Proceedings of the Madras Government, Public Department,
7th June 1871.

No. 28. Read the following letter from the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 2nd June 1871, No. 180:—

I have the honour to submit, for the information and favourable consideration of Government, that the grounds of the Triplicane Dispensary are the most limited of all those on which the other Civil Hospitals are erected.

2. There is at its north-east corner a plot of ground, at present waste, of 1½ grounds, which cuts into the hospital compound as marked, * and which it is desirable should not be built over by the owner who, however, has already begun to saw the wood for a house.

3. On inquiry he offers it for Rupees 650, and I have the honour to recommend that the Law Officers of Government, or Collector of Madras, be empowered to purchase it at an equable price.

No. 29. ORDER THEREON, 7th June 1871, No. 779.

The Government sanction the purchase of the piece of land in question for a price not exceeding Rupees 650, provided the possessor can furnish a good title, on which point the Acting Inspector-General will communicate with the Acting Collector of Madras and Acting Government Solicitor, the latter of whom will complete the purchase if the result of the inquiries is satisfactory. If purchased, the land will be added to the Triplicane Hospital compound.
