Deposition given on solemn affirmation
by Prayami Bouda Bouda on the
1st January 1871

I am an inhabitant of Bellanda
Tenampett on the 3d day of March
- Cam back at about 3 o'clock P.M.
while I was engaged in answering
the calls of nature in the plantain
garden of a certain Brahmin in
Bellanda Tenampett, one Prayami
wife of Brotha, at a distance where
living in tiled house in the garden
Came in front of me at a distance
of 25 ft. dug the earth with an imple-
ment, called Pare Kutcheri hook
then from the earth was brought
of copper and resembling Deekach.
The Deekach was lying as a small
piece of metal. While she was going
to her house taking the Deekach
by covering it with the cloth which
she was wearing on her person,

I ran to her and met her at door
of her house. She went into her. In
the meantime I caught hold of
the "Diksha" which she was carrying.
I then saw star Pagodas & "Puravahan"
full of the "Diksha". The star Pagodas
were made of gold. They were in size
of double anna pieces. On the one side
of the coin there were something like
dots and on the other side there was
a figure resembling a man. I then
asked Vengammal & where was the
Coins or Star Pagodas found by her.
She promised me to give a share
in the treasure & enable me to build
a Temple and so on. To that effect
by striking on my head with her hand.
Some time after this, I went again
to Vengammal and asked her for the
promised share in the treasure. She
even then promised to give me a
share. On the following day when I
went to her and demanded her for the
promised share, she came & beat
me

5/31
with a ~~hammer~~ ~~and~~ ~~beat~~ me &
denied every knowledge of the
matter. Thereupon I informed the
whole circumstance to my neighbor
and others. (By the Dr. Collector) I in-
formed ^{the} circumstance to a Police
Constable at Enampett & some
days ago I once informed this circum-
stance earlier to the Police with a
hope that Vengammal would give
me a share in the treasure. I
cannot say even on approxima-
tion how many Pagodas was the
Diksha ^{Consisting or containing} ~~was full of~~
I know well that the Diksha was
full of star Pagodas, I put my hand
into the vessel & took some of the
Pagodas with my fingers. I threw
the Pagodas again into the vessel
(Diksha). I do not know whether
the vessel had any cover over it
when it was being buried in the earth.
I saw the place where the Diksha
Vengammal discovered the vessel
& found there a hole in the earth.

The hole was as deep as a cubit
 and diameter was about $1\frac{1}{2}$ spans.
 I never informed this circumstance on
 the first day to the husband of the
 woman. He told me on the following
 day that he will positively get me
 a share in the treasure. He wants
 me to build a pagoda. He even
 Moonesamy Goomy was present.
 Vengamach nemethu was also
 out the earth (the school, in this
 were plantain trees in between.

Letter No 2.

From

The Dy. Deputy Collector
of Madras

To
The Dy. Collector of
Madras

Sir,

With reference to your letter
dated 24th March 1887, No 36, dated 14th April 1887.
They to submit a deposition
taken by me from the witnesses
in the Treasure from C.A. referred
to me for preliminary enquiry and
report. The evidence of the first
witness is very important. He de-
poses to his having seen actually
accused removing a copper vessel
dug out from the earth and to his
having caught hold of the vessel
and found therein full of silver
pagodas. He further states that the
accused promised him at the time
to give him a share in the Treasure.
I am

Trove but deceived him ultimately.
The second Witness is a young child
of female sex. She simply states
that the accused removed a certain
vessel which she dug out from the
earth. The fourth Witness's evidence
supports the statement of 1st Wit-
ness that the accused promised
to give him a share in the Treasure
Trove. The evidence of the other
Witnesses go to prove that the ac-
cused had sold 3 star pagodas
to 6th Witness and that the latter
sold them then and there to 8th
Witness in the presence of the
accused. In my opinion this is
a prima facie case for the pro-
secution.

2. I never examined the ac-
cused as stated already in my
letter, dated 19th 1881, dated 18th 1881 by
reason that I was directed to
enquire into the case. Confiden-
tially. I had no time to examine
the Witnesses produced before
me by the Police Inspector Mr. Brown.
A sub-inspector for a day, and
a

a Head Constable throughout the
enquiry were present conducting
the prosecution. The accused
Vengannickarabau will have to be
examined to close the case.

3. The star pagoda received
with your endorsement under re-
ply is herewith returned.

Madras

Sir,
In reply to your letter

of yesterday's date Extra No 2, I have
the honor to observe that your
enquiries were only intended for
preliminary and confidential and
you were of course quite right
in not taking any statement from
the party suspected.

2 I agree with you
in considering that a prima facie
case under Section 20, Act VI
of 1878 has been made out and
request that you will at once
take proceedings before the Magis-
trate having jurisdiction, putting
in with your complaint - a bill
of the intruder - and applying for
a search warrant, to secure the
treasure from being fraudulently
misappropriated meantime should
the Police be able to give you
any information as to its probable
present whereabouts.

You

3 You should make the
application at once; but I have
also reported the matter to the
Board of Revenue, in case it is
considered necessary to have
legal assistance in conducting
the prosecution.

4 The owner of the house
has deputed Mr. James Pithers
Agent of the High Court to watch
his interests in the matter and does
not object to his being informed
of what has passed hitherto.

I remain

No 25

Submitted to the Board
of Revenue for information
and approval together with
copy of the original information
laid

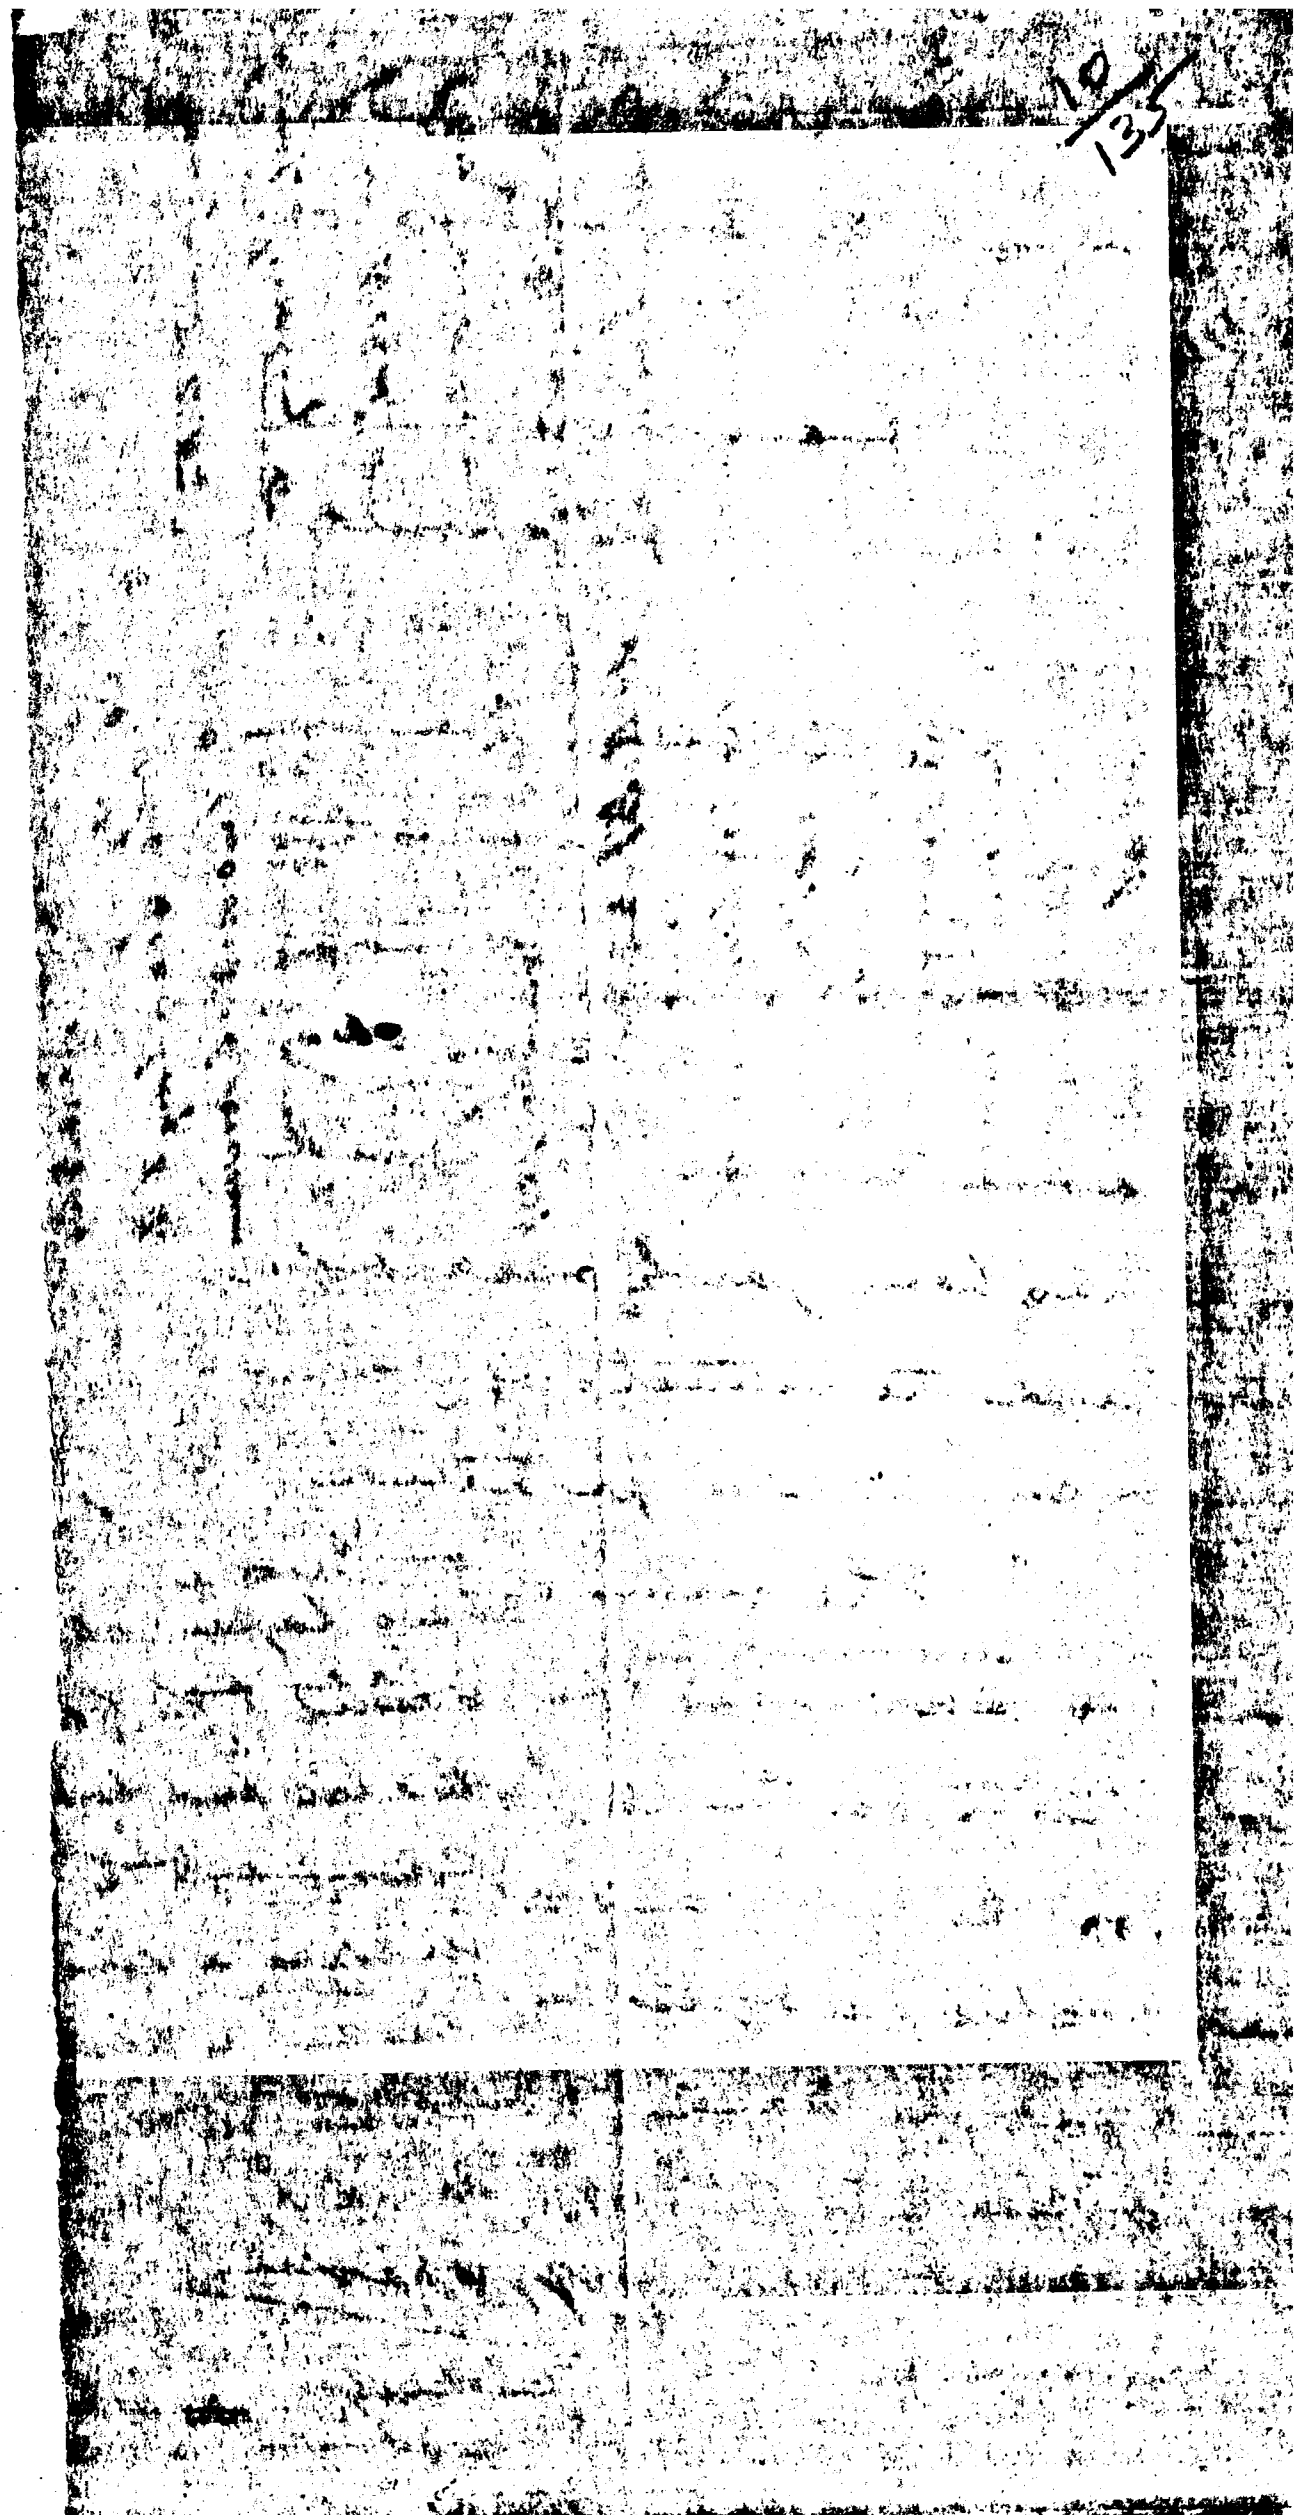

laith by the Police Inspector under
orders from the Commissioners of
Police.

2 Orders are solicited
as to whether a Vakil should be
retained.

3 The Account given by
the man Poozanne Balamootoo
is not in the Collector's opinion
the real truth, but it seems clear
that some treasure was found,
and has been partly misappropri-
ated and the interests of Govern-
ment should be protected.

4 The value of the "treasure
found" is ~~announced~~ ^{estimated} to be a lac,
but a tenth of this is probably
nearest the mark, and above the
real value, judging by the state-
ments of the said Balamootoo,
Copy of which is enclosed.
