This Officer suffered from an ulcer on the index
 finger of the left hand, caused by an injury
 sustained during the delivery of a female in
 the month of June last, the infant being then
 in a semi-decomposed condition. The ulcer on
 the index finger commenced, by appearing as
 a black spot, which, after some days, threw
 out a yellowish looking slough, the ulcer
 taking 3 weeks to heal.

Similar spots appeared on the lower half
 of the left leg, on its outer surface, in
 about 10 days after the appearance of
 the spot on the index finger; the spots on
 the leg, following the same course as
 the one on the index finger, i.e. by throwing
 out yellowish looking slough. The ulcer

sharply increased in size, occasionally showing
a tendency to heal. There are now sores
ranging from the size of a 2 Anna piece
to that of a Rupee. The ulcers are irritable,
with irregular thickened margins, & a
general irritability of the surrounding skin.
A few black spots are now visible, about
an inch from these ulcers. There has been a
good deal of pain & a contraction of the limb
experienced, on endeavouring to move the leg
about. The ulcers are now 5 months in
existence. Two black spots also appeared on
the left thigh, which subsequently aborted.

Treatment, Alteratives, Iodine, Sedatives.
Carbolic oil application. Cataplasms.
Rest with recumbent position &c.

As recovery has not taken place I beg to
append the following Certificate.

I Stephen Chalko, Apothecary, Kurnool
Collectorate, do hereby Certify that Surgeon H. B. King,
Civil Surgeon Kurnool, is in a bad state of health.
& I solemnly & sincerely declare, that according
to the best of my judgment, a change of air is
essentially necessary to his recovery, & therefore
recommend that he may be permitted to proceed
to Madras for a period of one month.
