*Proceedings of the Madras Government, Public Department,
16th June 1871.*

* Read the following papers:—

No. 100. From C. W. READE, Esq., President of the Municipal Commission, Cuddalore, to the Chief Secretary to Government, Fort St. George, dated Cuddalore, 22nd April 1871, No. 25:—

Agreeably to the Order of Government, dated 31st March 1871, No. 154, I have the honour to submit, herewith, an estimate of receipts and disbursements of the Cuddalore Municipality for the year 1871-72, framed with reference to the provisions of the Towns' Improvement Act III. of 1871. The Police charge for this month, which becomes due in May, is provided for in the estimate.

2. For Medical Establishments 1,500 Rupees have been set apart, including the grant hitherto given to the Old Town Dispensary, and for schools 1,732 Rupees, according to a statement furnished by the Deputy Inspector of Schools, of which a copy is enclosed. There is no rate school in this Municipality. There was one in Tripapalore some time ago, but the system did not work well and the school was abolished.

3. In regard to the registration of births and deaths, the Commissioners propose dividing the Municipality into two districts—Old Town, Cuddalore, with Bandipoliem forming one district, and Tripapalore, New Town, and Munjacoopum forming the other. One registrar on 25 Rupees per mensem will be located in each division—one at Old Town and the other at New Town,—and the latter will have accommodation provided for him in the Municipal Office which is in a very central position.

4. By a Notification in the *District Gazette*, and by placarding notices throughout the Municipality, as well as by beat of tom-tom, due publicity will be given to the necessity under the law hereafter of registering all births and deaths, and a signboard will be put up over each registering office, containing the name of the registrar and other particulars required by the Act. Every birth and death will be entered in books to be kept for the purpose, according to the prescribed form, and a transcript will be furnished to the Municipal Office for entry in the general register, and thus it is hoped that these statistics within the municipal area will be rendered as complete and accurate as possible.

5. There are two vaccinators on the Medical Establishment already—one attached to the Munjacoopum Dispensary, and the other to the Old Town Branch Hospital. These are quite sufficient to meet all requirements, and their services can be placed under the supervision and control of the District Superintendent. There can, of course, be no objection to the cost of supervision being rateably distributed between the Local and Municipal Funds.

6. I enclose a copy of the bye-laws as at present in force; many of these are no longer needed since their object is provided for in the Act itself, and the remaining few, which I have entered in a separate statement, can be retained. A memorandum, showing the prosecutions under the bye-laws in the year 1870-71, is also submitted as desired, and this will sufficiently evidence how mildly these laws have been enforced.

7. I request that sanction of the Governor in Council may be obtained for the levy of the rates on houses, buildings, and lands at five per cent. per annum on the

Proceedings of the Madras Government, Public Department,

annual value; to the levy of a tax on arts, professions, trades, and callings; to the levy of taxes on carriages, horses, and other animals; tolls on carriages, carts, and animals entering the municipal limits; and fees for the registration of carts and wheeled vehicles without springs, as provided in Sections 40 to 84 of Act III. of 1871.

8. I enclose a list of the names of the gentlemen whom I recommend to be appointed as Commissioners, and I beg to suggest that Mr. Robert Wilson, the Zillah Surgeon, be nominated by Government as Vice-President.

1. Robert Wilson, Esq., M.D., Civil Surgeon, vice Dr. Smith recently left the station.
2. John Fortune, Esq., Agent of Messrs. Parry and Co., vice Mr. J. C. Shaw.
3. R. E. Norfor, Esq., Executive Engineer.
4. M. R. R. Tripalalre Jaganada Naidu, Merchant.
5. „ Cuthempakum Nagaboosana Moodelliar, Merchant.
6. „ Ereesupa Sevasadumbra Chettiar, „
7. „ Mahomed Bavah Merkair, „
8. „ Mollagoo Aroonachella Chettiar, „
9. „ Nagaloo Janakiram Puntoloo, Government Vakeel.
10. „ Coonjeemode Streenivasa Row, Pleader, vice Dasseegah Charloo, deceased.
11. „ K. Sooba Row, Pleader, vice Mr. D. Keess, resigned.

Two vacancies remain in the Board—one caused by the departure of Mr. Gribble, the other by the death of Mr. J. R. Ignatius, Native Surgeon, and I propose that their places be filled up by their respective successors.

No. 101. From C. W. READE, Esq., President of the Municipal Commission, Cuddalore, to the Acting Chief Secretary to Government, Fort St. George, dated Cuddalore, 16th May 1871, No. 46.

With reference to the Proceedings of Government, dated 9th May 1871, No. 609, desiring to know whether the Commissioners prefer to elect their own Vice-President, or to leave his nomination as heretofore to the President, subject to confirmation by Government, I have the honour to annex, herewith, a copy of a resolution passed at a meeting held this day and all were agreed in the nomination of Dr. Wilson as Vice-President.—*Vide* my letter, No. 25, of the 22nd ultimo.

No. 102. From J. H. GARSTIN, Esq., President of the Municipal Commission, Cuddalore, to the Acting Chief Secretary to Government, Fort St. George, dated Cuddalore, 31st May 1871, No. 58.

In their Proceedings of the 31st March 1871, No. 154, the Government direct that the Cuddalore Municipality should, in future, pay Rupees 1,200 out of the 3,527 Rupees which the Government have hitherto paid.

2. While taking no objection to the proportion of charge transferred to the Municipality, viz., about one-third, I am compelled to enter a respectful protest

Proceedings of the Madras Government, Public Department,
16th June 1871.

against the manner in which the amount of 3,527 Rupees has been calculated, and consequent transfer of 1,200 Rupees to the municipal funds been fixed.

3. There are two institutions within the Municipality for affording medical relief, viz., the Civil Hospital and the Branch Dispensary, and the expenses hitherto defrayed by Government in connexion with them have been the pay of the Dressers and the cost of the medicines. The estimate of 3,527 Rupees, the amount paid by Government, is made up of the following items:—

Civil Hospital Charges.

	RS.	A.	P.
Pay of a 1st Class Dresser, at 60 Rupees a month ...	720	0	0
Cost of medicines supplied	300	0	0

Branch Dispensary Charges.

Pay of a Native Surgeon, at 200 Rupees a month ...	2,400	0	0
Cost of medicines	107	0	0

Total... 3,527 0 0

Now, as regards the Civil Hospital, there is now only a 2nd Dresser on Rupees 40 a month in charge of it, and as regards the Branch Dispensary a 2nd Dresser would do just as well as the Native Surgeon now in charge who gets 150 Rupees a month (Dr. Ignatius, who died a short while ago, drew 200 Rupees a month while in charge of it), so that, if the Branch Dispensary had a 2nd Dresser instead of a Native Surgeon, the actual cost to Government, if no transfer were to be made to the Municipality, would only be 1,367 Rupees per annum, as shown below, instead of Rupees 3,527:—

	RS.	A.	P.
Pay of 2nd Dresser for Civil Hospital, at 40 Rupees per mensem.....	480	0	0
Medicines... ..	300	0	0
Pay of 2nd Dresser for Branch Dispensary, at 40 Rupees per mensem.	480	0	0
Medicines... ..	107	0	0
Total...	1,367	0	0

and one-third of this amount would be about Rupees 450 instead of Rupees 1,200.

4. I have, therefore, the honour to request that Government will, on reconsideration, direct the amount allotted to the Municipality to be paid by them to be reduced to Rupees 450 from Rupees 1,200, for it is obvious that the Native Surgeon may be ordered away at any time, and a 2nd Dresser sent in his place, and then the Municipality would be actually paying 1,200 Rupees out of 1,367 Rupees which the Government used to pay.

5. I may add that I consulted the Zillah Surgeon before penning the statement that the 2nd Dresser would do just as well as the Native Surgeon for the Branch Dispensary, and that he is of that opinion too.

6. This Municipality has such an enormous area comprised within its limits (nearly twenty square miles I am informed), with thirty miles of roads and five small towns, besides numerous hamlets, that it is in an impoverished condition and

*Proceedings of the Madras Government, Public Department,
16th June 1871.*

cannot afford to be burthened with any charges which it can object to reasonably as being inequitable, and, as a proof of what I state, I need only mention that there is not a single lamp within the limits, and that a drain or latrine is a difficult thing to find.

No. 103. From J. H. GARSTIN, Esq., President of the Municipal Commission, Cuddalore, to the Acting Chief Secretary to Government, Fort St. George, dated Cuddalore, 8th June 1871, No. 65.

On the 22nd April last, Mr. Reade submitted a list of Municipal Commissioners to Government for their approval, and requested that they might be gazetted. As the list of names has not yet been published, I have the honour to submit a fresh list, which I venture to suggest may be substituted for the other. I have added one or two to the number, because I am desirous of having representative members for each of the several divisions of the Municipality, and of exciting them to take a real interest in municipal affairs, by giving them some authority in their respective divisions, and entrusting the general supervision of the municipal works and establishment in each division to them.

2. The following are the gentlemen I would recommend, and beg that they may be gazetted as soon as possible if their selection is approved:—

Robert Wilson, Esq., M.D., Zillah Surgeon, to be Vice-President.

R. E. Norfor, Esq., Executive Engineer.

The Assistant Collector.

amount to Rupees 27,410, including the item “Road-cess, Rupees 660.” As the road-cess will not be levied in 1871-72, the Government presume that this sum represents the collections in 1870-71 which will be paid to the Commissioner in the course of 1871-72; and on this supposition the item is allowed to remain

2. The marginal abstract exhibits the proposed expenditure. The Commissioners have allotted only Rupees 23,120-10-0; but as their estimate includes nothing on account of vaccination, and as it is proposed to continue the two vaccinators attached to the Dispensaries, a sum of Rupees 275 for eleven months is entered in the margin. These men have, it is supposed, been paid hitherto from Dispensary Funds, but they must now be paid entirely by the Municipality.

3. There are no less than eighteen elementary schools in the Municipality, of which one at least is a girls' school, and which are to be aided at a cost of Rupees 1,731-12-0.

4. The amount, Rupees 1,200, which the Commissioners were ordered to provide for Dispensaries in addition to the donation Rupees 300, which the Commissioners have hitherto given to the Branch Dispensary, constitutes about one-third of the whole charges hitherto borne by Government. In his letter, No. 58, dated 31st May 1871, the President brings to notice that of those charges, aggregating Rupees 3,527, Rupees 3,120 are made up, as per margin, by salaries of Medical Officers. He and the Zillah

Surgeon are of opinion that “2nd Dressers” (query, 2nd Class Hospital Assistants) would be competent to do the work of the officers of higher grades now in charge, and he points out that, by substituting them, the whole charges would be reduced to Rupees 1,367 per annum. The Government, while desirous to meet, if possible, the wishes of the local authorities as to the grades of subordinates to be employed, resolve to request the opinion of the Inspector-General, Indian Medical Department, on this point, but observes that the Local Fund Board, by whom a greater portion of the charges are to be borne, should have a voice in the matter. Perhaps, the most equitable arrangement would be that the Municipality should pay the whole charges of the Branch Dispensary which must chiefly benefit the townspeople, and that the cost of the Civil Dispensary only should be apportioned between the municipal and local funds. The President will report again after consulting the Local Fund Board. Meanwhile, the allotment of Rupees 1,200 will stand.

5. The estimates are passed. The Commissioners nominated in Mr. Garstin's letter of the 8th June will be appointed. The usual Notification will be published. With reference to the President's letter, dated 16th May 1871, No. 46, Dr. Wilson will be appointed Vice-President. The bye-laws will be disposed of in a general order.

With reference to your letter
 No. 225 of the 21st ultimo, I have the
 honor to inform, that the number of
 elementary schools within the munici-
 cipal limits of this town is 18. of these
 5 are salary grant schools and are
 distributed thus:-

Old Town Seaside and P. G. Mission Boys School.

Dr. J. M. Smith

Tripapalze Society School. 1881.

Junijacopum Angl. Vernaculas school. 201

Seminarium, Alpen school.

The monthly grants drawn by these schools are Rupees 17-5-0, 16-0-0, 10-8-0

Rs. 26.4.0. and Rs. 5.0.0. respectively.

2. The remaining schools are supported under the Russell system and they are located thus:—

| Odarammittum. | 1. |

3. The estimated expenditure on these schools is 975 Rupees per annum, at the average rate of Rs 75 each.

4. As far as the education of boys is concerned, I think these schools are quite sufficient. But for the girls, I think it necessary that there should be opened one at Old Town Buddalore and another at Tripahalore, at the monthly outlay of Rupees 20 each. The existing girl school at Old Town Buddalore, is a mission school and as very few Hindu girls go there, and the stability of that at Tripahalore is very doubtful.

The estimated receipts
of the municipality of Bud-
alore for the year 1871-2
amount to Rs 27,410, including
the item "road cess, Rs 660".
As the road cess will not be
levied in 1871-2 the Govt pre-
sume that this sum repre-
sents the collections in 1870-1
which will be paid to the
Commissioners in the course
of 1871-2, and on this sup-
position

supposition the item is allowed to remain.

2. The marginal abstract exhibits the proposed expenditure. The Commissioners have allotted only Rs 23,120-10-; but as their estimate includes nothing on account of vaccination, and as it is proposed to continue the two Vaccinators attached to the Dispensaries, a sum of Rs 275 for 11 months is entered in the margin. These men have, it is supposed, been paid hitherto from Dispensary funds, but they must now be paid entirely by the Municipality.

3. There are no less than 18 elementary schools in the municipality of which one at least is a girls' school, and which are to be aided at a cost of Rs 1,731-12-0.

4. The amount, Rs 1200, which the Commissioners were ordered to provide for Dispensaries in addition to the donation, Rs 300, which the Commissioners have hitherto given to the Branch Dispensary, constitutes about one third of the whole charges hitherto borne by Government. In his letter N° 58, dated 31st May 1871, the President brings to notice that of those charges, aggregating Rs 3,527, Rs 3,120 are made up, as per margin, by salaries of medical officers. He and the

Jillabo

Jellah Surgeon are of opinion
 that "2nd Dressers" (query 2nd
 class Hospital Assistants)
 would be competent to do the
 work of the officers of higher
 grades now in charge, and he
 points out that by substituting
 them, the whole charges
 would be reduced to Rs 1367
 per annum. The Govt while
 desirous to meet if possible
 the wishes of the local au-
 thorities, as to the grades of
 subordinates to be employed,
 resolves to request the opinion
 of the Inspector General, In-
 dian Medical Department
 on this point; but observes
 that the local fund board,
 by whom a greater portion
 of the charges are to be borne,
 should have a voice in the
 matter. Perhaps the most
 equitable arrangement
 would be that the munici-
 -pality

43 11
 municipality should pay the
 whole charges of the Branch
 Dispensary which must
 chiefly benefit the towns peo-
 ple, and that the cost of the
 Civil Dispensary only should
 be apportioned between the
 municipal and Local funds.
 The President will report again
 after consulting the local
 fund board. Meanwhile
 the allotment of Rs 1,200
 will stand.

The Com^{rs} nominated in Mr. Sankar's letter of the 8th June will
 be appointed. 5. The estimates are passed.

~~The names of the committee members appointed in the name of Dr. Sankar should be reported.~~
