*Proceedings of the Madras Government, Public Department,*  
1st July 1871.

Read the following papers :—

No. 4. From the President of the Municipal Commission, Tellicherry, to the Acting Chief Secretary to Government, Fort St. George, dated Palghaut, 16th May 1871, No. 1-B.

I have the honour to forward estimates of sums proposed to be raised and expended in the Municipality of Tellicherry during the year ending 31st March 1872, together with a list of Commissioners for appointment.

2. I recommend that Mr. J. Cameron, the Acting Sub-Collector, be appointed as Vice-President of the Municipality.

3. Government will perceive that the Commissioners have included tolls in the estimate of their probable receipts for the year—a source of taxation not hitherto resorted to in this Municipality.

4. There are tolls belonging to the local funds on two bridges adjoining the municipal limits, and it will be necessary to provide that the Municipality do not place new tolls on these two roads. A portion of the proceeds, however, might be assigned to them from the local funds, say one-fourth. The local fund would thus retain all the tolls on traffic outward, and half on traffic inward. The Municipality would levy half the full rate on the other roads. Unless this is allowed, I confess I see no way of providing for the increased charges. Hitherto the Tellicherry Municipality has been so heavily charged for Police that their action in the direction of works of conservancy has been completely paralyzed.

5. The Commissioners are of opinion that the vaccinator entertained by the Municipality should work under their orders.

6. Provision has been made for the registration of births and deaths, and parties will be required to furnish the information to the registrar.

No. 5. From the President of the Municipal Commission, Tellicherry, to the Acting Chief Secretary to Government, Fort St. George, dated Calicut, 23rd May 1871, No. 16.

I have the honour to forward a revised list showing the names of persons to be appointed as Commissioners for the Tellicherry Municipality, during the year ending 31st March 1872, to be substituted for the one already submitted with my letter, dated 16th May 1871, No. 1-B.

No. 6. ORDER THEREON, 1st July 1871, No. 951.

The estimated receipts of the Municipality of Tellicherry for 1871-72 amount to Rupees 17,725 as shown in the margin. The Commissioners expect to receive Rupees 3,300 from Government on account of State contribution in arrears. The Government are glad to see that the arrears of taxes outstanding are now inconsiderable. The percentage adopted for the house-rate appears to have been increased though nothing is said on this point, for the current demand (for eleven months) largely exceeds the demand assessed in 1869-70. Rupees 4,465.

*Proceedings of the Madras Government, Public Department.*  
1st July 1871.

2. The Commissioners propose to introduce municipal tolls—a source of revenue which they have hitherto not availed themselves of. The President points out that two of the roads into the town are now tolled for local funds, at bridges adjoining the municipal limits, and that the Municipality must not place new tolls on these roads. He suggests that one-fourth of the proceeds should be made over to the Municipality which would thus get half the toll on traffic inwards and none of that on outward traffic. Nothing is said as to the rates either of the local fund toll, nor of the proposed municipal toll.

3. The President's suggestion is approved as a temporary arrangement, pending the settlement of the local fund tolls question; and, subject to its adoption by the Commissioners, the levy of tolls at half the maximum rates provided in Act III. of 1871 is sanctioned. The adjustment proposed is a convenient one, though, perhaps, too favourable to the Municipality, as the Commissioners will get one-fourth of the toll on through traffic passing outwards, which will have already paid them toll on its entrance. On the other hand, the toll on traffic inwards may exceed that on traffic outwards which would operate the other way. The local fund loses one-fourth of the toll under the proposed arrangement.

| 4. The Commissioners have allotted for expenditure Rupees 17,225, and retained Rupees 500 as reserve. The allotment for educational purposes seems very large, and the Government are of opinion that, for the present at least, the Commissioners should confine their aid to vernacular education. They will have to contract their expenditure in 1872-73, as they have to rely on receiving in the current year a large sum from Government as arrears of contribution—an item of receipt which will not hereafter accrue. Also, the Government doubt whether the town of Tellicherry requires so many as fifteen primary schools. They must be small ones, and the Commissioners will probably find it both economical and conducive to efficiency to amalgamate some of them and organize four or five good schools. |       |        |

5. The whole charges of the dispensary have been provided and credit taken for equivalent receipts from interest, &c. The quota which the Commissioners had to provide for medical attendance and medicines was Rupees 600, but they have entered Rupees 1,500 in both sides of the estimate. The receipts and charges were nearly double that sum according to the most recent published report; but, as the local funds must pay part of the expense, the municipal allotment will probably suffice. The President states that the Commissioners pay a vaccinator, but his pay does not appear in the estimate.

6. The estimates are passed. The proposed Commissioners will be appointed; and, with reference to the President's letter dated 26th May last, the Commissioners are authorized, under Section 10, to elect their Vice-President.

 4 " " "  
 1 " at 9 " " "

no expenditure under the head "Repairs" seems to be somewhat unusual when compared with that of the previous year whilst much remains still to be done yet on that score. In conclusion I have much pleasure to say that I have been highly satisfied with the neat and careful way in which the accounts and books of the Office are kept and I cannot close this Report without expressing my thanks to the Head and other Clerks of the Establishment for the kind and ready assistance rendered by them in the execution of my task.

ORDER THEREON, June 1871

Under the provisions of Section 34, Act ~~X~~ of 1864 (the Towns' Improvement Act), the Governor in Council authorizes the Municipal Commissioners for the town of *Tellicherry* in the *Kulabar* District, to levy during the year beginning 1st May 1871, and ending 30th April 1872.

A rate not exceeding ~~per cent~~ on houses, buildings, and lands, according to the annual value thereof.

A tax upon arts, professions, trades, and callings.

Tolls on carriages, carts, and animals entering the Municipal limits.

Taxes on carriages, horses, and other animals as described in Schedule C. to the above Act annexed.

Fees on the registration of carts.

The President of the Municipal Commission in,

Public Department.

PROCEEDINGS of the MARDAS GOVERNMENT.

Read the following letter from

the President of the Municipal Commission of Tellicherry dated 16<sup>th</sup> and 23<sup>rd</sup> May 1871 Nos 13. and 16.

Order thereon. 1<sup>st</sup> July 1871 No 951.

The estimated re-

Current  
House & Land rate — 5,300  
Tax on carts, Traders & — 2,200  
Tolls — 2,400  
Tax on Carriages &c — 550  
Registration of carts — 20  
License fees — 150  
10,620

Arrears  
House rate — 455  
State contribution 3,300 3,755

Miscellaneous  
Fines &c — 1,450  
Dispensary — 1,500 2,950  
Balance — 400  
17,725

ceipts of the Municipality of Tellicherry for 1871-72 amount to Rupees 17,725 as shown in the margin.

The Commissioners expect to receive Rupees 3,300 from Government on account of state contribution in arrears. The Government are glad to see that the

the arrears of taxes outstanding, are now inconsiderable. The percentage adopted for the house rate appears to have been increased though nothing is said on this point; for the current demand (for 11 months) largely exceeds the demand assessed in 1864-70, viz. £4465.

2. The Commissioners propose to introduce Municipal tolls—a source of revenue which they have hitherto not availed themselves of. The President points out that two of the roads into the

the town are now tolled for local funds, at bridges adjoining the municipal limits, and that the municipality must not place new tolls on these roads. He suggests that one-fourth of the proceeds should be made over to the Municipality, which would thus get half the toll on traffic inwards and none of that on outward traffic. Nothing is said as to the rates either of the local funds toll or of the proposed municipal toll.

3. The President's suggestion is opposed as

a

a temporary arrange-  
ment, pending the  
settlement of the local  
fund tolls question, &  
subject to its adoption  
by the Commissioners,  
the levy of tolls at half  
the maximum rates  
provided in Act III of  
1871 is sanctioned. The  
adjustment proposed  
is a convenient one, though  
perhaps too favorable  
to the Municipality;  
the Municipality will get  $\frac{1}{4}$  of toll  
on through traffic pas-  
sing outwards, which  
will have already paid  
their toll on its en-  
trance on the  
other

other hand the toll  
on traffic inwards  
may exceed that on  
traffic outwards which  
would operate the other  
way. The local fund  
loses one-fourth of the  
toll, under the proposed arrangement.

4. The Commissioners  
have allotted for ex-  
penditure Rs. 17,225,  
and retained Rs 500  
as reserve. The allot-  
ment for educational  
purposes sums very  
large and the Govern-  
ment are of opinion  
that for the present  
at least the Com-  
missioners should  
confer

~~Sanfine~~ their aid to  
Vernacular Education.  
They will have to con-  
tract their expenditure  
for 1872-73, as they ~~or~~  
have to rely on receiving  
<sup>in the current year</sup>  
a large sum from Gov.

~~The Government~~ as arrears  
~~of receipts~~ which will not hereafter accrue  
of contribution. Also  
the Government doubt  
whether the ~~number~~  
town of Tellicherry  
requires so many  
as 15 primary schools.  
They must be small  
ones, & the Commis-  
sioners will <sup>probably</sup> find it both  
economical & conducive  
to efficiency to  
amalgamate

amalgamate some of  
them and organize four  
or five good schools.  
5- The whole charges  
! the dispensary have  
been provided and credit  
taken for equivalent  
receipts from interest &c.  
The quota which the  
Commissioners had  
to provide for medical  
attendance and me-  
dicines was Rs 600,  
but they have entered  
Rupees 1,500 in both  
sides of the estimate.  
The receipts and charges  
were nearly double  
that sum according  
to the most recent  
published.

published report but as  
the local funds must  
pay part of the expense,  
the municipal allotment  
will probably suffice.

~~\_\_\_\_\_~~

Commissioners pay a vacan-  
-ation but his pay does  
not appear in the estimate.  
The estimates are passed.  
The proposed Commissioners  
will be appointed, and with  
reference to the President's  
letter of 16<sup>th</sup> May last the  
Comrs are authorized under  
Sec 10 to elect their Vice  
President.
