Sir - I have the honour to request the favour of your addressing the Government of India on my behalf in the following matter.

In consideration of my labours in the cause of Anthropology in this Presidency and especially in the District District, The Secretary of State for India has been so good as to present me with certain very valuable works on subjects which he thought would be of use to me in prosecuting my studies, sending them to me from time to time, while I was in India, — and (adding to what he had formerly presented me with) ^{many others} a number of such works last year when on leave in England. The Government of Madras has likewise assisted me greatly by supplying me with several of the District

Mammals -

Amongst other works of great value which I am specially anxious to obtain are some which the Secretary of State was unable to supply me with, owing to his having no more copies available for presentation in England; and I was recommended at the India Office to apply direct to the Government of India, under whose auspices they were published, for copies. Those that I am specially anxious to obtain are the following;—

Genl. Cunningham's "Archaeological Reports" Vols VII, VIII, IX, X. (The Secretary of State presented me with Vols I to VI inclusive, but could not complete the set.)

Rajendra Lal Mitra's "Crissal" in 2 volumes. I was informed at the India Office that I should have been supplied with them had any copies been available there, but there were none.

And, with the Government of Madras favour me so far as to present me with the District Mammals not already supplied to me. I enclose a list separately drawn up.

I need hardly say that I should be very grateful if my request can be granted.

I have the honor to be
 Sir
 your most obedient servant
R. Newell
 Madras Civil Servant
 Assistant Collector.
