Proceedings of the Madras Government, Public Department,
26th June 1871.

No. 213. Read the following letter from the Acting Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort St. George, dated Fort St. George, 12th June 1871, No. 193:—

I have the honour to enclose, for submission to Government, a letter from Assistant-Surgeon Archdall, offering explanations in reply to G. O., No. 615, of the 10th May 1871.

2. As already expressed in paragraph 2 of my letter, No. 138, of 3rd May 1871, I am of opinion that, considering the severity of the accident, the Medical Officer might have made provision for the admission and relief of the patient, and I informed Assistant-Surgeon Archdall accordingly. He, however, appears to have acted under the impression that he was doing what was best for the interests of the patient by sending him to the General Hospital.

3. In conclusion, I may mention that paragraph 130, Section 2, page 44, Medical Code, fully provides for the treatment of emergent cases.

From Assistant-Surgeon H. G. ARCHDALL, in medical charge of Native Details, St. Thomas' Mount, to the Deputy Inspector-General, Indian Medical Department, Presidency Division, dated St. Thomas' Mount, 5th June 1871, No. 51.

In accordance with your Memorandum, No. 3087, dated 1st June, I have the honour to state, for the information of Government, that the injured man sent by the Assistant Engineer, No. 7 Range, Chingleput District, arrived at the Detail Hospital, St. Thomas' Mount, at about 6½ A.M. on the morning of the 17th March 1871. I myself came to Hospital a few minutes afterwards; when I found that I had no accommodation for him, I directed he should be taken, with as little delay as possible, to the General Hospital, so that he was only detained here for the time required to give the necessary instructions, &c.

2. As regards affording him immediate relief when I found that he was perfectly able to proceed, I considered it better to send him on at once, as anything I could have done for him would have been merely palliative, and would not, in my opinion, have counterbalanced the ill-effects which might have arisen by detaining him from being properly attended to in Hospital.

3. I beg also to state that, before sending him on, I satisfied myself that removal to the General Hospital would not interfere with his recovery.

I herewith return the memorandum from the Secretary, Inspector-General, and Proceedings of Madras Government.

(Countersigned) A. BLACKLOCK,
Depty. Insp.-Genl., Indian Medl. Dept.,
Presidency Division.

No. 214. ORDER THEREON, 26th June 1871, No. 916.

The Government concur in opinion with the Acting Inspector-General that, in so urgent a case, the Assistant Surgeon was bound to have done all in his power to afford immediate relief to the injured man, so far as possible, notwithstanding the inadequate space available in the Hospital at the moment.

(True Extract.)

Acting Chief Secretary.

To the Inspector-General, Indian Medical Department.

Muz Division

Sir

In accordance with your Memorandum No 3087 dated 1st June, I have the honor to state for the information of Government that the injured man sent by the Assistant Engineer No 7 Range Chingleput District arrived at the Detach Hospital St Thomas Mount at about 6 1/2 AM. on the morning of the 17th March 1871. I myself came to hospital a few minutes afterwards, when I found that I had no accommodation for him I think he should be taken with as little delay as possible to the General Hospital so that he was only detained here for the time required to give the necessary instructions re.

2. As regards affording him immediate relief when I found that he was perfectly able to proceed, I considered it better to send him on at once, as any thing I could have done for him would have been merely palliative and would not in my opinion have counterbalanced the ill effects which might have arisen by detaining him from being properly attended to at hospital.

3. I beg also to state that before sending him on I satisfied myself that removal to the General Hospital would not interfere with his recovery.

I herewith return the Memo from the Secy, Secy and Secy.

of Madras Government.
H. Archdall
Deputy Inspector General
Chingleput District
St Thomas Mount
1st June 1871
