

It is of course to only published
once a year, and as it is desirable that all
important officers should have it at hand for
reference, Government will perhaps not object
to 250 copies, as was done with the Civil
List.

I would also beg to be informed whether
the Government desire that all the Ministerial
appointments from which each Gazette'd officer
receives his higher rank should be inserted in
this list.

On account of the very heavy work which
is entailed by the expansion of the Civil List
to its present form, I have hitherto been unable
to check the services of Comma'ded Civilians
as they were published in the *Lancaster & York
Press & Almanac*.

I am now, however, prepared to publish
the whole thoroughly verified by the middle
of March next.

I have the honor to be

Sir

Yours obedient servant

Sir,

With reference to G.O. Public Depart-
ment No 930 dated the 12 of June 1879, I have
the honor to report that, in accordance with
the instructions therein contained, I addressed
the Superintendent, Lawrence & Whymmer
Press, asking him whether he was ready to
undertake the work of publishing the History
of Services of the Gazetted Officers serving in
all the Civil Departments, and if so, on what
terms -

2. He answered that he was willing to
do so on the same terms as for the Quarterly
Civil List.

3. The Government at present take 235
copies of the Civil List, and I am not sure
whether they will be willing to take the same
number of copies of the History of Services.
