*Proceedings of the Madras Government, Public Department,
23rd January 1871.*

Read the following papers :—

No. 83. From the Inspector-General, Indian Medical Department, to the Chief Secretary to Government, Fort Saint George, dated Fort Saint George, 13th December 1870, No. 306.

I have the honour to submit, for the favourable consideration of Government, the request of the Superintendent-General of Vaccination, for the temporary addition of twelve vaccinators to his establishment.

2. The necessity for this requisition has arisen from Dr. Shortt having, at the request of the Acting Collector, consequent on a severe outbreak of small-pox in the district, sent nine vaccinators as an addition to the ordinary staff into South Canara.

3. Dr. Shortt further explains that these nine have been withdrawn from Salem, Coimbatore, and Malabar, and that, as the vaccinators do not now work in a body in each Collectorate, but are posted singly in taluqs, at the suggestion of the Collectors, the taluqs from which they have been removed will be temporarily deprived of the benefits of vaccination, there being no supernumeraries to take their place. He, therefore, trusts that a temporary addition of twelve will be sanctioned.

4. The letters from the Officiating Collector of South Canara and the Superintendent-General of Vaccination are attached for ready reference.

Referred to the Accountant-General for report, whether there are any savings under "Medical Services" to meet the charge for twelve vaccinators proposed to be employed temporarily.

FORT SAINT GEORGE,
21st December 1870.
