Proceedings of the Madras Government, Public Department,
27th June 1871.

9. The following is a statement of Vice-Presidents I would recommend for each of the Municipalities now reported upon:—

Municipality.	Name of Vice-President.
Vizagapatam	Evans Charles Johnson, Esq., M.C.S.
Vizianagram	Penumetsa Jaganadha Raz Garu, Manager to the Maharajah of Vizianagram.
Bimlipatam	George Ripley, Esq., Merchant.
Palcondah	John Lee Warner, Esq. Mr. Johnson to act for him during his absence.

No. 229. ORDER THEREON, 27th June 1871, No. 927.

With the foregoing letter the Acting President of the Municipal Commissions in Vizagapatam submits estimates for the four Municipalities in that District.

2. *Vizagapatam*.—The estimated receipts are abstracted in the margin. Including a balance of Rupees 2,000, the Commissioners expect to have at their disposal Rupees 25,752.

3. With regard to the house-tax which was first levied in 1870, and the yield of which appears to be low, the Government desire to be furnished with a statement showing the classification and rating of the houses in the form called for last year (Circular, 20th April 1870,

No. 477). The trades-tax in 1869-70 produced only Rupees 6,748, and the estimate for 1870-71 was Rupees 7,000. The increase in the present estimate should have been explained.

4. The whole receipts have been allotted for expenditure. The repairs of

5. The President has inserted in each of the estimates now submitted a provision for a portion of the cost of the Vizagapatam Normal School. He has assumed that the whole cost will be distributed amongst the five districts concerned (presumably Ganjam, Vizagapatam, Godavery, Kistna, and Nellore), and that of one-fifth of the cost, viz.,

*Proceedings of the Madras Government, Public Department,
27th June 1871.*

No. 228. Read the following letter from the Acting President of the Municipal Commissions in the Vizagapatam District, to the Chief Secretary to Government, Fort St. George, dated Vizagapatam, 24th April 1871, No. 123:—

Referring to G. O., No. 436, dated 31st March last, received on the 12th instant, I have the honour to forward, herewith, the following papers from Vizagapatam, Bimlipatam, Vizianagram, and Palcondah Municipalities:—

- (i.) Estimates of receipts and disbursements marked A, B, and C.
- (ii.) List of Commissioners proposed for the ensuing year 1871-72.

2. It will be observed that the estimates have been made out for eleven months of 1871-72 as directed by Government in paragraph 2 of the Order, and that due provision has been made for the new charges on account of medicines, Primary and Normal Schools, and registration of births and deaths.

3. In the statement attached to the Order of Government, monthly contribution of 50 Rupees towards the pay of the Apothecary at Bimlipatam, sanctioned in G. O., dated 5th September 1864, No. 1011, has not been included, but this is now shown in Statement A for Bimlipatam.

4. The primary school figures have been calculated upon disbursements made from this treasury.

5. In the case of the Normal School, the allotment has been made as follows. The total charge is, as per accounts, Rupees 9,354 per annum to each of the five districts to which it belongs: the proportion would be Rupees 1,871. Of this sum, I have fixed Rupees 871 as payable by the Municipalities, viz:—

	RS.	
Vizagapatam	500	per annum.
Vizianagram	200	do.
Bimlipatam	100	do.
Palcondah	71	do.
Total...	871	

The remaining Rupees 1,000, I would propose, should be debited to local funds.

6. The statistics of registration of births and deaths will be collected by resident registrars, one or more of whom will be appointed for each division of the Municipality to which they belong. The forms of daily registrars will be those now in use in the Government taluqs, with an additional column showing the name of the person registering the birth or death. This seems very necessary to provide a check. The abstract registers will be the same. As far as practicable, the office of registrar will be given to the Moonsiff or Curnum of the Division.

7. In reference to Vaccinators, it is proposed for the Vizagapatam Vaccinators that their work be supervised by the Collectorate Apothecary, the arrangement being one agreeably to the feelings of the people, who object to take their children to the Civil Dispensary for inspection. In Bimlipatam and Vizianagram, it is proposed that the Vaccinators should work under the Apothecary and Dresser in charge of the Dispensaries at those places respectively.

8. The last bye-laws and prosecutions under them will be forwarded hereafter.

*Proceedings of the Madras Government, Public Department,
27th June 1871.*

Rupees 1,871, Rupees 1,000 are payable by local funds in Vizagapatam, and Rupees 871 by the four Municipalities.

6. The Government observe in the first place that the five districts in question are not entirely dependent on the Vizagapatam Normal School for a supply of teachers. There is a Normal Class at Russelconda in Ganjam, and another at Narsapur, and the Nellore District probably depends more on the schools at Madras and Vellore. Further, it has been laid down that, for the present, one-fourth of the cost of existing Normal Schools shall be taken as representing the service rendered by them to primary education, and shall be provided from other than provincial sources.

7. In G. O., 28th April 1871, No. 563, the Government desired the attention of the Director of Public Instruction to the subject of training schools, and it was intimated that the establishment of one school or the adaptation of an existing one in each district would probably meet present requirements. Until, however, the arrangements for carrying out this order are matured, it will be necessary to apportion the one-fourth of the cost of the existing Normal Schools which, during the current year, is to be transferred to local and municipal funds. The Director of Public Instruction is, therefore, requested to submit a statement showing what portion of this one-fourth of the cost of each school should be paid by the Boards of the several Local Fund Circles and the Municipalities, according to the relative extent to which they are benefited as regards primary education.

14. In *Palcondah* it is proposed to raise Rupees 8,084 as detailed in the margin. The Government observe that the expected receipts from trades-tax and cart registration largely exceed the actuals and estimates of past years, and that the estimate of the house-tax is exactly equal to the full annual sum assessed on all houses and realized in 1870. The Government trust that the mistake of estimating for a year of twelve months has not been committed. Round

sums must be entered in future estimates. The Commissioners have provided Rupees 55 for charges for the Pound. This must be struck out. Under the law and the sanctioned arrangements the management of the pounds in Municipalities rests with the Magistrate, who is allowed to hand over the surplus to the Commissioners. The Commissioners propose to expend nearly forty per cent. of their income on roads. The Government note that the Commissioners intend to employ a Native Doctor. They desire to be informed where and how this individual has been trained, and what his duties are to be.

15. The *Palcondah* estimates as modified are passed. The Commissioners for the four towns will be appointed, but the nomination of a Vice-President will be deferred till the reply to G. O., 9th May 1871, No. 609, shall be received. The officer in charge of the division is an ex-officio Commissioner.

orders on the estimates for the four
ties in the Vizagapatam District for

on account of Medicines, Primary & Normal
Schools and Registration of Births & Deaths.

3. In the Statement attached to the
Order of Government, monthly contribu-
tion of 50 Rupees towards the pay of
the Apothecary at Pimlipatam sanc-
tioned in G.O. dated 5 September 1884, has not
been included, but this is now shown in
Statement A for Pimlipatam.

4. The Primary School figures have
been calculated upon disbursements made
from this Treasury.

5. In the case of the Normal School
the allotment has been made as follows.
The total charge is, as per accounts, Rs.
9354 per annum to each of the five
districts to which it belongs the pro-
portion would be Rs. 1871. Of this sum
I have fixed Rs. 871 as payable by the
Municipalities, vizt. Rs.

The remaining Rs. 1000, I would propose
should

should be debited to Local Funds. V 11

6. The Statistics of Registration of
Births & Deaths, will be collected by
Resident Registrars, one or more of whom
will be appointed for each Division of
the Municipality to which they belong.
The forms of daily Registers will be those
now in use in the Government Hospitals
with an additional column, showing
the name of the person registering the
Birth or Death. This seems very necessary
to provide a check. The Abstract Registers
will be the same. As far as practicable
the Office of Registrar, will be given to
the Munsif or Karnam of the Division.

7. In reference to Vaccinators, it is pro-
posed for the Vizagapatam Vaccinators
that their work be supervised by the
Collectorate Apothecary, the arrangement
being one agreeable to the feelings of the
people, who object to take their chil-
dren to the Civil Dispensary for In-
spection. In Pimlipatam & Vizian-

Read the following letter from the

Acting President of the Municipal Commission, Vizagapatam, dated 24th April 1871 N^o 123.

Order thereon 27th June 1871 N^o 927.

With the foregoing letter the Acting President of the Municipal Commission in Vizagapatam submits estimates for the four Municipalities in that District.

of Rs 2000, the Commissioners expect to have at their disposal Rs 25,752.

3. With regard to the house tax which was first levied in 1870 and the yield of which appears to be low, the Government desire to be furnished with a statement showing the classification and rating of the houses in the form called for last year (Circular 20th April 1870 N^o 477). The trades-tax in 1869-70 produced only Rs 674⁰ and the estimate for 1870-71 was Rs 7000. The increase in the present Estimate

estimated that the whole receipts have been allotted for expenditure. The repairs of ferry boats should not have been entered under repairs of buildings. The item is transferred to Miscellaneous. If the Station House at Cottapetta for repairing which Rs 20 are allotted is a Police Station the item should be struck out, as the charge does not now fall on Municipal funds. The President has inserted in each of the estimates now submitted a provision for a

a portion of the cost of
the Vizagapatam Nor-
mal School. He has
assumed that the whole
^{will} ~~costs~~ be distribu-
ted amongst the five
districts concerned (pre-
sumably Ganjam, Viza-
gapatam, Godavery, &
Kistna, and Nellore)
and that of one fifth
of the cost, viz Rs 1,871.
Rs 1,000 ^{are} ~~are~~ payable by
local funds in Viza-
gapatam, and Rs 871 by
the four Municipalities

b. The Govern-
ment observe in the
first place that the
five districts in question
are not entirely dependent
on

71 on the Vizagapatam Nor-
mal School for a supply
of teachers. There is a nor-
mal class at Russelconda
in Ganjam, and another
at Narsapur, and the
Nellore District probably
depends more on the schools
at Madras and Vellore.
Further, it has been laid
down that for the present
one fourth of the cost of
existing Normal schools
shall be taken as repre-
senting the ^{service rendered by} benefit of
to primary Education and
shall be provided from
other than provincial
sources.

J. In G.O. 28th April
1871

1871 N. 562, the Government
 desired the attention of the
 Director of Public Instruction
 to the subject of training
 schools, and it was inti-
 mated that the establish-
 ment of one school or the
 adaptation of an existing
 one in each district would
 probably meet present require-
 ments. Until, however, the
 arrangements for carrying
 out this order are matured,
 it will be necessary to
 apportion the one fourth
 of the cost of the existing
 Normal schools, which, dur-
 ing the current year, is
 to be transferred to local
 and municipal funds.
 The

23 The Director of Public In-
 struction is therefore re-
 quired to submit a statement
 showing what portion of
 this ^{one} fourth of the cost of
 each school should be
 paid by the boards of
 the several local fund
 circles and the Muni-
 cipalities, according to the
 relative extent to which
 they are benefited as re-
 gards primary Education.
 This should be submitted
 without delay for com-
 munication to the au-
 thorities concerned.
 Meanwhile the proposed
 allotments by the Mu-
 nicipalities in the Vic-

g. Vizianagaram district will be passed.

The Office and sundry charges are very heavy, but the other items in the Vizianagaram Estimates do not call for remark. The Estimates are passed.

g. Vizianagaram.—The Commissioners of this Municipality anticipate a payment by Government, in adjustment of the accounts of 1870-1, of Rs 117-8-0; including which their assets will be Rs 12,912.

The President will in future see that every work is entered. The Commissioners have provided Rs 826 for the dispensary, which it is stated includes a sum of Rs 50 per annum paid to Hospital Committee in J.O. 5 Sep 1864 towards the salary of the medical subordinate in charge. that the mistake of anticipa-
 ting ~~from~~ year of twelve
 months has not been
 committed. Round sums
 must be entered in future
 Estimates. The Commis-
 sioners have provided
 Rs 55 for charges for the
 Pound. This must be
 struck out. Under the
 law & the
 sanctioned arrangements
 the management of the
 pounds in municipali-
 ties rests with the magi-
 strate, who is allowed to
 hand over the surplus to the
 Commissioners. The Com-
 missioners propose to
 expend nearly 40 per cent
 of their income on roads.
 The Government note
 that the Commissioners
 intend

intend to employ a native doctor. They desire to be informed where and how this individual has been trained and what his duties are to be.

The Paleonda estimates as modified are passed.

The Commissioners for the four towns will be appointed, but the nomination of a Vice President will be deferred till the reply to G.O. 9 May 1871 N: 609 shall be received.

The officer in charge of the division is an ex-officio commissioner.
