India in Council, dated India Office, London, 22nd December 1870, No. 410 (Financial):—

In the Financial Despatch, dated 23rd December 1867, No. 464, it was requested that, in order to facilitate the preparation in this country of Estimates of Store Expenditure, statements might be annually forwarded, by the various Indenting Departments, of the probable requirements during the following financial year.

2. These instructions, however, appear, in a great measure, to have been lost sight of, and the Departments specified in the margin have failed this year to furnish estimates of their probable requirements for 1871-72. In the absence of other data, the store expenditure of those Departments must necessarily be estimated, in a great measure, on the average of past years, modified by such information as may exist here of probable requirements.

3. It is especially necessary that the estimate, as regards expenditure on Telegraph Stores, should be regularly forwarded, as the demands under this head fluctuate very considerably from year to year. As stated in the Despatch above referred to, the estimates should reach this office by the 1st October in each year *at latest*.

4. With regard to the Public Works Estimates, forwarded with your Public Works Despatch, dated 17th September 1870, No. 144, it is desirable that, in the "Extraordinary" Expenditure, the names of the undertakings or works for which the stores are required should be furnished; and, as regards State Railways, the lines on which it is proposed to incur expenditure should, if possible, be more clearly defined than in the estimate in question, in which they are described as Railways for the "North-West Provinces" and "Hyderabad."

No. 2145.

Ordered that a copy of the above-mentioned Despatch be sent to the Home, Public Works, and Military Departments, and the Governments of Madras and Bombay, for information and guidance with reference to previous communication, No. 810, dated 19th February 1868.

No. 410-

To His Excellency the Right Honourable The Governor
General of India in Council.

My Lord,

Para. 1. In the Financial Despatch, dated 23d December 1867, No. 464, it was requested that, in order to facilitate the preparation in this country of Estimates of Store Expenditure, statements might be annually forwarded by the various Indenting Departments, of the probable requirements during the following financial year.

2. These instructions, however, appear in a great measure to have been lost sight of, and the Departments specified in the margin* have failed this year to furnish Estimates of their probable requirements for 1871-72. In the absence of other data, the store expenditure of those Departments must necessarily be estimated, in a great measure, on the average of past years, modified by such information as may exist here, of probable requirements.

3. It is especially necessary that the Estimate, as regards expenditure on Telegraph Stores, should be regularly forwarded, as the demands under this head fluctuate very considerably from year to year. As stated in the Despatch above referred to, the Estimates should reach this Office by the 1st October in each year *at latest*.

4. With regard to the Public Works Estimates, forwarded with your Public Works Despatch, dated 17th September 1870, No. 144, it is desirable that, in the "Extraordinary" Expenditure, the names of the undertakings or works for which the stores are required, should be furnished; and, as regards State Railways, the lines on which it is proposed to incur expenditure should, if possible, be more clearly defined than in the estimate in question, in which they are described as Railways for the "North-West Provinces" and "Hyderabad."

I have the honour to be,

My Lord,
