*Proceedings of the Madras Government, Public Department,  
20th June 1871.*

No. 173. Read the following letter from the Collector of Malabar, to the Acting Chief Secretary to Government, Fort St. George, dated Calicut, 30th May 1871, No. 37:—

I have the honour to submit, herewith, for the favourable consideration of Government, an application from the Tellicherry Municipal Commissioners for the building about to be vacated by the Tahsildar of Koteyam on his removal to the new Cutcherry.

2. The Commissioners at present hold their meetings in the verandah of the Sub-Collector's Court-room, and thereby cause great inconvenience to that Officer, especially when he is trying magisterial cases.

3. The building asked for by the Commissioners is the one alluded to in G. O., dated 16th August 1870, Rev. No. 1271. It was, I believe, originally built as a Police Ameen's Cutcherry, and till lately was used as the Sub-Magistrate's Office.

4. The new Taluq Cutcherry at Tellicherry is nearly completed, and will probably be ready for occupation in a few months. I see no objection to the building applied for by the Commissioners being handed over to them when the Tahsildar is removed to the new office.

5. The former is a small double-storied building somewhat old, but in good repair. It is not likely to be required by the Revenue or other Department. It occupies a small triangular spot of ground formed by three of the principal streets, and is from position admirably adapted for a Municipal Office.

No. 174. ORDER THEREON, 20th June 1871, No. 884.

The Government are not prepared to make the building over absolutely to the Municipal Commissioners, but are willing that they should have the use of it on such rent as will suffice to keep the building in repair, and on the understanding that it must be relinquished at any time on demand by Government at one month's notice.

Sir,  
 You are aware that the Municipal Commissioners at present hold their meetings in a room of the Public Office which is next to his office room. great inconvenience is therefore caused to the discharge of the important work of the Public Collector on occasions when the Commission holds their meetings during his office hours and they are obliged to adjourn their business. The Commissioners are, therefore, of opinion that they should have a separate building for their office and I have the honor as desired by them, to request you will be good enough to obtain the sanction of Government to give over to them the building, in which the Sasildar now holds his office, on the removal of his Cutchery to the new building. The Commissioners shall purchase it if the Government were to direct them to do so. They could not have any other building in Tellicherry.
