The Honorable R. Davidson C. S. I.

Chief Secretary to Government,
Marine Department,
Fort Saint George.

SIR,

I have the honor to bring to the notice of Government that the Port officer, Buchanan, had complained of the great difficulty he experienced in obtaining a clerk with sufficient qualifications for the Meteorological report work, as sanctioned in G. O. No. 64, dated February 2, 1881, but at last, he succeeded in securing the services of an individual named C. Spence, who is reported to have held temporary appointments in the P. W. Department, Bombay, for a period of about 8 years. He renders every satisfaction in the discharge of his duties, and is the best man obtainable for the appointment. A difficulty has, however, arisen from his being declared, in the Medical Certificate, he is required to produce on first entertainment unfit for Government service through defective vision. The Port officer, under whose personal observation

See Medical Certificate from Acting Civil Surgeon

observation the man works, states that he does not consider his sight so bad as to interfere with the duties required of him, and as he is unable to get another man competent for the post, he is at a loss what he is to manage to carry on the duties. He therefore strongly recommends that the Government be moved to dispense with the production of the Certificate required, in accordance with clause 2 of rule 2 of section 102 of the Civil Pension Code, 5th Edition, and I accordingly submit that the Government will be pleased to take the case into favourable consideration, granting the exemption applied for.
